First Shall Last Rethinking Antisemitism:

The First Shall Be The Last: Rethinking Antisemitism Adam Katz, Eric Gans, 2015-12-22 At a time when there is an evident socio economic political and cultural structural shift in the processes and practices associated with contemporary manifestations of antisemitism globally it is important to explore its origins and examine whether the circumstances of its genesis can shed light on its longevity and adaptability Few scholars are more qualified to undertake such a task than the authors of this volume who have done so much to develop and advance the discipline of generative anthropology In this study their groundbreaking hypothesis on the singular event that gave rise to human language and by extension human culture finds a fascinating parallel in the Jewish people s discovery invention of monotheism giving rise to historical resentments and hostility The volume will be of interest to scholars working in the field of anti discrimination and antisemitism as well as human rights scholars and cultural historians in general

Неуловимая реальность. Сто лет русско-израильской литературы (1920-2020) Роман Кацман, 2022-11-09 PDF A4 *WE MUST RETHINK AND REINVENT THE AMERICAN DEMOCRACY, IN ORDER TO SAVE IT* Donald G Fisher, 2024-05-29 The American democracy will be under stress for decades to come If the American people do not take action to save it it will almost certainly cease to exist at some point in the future A nation s democracy is not held in place by the laws of physics It is an abstract concept that each person has in his or her mind In our nation s history we have always had the problem of the people who are living happy lives declaring that the United States is a great democracy while the people living in slavery and later under segregation declaring just the opposite In my view the United States did not become a legitimate democracy until the civil rights victories of the 1960 s were achieved How can you say that my people were living in a democracy when most of them were not allowed to vote *The Jewish Quarterly*, 1998

Confronting Antisemitism from Perspectives of Philosophy and Social Sciences Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-11-08 The five volumes provide a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds This volume explores the phenomenon from the perspectives of Philosophy and Social Sciences

Stories of Traumatic Pasts Marina Gržinić, Jovita Pristovšek, Sophie Uitz, Christina Jauernik, 2020-01-01 Belgischer Kolonialismus im Kongo Antisemitismus in sterreich Turbo Nationalismus im ehemaligen Jugoslawien diese drei historischen Str nge von Gewalt und Vernichtung erzwangen und st tzten einen Prozess des Vergessens der bis heute eine Aufarbeitung der durch sie verursachten Genozide verhindert Heute droht eine

unfreiwillige oder ausgetragene Amnesie, all das zu zerstören, was bereits in Hinblick auf ein mögliches Zusammenleben erreicht wurde. Der Ausstellungskatalog geht zu diesen traumatischen Ereignissen der Geschichte sowie der jüngsten Vergangenheit mit ihrer zerstörerischen Wirkung auf Gemeinschaften und Völker, Staaten und Territorien zurück und stellt sie einem System von Interventionen gegenüber. Die nach Gräueltaten zurückbleibenden Narben sind zwar oft versteckt und ausgelassen, lassen sich aber durch künstlerische, wissenschaftliche und politische Reflexionen zurückholen.

Rethinking the Color Line

Charles A. Gallagher, 2021-12-16. *Rethinking the Color Line* is a collection of theoretically informed and empirically grounded readings on race and race relations that illustrate how race and ethnicity influence aspects of social life in ways that are often made invisible by culture politics and economics.

Rethinking the History of Italian Fascism

Giulia Albanese, 2022-03-10. In the last years, the discussion around what is fascism, if this concept can be applied to present forms of politics, and if its seeds are still present today, became central in the political debate. This discussion led to a vast reconsideration of the meaning and the experience of fascism in Europe and is changing the ways in which scholars of different generations look at this political ideology and come back to it, and it is also changing the ways in which we consider the experience of Italian fascism in the European and global context. The aim of the book is building a general history of Fascism and its historiography through the analysis of 13 different fundamental aspects which were at the core of Fascist project or of Fascist practices during the regime. Each essay considers a specific and meaningful aspect of the history of Italian fascism, reflecting on it from the vantage point of a case study. The essays thus reinterrogate the history of Fascism to understand in which way Fascism was able to mould the historical context in which it was born, how and if it transformed political, cultural, social elements that were already present in Italy. The themes considered are violence, empire, war, politics, economy, religion, culture, but also antifascism and the impact of Fascism abroad, especially in the Twenties and at the beginnings of the Thirties. The book could be both used for a general public interested in the history of Europe in the interwar period and for an academic and scholarly public, since the essays aim to develop a provocative reflection on their own area of research.

