## **Gender Modern Critical Concepts History:**

**Women and Gender in the Early Modern World** Merry E. Wiesner, 2016      **The Occult World** Christopher Partridge, 2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult. It explores the history of Western occultism from ancient and medieval sources via the Renaissance right up to the nineteenth and twentieth centuries and contemporary occultism. Written by a distinguished team of contributors, the essays consider key figures, beliefs, and practices as well as popular culture.

**Reimagining Delilah's Afterlives as Femme Fatale** Caroline Blyth, 2017-10-05 The story of Samson and Delilah in Judges 16 has been studied and retold over the centuries by biblical interpreters, artists, musicians, filmmakers, and writers. Within these scholarly and cultural retellings, Delilah is frequently fashioned as the quintessential femme fatale, the shamelessly seductive fatal woman whose sexual treachery ultimately leads to Samson's downfall. Yet these ubiquitous portrayals of Delilah as femme fatale tend to eclipse the many other viable readings of her character that lie underexplored within the ambiguity-laden narrative of Judges 16. Interpretations that offer alternative and more sympathetic portrayals of her biblical persona. In *Reimagining Delilah's Afterlives as Femme Fatale*, Caroline Blyth guides readers through an in-depth exploration of Delilah's afterlives as femme fatale in both biblical interpretation and popular culture, tracing the social and historical factors that may have inspired them. She then considers alternative afterlives for Delilah's character using as inspiration both the Judges 16 narrative and a number of cultural texts which deconstruct traditional understandings of the femme fatale, thereby inviting readers to view this iconic biblical character in new and fascinating lights.

**A Critical Approach to Conceptual and Historical Issues in Psychology** Stanley O. Gaines, Jr., 2025-03-14 *A Critical Approach to Conceptual and Historical Issues in Psychology: Soul, Self, and Science* examines the evolving concept of human consciousness throughout the ages to show how humanity progressed from studies of the soul, a major concern of ancient philosophy, to a science of the mind, including the self, a primary concern of contemporary psychology. Divided into five parts, the book moves through the history of psychology from its philosophical roots into the present day and beyond. It takes a balanced and critical approach to figures and theories which have been instrumental in the development of psychology as a discipline, such as Plato, Descartes, Wundt, Du Bois, Freud, Jung, Watson, Skinner, and Maslow. Throughout, it offers diverse perspectives on the field's history, providing insights into such topics as race and intelligence, gender and personality, and their treatment within psychology. Each chapter is supported by breakout boxes highlighting key theories related to that chapter's topic. Thought questions to encourage the reader to critically evaluate what they have read, notes with further information, and suggestions for further reading are provided online. Of particular interest to postgraduate students on MSc conversion courses, the book will also interest undergraduate students completing history of psychology, conceptual and historical issues in psychology, history and systems of psychology, and related modules. This textbook was designed to comply with the QAA Subject Benchmark Statement in Psychology and

the BPS accreditation guidelines for content in Conceptual and Historical Issues in Psychology      **Shi'i Sectarianism in the Middle East** Elisheva Machlis, 2014-09-17 The eruption of violent sectarianism in Iraq following the US invasion in 2003 brought the question of Sunni Shi'i relations in the country to the forefront of the international public agenda. It also strengthened the popular belief that contemporary Shi'ism is inherently sectarian. Yet several decades earlier Ayatollah Khomeini had declared an Islamic revolution and downplayed its Shi'i origins and links. So what is the true orientation of Shi'ism in the contemporary era and how did modernisation alter its sectarian affiliation? This book contends that early Shi'i reformist thought set the foundations for a more universal oriented Shi'ism. Prominent reformists in the first half of the twentieth century from the holy cities of Karbala and Najaf in Iraq and from the Shi'i centres in Southern Lebanon played a significant role in the renewal of Shi'ism and laid the groundwork for its reinvention in the modern era. Exploring this shift towards a more ecumenical perception of Islam, Elisheva Machlis here provides a fresh perspective on inter-sectarian relations in contemporary Iraq and illuminates the intellectual roots of the Islamic revolution by examining networks of Shi'i scholars such as Mu'ammad usayn K ashif al Ghi and Mu' sin al Am n al mil operating within a more globalised Muslim world. Drawing on the experiences of early Shi'i reformists such as Abd al usayn Sharaf al D n al M saw in Lebanon and Mu'ammad Jaw d Mughniyya in Damascus, this book gives new insight on the future of inter-Muslim relations at a time of growing inter-sectarian contention from the Iran-Iraq war to the post-2003 Sunni Shi'i conflict in Iraq and al-Qa'ida's anti-Shi'i message taking into account questions of theology, historiography, jurisprudence and politics which all played a vital role in the transition to the contemporary era. The author here analyses the broad scholarly connections between Iran, Iraq and Lebanon in the twentieth century while debating paramount questions of leadership, identity and group membership in the development of modern Shi'ism. Examining the relationship between intellectual thought and socio-political development in the region, this book provides a new perspective concerning the future of an increasingly globalised Muslim world and will prove essential reading for students and specialists.

