

The background of the book cover is a high-magnification, false-color aerial photograph of a complex integrated circuit (IC) die. The die is rectangular and filled with a dense, intricate pattern of circuitry. Various functional blocks are highlighted in different colors: large green rectangular areas, red rectangular blocks, purple and blue regions, and yellow/orange sections. A network of fine, light-colored lines (likely metal interconnects) crisscrosses the entire surface, connecting the various functional blocks. The overall appearance is that of a highly sophisticated and detailed microelectronic device.
