National Live Stock Journal ,1884 Teaching English Yogendra Butt,2024-12-15 Teaching English Linguistics and Literature Combined explores the inextricable link between literature and language Despite being treated as separate subjects in traditional Nigerian secondary schools literature and English are deeply interconnected This book highlights the need to merge these disciplines to enhance students understanding and proficiency We examine how literary teachers often focus on the socio cultural economic and religious meanings of texts while linguistic elements receive less attention This imbalance can lead to students excelling in literary analysis but struggling with English language skills Our book argues for a symbiotic relationship between literature and language suggesting integrated teaching approaches to improve education and learning outcomes Through practical suggestions we aim to address the poor academic performance observed at secondary and tertiary levels in Nigeria By fostering a comprehensive understanding of both literature and language students can achieve greater proficiency and success The Secret World Hugh Trevor-Roper,2014-10-30 During World War II Britain enjoyed spectacular success in the secret war between hostile intelligence services enabling a substantial and successful expansion of British counter espionage which continued to grow in the Cold War era Hugh Trevor Roper s experiences working in the Secret Intelligence Service MI6 during the war left a profound impression on him and he later observed the world of intelligence with particular discernment To Trevor Roper who was always interested in the historical dimension of the present and was fully alive to the historical significance of the era in which he lived the subjects of wartime intelligence
