fueled by it In Addiction Nation King investigates the ways that addiction robs us of freedom and holds us back from being fully human Through stories theology philosophy and cultural analysis King examines today s most common addictions and their destructive consequences In stark yet intimate prose he looks not only at the rise of opioid abuse but at policy pain virtue and habit He also unpacks research showing patterns of addiction to technology stress and even political partisanship Addiction of any kind dims the image of God and corrupts who we were created to be Addiction Nation nudges us toward healing from the ravages of addiction and draws us toward a spirituality sturdy enough to sate our deepest longings Hope in Addiction Andy Partington, 2023-04-04 London's suburbs Latin America's megacities West Africa's villages China's skyscrapers North America's homes Addiction is a worldwide and at home epidemic A powerful look at the gospel for the addicted Hope in Addiction helps us think about what it means to be the Church in light of this growing and heartbreaking epidemic How did we get here And how can we find freedom from addiction This book is not just about drug or alcohol abuse It s about gambling addictions porn dependencies workaholism and internet addictions It s a book about how slaves to addiction become children of the Living God and family in the community of God Wherever they are Whatever has enslaved them With clarity and compassion Andy Partington brings together personal stories compelling research and frontline ministry experience This book is for Christian leaders influencers counselors and educators For the friends and family of those gripped by addiction And for those who themselves battle addiction This book is for all of us There is hope in addiction Drug Abuse Arthur Gillard, 2013-06-21 This volume presents Hope for freedom Hope for wholeness Hope for eternity readings from a variety of perspectives that allow readers to better understand and navigate the topic of drug abuse Both conservative and liberal points of view are provided in an even balance Readers will evaluate drug abuse causes the impact of the war on drugs the effectiveness of rehabilitation programs and whether drugs should be legalized They will learn about varying methods of preventing drug abuse Stellar sources include Dr Harold Koplewicz The Economist Northbound Academy John Stossel Genevieve Pham Kanter and Jane Bianchi Addiction Therapy and Treatment Larry Fritzlan, LMFT, Avis Rumney, LMFT,2023-01-17 Addiction is a national mental and medical health crisis responsible for untold costs to society and severe suffering to innumerable people Yet addiction treatment as it is now practiced fails half the time The current treatment approach has changed little in the last 80 years and is a hodgepodge of often shady treatment approaches This book presents a radically different addiction treatment paradigm based on science evidence and best practices and has a success rate approaching 100% when followed closely This model should profoundly upend the current addiction treatment industry Nearly every addict lives in a social system a family workplace or community that enables and supports often unconsciously the addict s addiction Instead of the current addict focused approach this model extends treatment to the entire support system starting treatment with the concerned family members This model also proposes a single provider the family recovery therapist who manages treatment for the addict and the family from the first phone call through the first year

of continuous sobriety This book offers simple recommendations to both addiction treatment providers and family members impacted by this disease It serves as a beacon of hope for families The Alchemy of Addiction Stephen J.
