TEST SPECIFICATION GUIDE

The Test Specification Guide will be available to CML HealthCare CCC's / POCC's, and to all CML clients upon request (electronically and/or hard copy).

This guide outlines the information needed to access the services provided by CML Healthcare for the procurement of laboratory specimens.

Each individual test listing is arranged in a consistent format, providing specific information.

This guide provides the following information:

- Test name, synonyms or other common names for the test and the computer testing code.
- Patient preparation, including patient care instruction prior to, or during specimen collection, or performance of the test.
- Patient clinical information that is required because of its relevance to the determination of the diagnosis, and to the testing protocol. The clinical information includes, but is not limited to, patient history, date of birth, sex, ethnic background, height and weight.
- Specimen collection instructions, including specimen type, container or vacutainer tube, specific days and times for sample procurement.
- Post specimen collection instructions including storage and transportation instructions, testing facility, estimated time for test results availability, and billing information.
- Unless specified otherwise, specimen storage and transport is at room temperature.
