The following worksheet will help you compare content management systems (CMS) for your website. For each category, assign a CMS one point if it sufficiently meets your company's needs. The points will be tallied in the green sections of the worksheet; the CMS with the most features will have the highest score and will automatically be highlighted in the darkest color. When you have completed this form, you will have a better understanding of the advantages and limitations of each CMS under consideration. If several boxes are left unchecked, you may need to consider a custom CMS to meet your needs.
