The Shakespeare Multiverse Valerie M. Fazel, Louise Geddes, 2021-11-29 The Shakespeare Multiverse Fandom as Literary Praxis argues that fandom offers new models for a twenty first century reading practice that embraces affective pleasure and subjective self positioning as a means of understanding a text Part critical study part source book The Shakespeare Multiverse suggests that fannish contributions to the ongoing expansion of the object that we call Shakespeare is best imagined as a multiverse encompassing different worlds that consolidate the various perspectives that different fans bring to Shakespeare Our concept of the multiverse redefines Shakespeare not as a singular body of work but as space where a process of inquiry and cultural memory memories in the making and those already made is influenced and shaped by the technologies available to the reader Characteristic of fandom is an intertextual reading strategy that we term cyborg reading an approach that accommodates the varied elements of identity politics culture sexuality and race that shape the ways that Shakespeare is explored and appropriated throughout fannish reading communities The Shakespeare Multiverse intersects literary theory fan studies and popular culture as it traverses Shakespeare fandom from the 1623 Folio to the age of the Internet exploring the different textures of fan affect from those who firmly uphold fidelity to the text to those who sit on the very edge of the fandom threatening to cross over into Shakespearean anti fandom By recognizing the literary value of fandom The Shakespeare Multiverse offers a new approach to literary criticism that challenges the limits of hegemonic authority and recognizes the value of a joyfully speculative critical praxis **Translation and Paratexts**

Kathryn Batchelor, 2018-05-16 As the thresholds through which readers and viewers access texts paratexts have already sparked important scholarship in literary theory digital studies and media studies Translation and Paratexts explores the

relevance of paratexts for translation studies and provides a framework for further research Writing in three parts Kathryn Batchelor first offers a critical overview of recent scholarship and in the second part introduces three original case studies to demonstrate the importance of paratextual theory Batchelor interrogates English versions of Nietzsche Chinese editions of Western translation theory and examples of subtitled drama in the UK before concluding with a final part outlining a theory of paratextuality for translation research addressing questions of terminology and methodology Translation and Paratexts is essential reading for students and researchers in translation studies interpreting studies and literary translation

Producing Ovid's 'Metamorphoses' in the Early Modern Low Countries John Tholen, 2021-08-30 Printers in the early modern Low Countries produced no fewer than 152 editions of Ovid's *Metamorphoses* John Tholen investigates what these editions can tell us about the early modern application of the popular ancient text Analysis of paratexts shows for example how editors and commentators guide readers to Ovid's potentially subversive contents Paratextual infrastructures intended to create commercial credibility but simultaneously were a response to criticism of reading the *Metamorphoses* This book combines two often separated fields of research book history and reception studies It provides a compelling case study of how investigation into the material contexts of ancient texts sheds new light on early modern receptions of antiquity

Theories of Informetrics and Scholarly Communication Cassidy R. Sugimoto, 2016-02-22 Scientometrics have become an essential element in the practice and evaluation of science and research including both the evaluation of individuals and national assessment exercises Yet researchers and practitioners in this field have lacked clear theories to guide their work As early as 1981 then doctoral student Blaise Cronin published *The need for a theory of citing* a call to arms for the fledgling scientometric community to produce foundational theories upon which the work of the field could be based More than three decades later the time has come to reach out the field again and ask how they have responded to this call This book compiles the foundational theories that guide informetrics and scholarly communication research It is a much needed compilation by leading scholars in the field that gathers together the theories that guide our understanding of authorship citing and impact

Sounding Emerging Media Claire Fitch, 2022-04-19 *Sounding Emerging Media* details a practice based approach to sonic art and electroacoustic composition drawing on methodologies inspired by the production of electronic literature and game development Using the structural concepts identified by Gilles Deleuze and Félix Guattari the book is based around ideas related to labels such as Assemblage Strata Smooth and Striated Space Temporal Space and The Fold The processes employed to undertake this research involved the creation of original texts the development of frameworks for improvisation the use of recordings within the process and implementation of techniques drawn from the practices of electroacoustic composition and the use of ideas borrowed from electronic literature publishing and game development The results have helped to shape a compositional style which draws on these processes individually or collectively drawing on practice often seen in game development visual scores and composition using techniques found in electroacoustic music Providing a

journey through the landscape of emerging digital media Sounding Emerging Media envisages a world where the composer user listener all become part of a continuum of collective artistry This book is the ideal guide to the history and creation of audio for innovative digital media formats and represents crucial reading for both students and practitioners from aspiring composers to experienced professionals