Critical Theories of Anti-Semitism

Jonathan Judaken, 2024-06-04. Despite its persistence and viciousness, anti-Semitism remains undertheorized in comparison with other forms of racism and discrimination. How should anti-Semitism be defined? What are its underlying causes? Why do anti-Semites target Jews? In what ways has Judeophobia changed over time? What are the continuities and disconnects between medieval anti-Judaism and the Holocaust? How does criticism of the state of Israel relate to anti-Semitism? And how can social theory illuminate the upsurge in attacks on Jews today? Considering these questions and many more, this book is at once a philosophical reflection on key problems in the analysis of anti-Semitism and a history of its leading theories and theorists. Jonathan Judaken explores the methodological and conceptual issues that have vexed the study of Judeophobia and calls for a reconsideration of the definitions, categories, and narratives that underpin overarching explanations. He traces how a range of thinkers have wrestled with these challenges, examining the theories of

Jean Paul Sartre the Frankfurt School Hannah Arendt and Jean Fran ois Lyotard alongside the works of sociologists Talcott Parsons and Zygmunt Bauman and historians L on Poliakov and George Mosse Judaken argues against claims about the uniqueness of Judeophobia demonstrating how it is entangled with other racisms Islamophobia Negrophobia and xenophobia Critical Theories of Anti Semitism not only urges readers to question how they think about Judeophobia but also draws them into conversation with a range of leading thinkers whose insights are sorely needed in this perilous moment **Contending with Antisemitism in a Rapidly Changing Political Climate** Alvin H. Rosenfeld,2021-11-02 Today s highly fraught historical moment brings a resurgence of antisemitism Antisemitic incidents of all kinds are on the rise across the world including hate speech the spread of neo Nazi graffiti and other forms of verbal and written threats the defacement of synagogues and Jewish cemeteries and acts of murderous terror Contending with Antisemitism in a Rapidly Changing Political Climate is an edited collection of 18 essays that address antisemitism in its new and resurgent forms Against a backdrop of concerning political developments such as rising nationalism and illiberalism on the right new forms of intolerance and anti liberal movements on the left and militant deeds and demands by Islamic extremists the contributors to this timely and necessary volume seek to better understand and effectively contend with today s antisemitism [ZEI discussion paper](#) ,2008 *Reading Heidegger's Black Notebooks 1931-1941* Ingo Farin,Jeff Malpas,2018-02-09 Heidegger scholars consider the philosopher s recently published notebooks including the issues of Heidegger s Nazism and anti Semitism For more than forty years the philosopher Martin Heidegger logged ideas and opinions in a series of notebooks known as the Black Notebooks after the black oilcloth booklets into which he first transcribed his thoughts In 2014 the notebooks from 1931 to 1941 were published sparking immediate controversy It has long been acknowledged that Heidegger was an enthusiastic supporter of the Nazi Party in the early 1930s But the notebooks contain a number of anti Semitic passages often referring to the stereotype of World Jewry written even after Heidegger became disenchanted with the Nazis themselves Reactions from the scholarly community have ranged from dismissal of the significance of these passages to claims that the anti Semitism in them contaminates all of Heidegger s work This volume offers the first collection of responses by Heidegger scholars to the publication of the notebooks In essays commissioned especially for the book the contributors offer a wide range of views addressing not only the issues of anti Semitism and Nazism but also the broader questions that the notebooks raise Contributors Babette Babich Andrew Bowie Steven Crowell Fred Dallmayr Donatella Di Cesare Michael Fagenblat Ingo Farin Gregory Fried Jean Grondin Karsten Harries Laurence Paul Hemming Jeff Malpas Thomas Rohkr mer Tracy B Strong Peter Trawny Daniela Vallega Neu Friedrich Wilhelm von Herrmann Nancy A Weston Holger Zaborowski *Rethinking Modern Polish Identities* Agnieszka Pasięka,Paweł Rodak,2023 A critical examination of the category of Polishness that is the formation redefinition and performance of various kinds of Polish identities from a wide range of disciplinary perspectives Inspired by new research in the humanities and social sciences as well as recent

scholarship on national identities this volume offers a rigorous examination of the idea of Polishness Offering a diversity of case studies and methodological theoretical approaches it demonstrates a profound connection between national and transnational processes and places the Polish case in a broader context This broader context stretches from a larger Eastern European one a usual frame of comparison to the overseas immigrant communities The authors renowned scholars from Europe and the United States thus demonstrate that an understanding of modern Polish identity means crossing not only historical but also geographical boundaries Consequently the narrative on Polish identity that unfolds in the volume is a personalized and multivocal one that presents the perspectives of a wide range of subjects peasants workers migrants ethnic and sexual minorities that is all those actors who have been absent in grand national narratives As such the examination of Polishness sheds light on the identity question more broadly emphasizing the interplay of pluralizing and homogenizing tendencies and fostering a reflection on national identity as encompassing both sameness and difference **The Socialism**

Michlic, 2009-04-11 *Neighbors* Jan Gross's stunning account of the brutal mass murder of the Jews of Jedwabne by their Polish neighbors was met with international critical acclaim and was a finalist for the National Book Award in the United States It has also been from the moment of its publication the occasion of intense controversy and painful reckoning This book captures some of the most important voices in the ensuing debate including those of residents of Jedwabne itself as well as those of journalists intellectuals politicians Catholic clergy and historians both within and well beyond Poland's borders Antony Polonsky and Joanna Michlic introduce the debate focusing particularly on how *Neighbors* rubbed against difficult old and new issues of Polish social memory and national identity The editors then present a variety of Polish voices grappling with the role of the massacre and of Polish Jewish relations in Polish history They include samples of the various strategies used by Polish intellectuals and political elites as they have attempted to deal with their country's dark past to overcome the legacy of the Holocaust and to respond to Gross's book *The Neighbors Respond* makes the debate over *Neighbors* available to an English speaking audience and is an excellent tool for bringing the discussion into the classroom It constitutes an engrossing contribution to modern Jewish history to our understanding of Polish modern history and identity and to our bank of Holocaust memory **Mapping the New Left Antisemitism** Alan Johnson, 2023-10-06 Mapping the New Left

Antisemitism The Fathom Essays provides a comprehensive guide to contemporary Left antisemitism The rise of a new and largely left wing form of antisemitism in the era of the Jewish state and the distinction between it and legitimate criticism of Israel are now roiling progressive politics in the West and causing alarming spikes in antisemitic incitement and incidents Fathom journal has examined these questions relentlessly in the first decade of its existence earning a reputation for careful textual analysis and cogent advocacy In this book the Fathom essays are contextualised by three new contributions Lesley

Klaff provides a map of contemporary antisemitic forms of antizionism Dave Rich writes on the oft neglected lived experience of the Jewish victims of contemporary antisemitism and David Hirsh assesses the intellectual history of the left from which both Fathom and his own London Centre for the Study of Contemporary Antisemitism as well as this book series have emerged Topics covered by the contributors include antisemitic antizionism and its underappreciated Soviet roots the impact of analogies with the Nazis the rise of antisemitism on the European continent exploring the hybrid forms emerging from a cross fertilisation between new left Christian and Islamist antisemitism the impact of antizionist activism on higher education and the bitter debates over the adoption of the oft misrepresented International Holocaust Remembrance Alliance IHRA definition of antisemitism This work will be of considerable appeal to scholars and activists with an interest in antisemitism Jewish studies and the politics of Israel **Apocalypticism, Anti-Semitism and the Historical Jesus** John S.

Kloppenborg, John Marshall, 2004-12-01 Virtually all scholars agree that apocalyptic and millenarianism formed at least part of the matrix of the culture in first century Jewish Palestine but there is a sharp disagreement concerning the extent to which Jesus shared apocalyptic and millenarian beliefs Although there has been a great deal written defending or opposing an apocalyptic Jesus almost nothing has been said on the questions of what from the standpoint of modern historiography of Jesus is at stake in the issue of whether or not he was an apocalypticist or a millenarian prophet and what is at stake in arguing that his alleged apocalypticism is a central and defining characteristic rather than an incidental feature Much has been said on the kind of Jew Jesus was but almost nothing is said on why the category of Judaism has become so central to historical Jesus debates These questions have less to do with the quantity and character of the available ancient evidence than they do with the ways in which the modern critic assembles evidence into a coherent picture and the ideological and theological subtexts of historical Jesus scholarship Scholars of Christian origins have been rather slow to inquire into the ideological location of their own work as scholars but it is this question that is crucial in achieving a critical self awareness of the larger entailments of historical scholarship on Jesus and the early Jesus movement This volume begins the inquiry into the ideological location of modern historical Jesus scholarship JSHJ JSNTS275 *Pope John Paul II on Jews and Judaism* Pope John Paul II, 1987 This publication is a joint effort of the NCCB Committee for Ecumenical and Interreligious Affairs and the Anti defamation League of B nai B rith