From Scrolls to Scrolling Bradford A. Anderson, 2020-06-22 Throughout history the study of sacred texts has focused almost exclusively on the content and meaning of these writings Such a focus obscures the fact that sacred texts are always embodied in particular material forms from ancient scrolls to contemporary electronic devices Using the digital turn as a starting point this volume highlights material dimensions of the sacred texts of Judaism Christianity and Islam The essays in this collection investigate how material aspects have shaped the production and use of these texts within and between the traditions of Judaism Christianity and Islam from antiquity to the present day Contributors also reflect on the implications of transitions between varied material forms and media cultures Taken together the essays suggests that materiality is significant for the academic study of sacred texts as well as for reflection on developments within and between these religious traditions This volume offers insightful analysis on key issues related to the materiality of sacred texts in the traditions of Judaism Christianity and Islam while also highlighting the significance of transitions between various material forms including the current shift to digital culture

(Not) In the Game Regina Seiwald, Edwin Vollans, 2023-08-21 How do games represent history and how do we make sense of the history of games The industry regularly uses history to sell products while processes of creation and of promotion leave behind markers of a game's history The access to this history is often granted by so called paratexts which are accompanying elements orbiting texts Exploring this fully case studies in this work move the focus of debate from the games themselves to wider ancillary materials and ask how history is used in and how we can use history to study games

Early Modern Translation and the Digital Humanities Hilary Brown, Regina Toepfer, Jörg Wesche, 2025-07-02 This open access volume explores how digital resources and methods can be usefully employed for research on early modern translation The volume focuses mainly on digital resources and features a number of chapters on translation specific resources written by members of the teams leading the projects The resources presented here encompass translations into and or out of Greek Latin the European vernaculars and Jewish languages Hebrew Yiddish Ladino and Judeo Italian and different corpora including plays encyclopedias and radical texts While the use of digital methods to analyse early modern translations is still in its early stages the volume also considers how methods such as data visualisation could shed new light on translation phenomena

Sameness and Repetition in Contemporary Media Culture Susana Tosca, 2023-08-02 The ebook edition of this title is Open Access and freely available to read online Our culture has an uneasy relationship with repetition and sameness On the one hand we find familiarity pleasurable and soothing on the other we crave novelty and long for a sense of discovery We blame algorithms intent on selling us more of the same and on a media industry too greedy to risk investing in intellectually

challenging radically new products Sameness and Repetition in Contemporary Media Culture takes a comprehensive approach that both theorises and historically grounds the idea of repetition in relation to media as something that is deeply embedded in our cultural tradition This project received funding from the Carlsberg Foundation

The Oxford Handbook of Law and Humanities Simon Stern, Maksymilian Del Mar, Bernadette Meyler, 2020 How might law matter to the humanities How might the humanities matter to law In its approach to both of these questions The Oxford Handbook of Law and Humanities shows how rich a resource the law is for humanistic study as well as how and why the humanities are vital for understanding law Tackling questions of method key themes and concepts and a variety of genres and areas of the law this collection of essays by leading scholars from a variety of disciplines illuminates new questions and articulates an exciting new agenda for scholarship in law and humanities

The Dynamics of Text and Framing Phenomena Matti Peikola, Birte Bös, 2020-11-15 This volume explores the complex relations of texts and their contextualising elements drawing particularly on the notions of paratext metadiscourse and framing It aims at developing a more comprehensive historical understanding of these phenomena covering a wide time span from Old English to the 20th century in a range of historical genres and contexts of text production mediation and consumption However more fundamentally it also seeks to expand our conception of text and the communicative spaces surrounding them and probe the explanatory potential of the concepts under investigation Though essentially rooted in historical linguistics and philology the twelve contributions of this volume are also open to insights from other disciplines such as medieval manuscript studies and bibliography but also information studies marketing studies and even digital electronics and thus tackle opportunities and challenges in researching the dynamics of text and framing phenomena in a historical perspective