Maria Sibylla Merian Catherine Powell-Warren, 2025-09-09 This captivating study of the life and career of Maria Sibylla Merian focuses on her artistic output and accomplishments. The career and achievements of Maria Sibylla Merian (1647-1717) are well documented. A pioneering artist and scientist, she spent much of her life innovating across various mediums and disciplines. Her curiosity was so strong that it led her on a journey across the Atlantic Ocean from Europe to South America in pursuit of knowledge. While her status as an entomologist and naturalist has garnered the most attention, Merian has not yet received her full due as an artist. Raised by a family of illustrators and publishers, she learned how to draw, mix paints, create prints and paint in watercolor from her stepfather, still life expert Jacob Marrel. Her stepfather's attention and tutelage would provide the foundation for her talents to flourish and teach her that her gender was not a barrier to success. In *Maria Sibylla Merian*, author Catherine Powell-Warren examines Merian through an art historical lens to better understand her life as a woman and illustrator in the early modern Dutch

Republic This volume highlights Merian's artistic range, financial successes and historical significance. Considering the obstacles women artists faced in this period, Merian's achievements, namely her management of a successful artists' studio and for-profit workshop, were extraordinary.

**Gendering Modern German History** Karen Hagemann, Jean H. Quataert, 2008-08 To provide a critical overview in a comparative German-American perspective is the main aim of this volume, which brings together experts from both sides of the Atlantic. Through case studies, it demonstrates the extraordinary power of the gender perspective to challenge existing interpretations and rewrite mainstream arguments.

**Regional, Critical, and Historical Approaches** Peter Antes, Armin W. Geertz, Randi R. Warne, 2008-12-19 Internationally recognized scholars from many parts of the world provide a critical survey of recent developments and achievements in the global field of religious studies. The work follows in the footsteps of two former publications: *Classical Approaches to the Study of Religion* edited by Jacques Waardenburg (1973) and *Contemporary Approaches to the Study of Religion* edited by Frank Whaling (1984). *New Approaches to the Study of Religion* completes the survey of the comparative study of religion in the twentieth century by focussing on the past two decades. Many of the chapters, however, are also pathbreaking and point the way to future approaches.

### **Women's History at the Cutting Edge**

Karen Offen, Chen Yan, 2020-06-04 This book considers the promise of women s and gender history for revolutionizing our understanding of the past while also acknowledging the current national political financial and other contextual realities that can and do constrain or promote the possibilities for researching and writing women s history The editors assert that the promise of women s and gender history is a cutting edge field of research a revolutionary development in the politics of historical scholarship essential for understanding the human past Further they argue for the inseparability of women s history and gendered analytical approaches The contributors to the volume address questions including what have been the achievements of women s and gender history over the past two decades To what extent has it succeeded in making women s history an integral part of historical study rather than an optional specialist area What impact has the study of manhood masculinities and men s gendered power had on our understanding of women s lives What is the relationship between gender studies and new critical histories of colonialism and empire contact zones cross cultural encounters and racialization How is new work on cultural geography and spatial categories impacting on our historical understandings of bodily difference This book was originally published as a special issue of the Women s History Review

### **New Directions in Assessing**

**Historical Thinking** Kadriye Ercikan, Peter Seixas, 2015-02-20 New technologies have radically transformed our relationship to information in general and to little bits of information in particular The assessment of history learning which for a century has valued those little bits as the centerpiece of its practice now faces not only an unprecedented glut but a disconnect with what is valued in history education More complex processes historical thinking historical consciousness or historical sense making demand more complex assessments At the same time advances in scholarship on assessment open up new possibilities For this volume Kadriye Ercikan and Peter Seixas have assembled an international array of experts who have collectively moved the fields of history education and assessment forward Their various approaches negotiate the sometimes conflicting demands of theoretical sophistication empirically demonstrated validity and practical efficiency Key issues include

articulating the cognitive goals of history education the relationship between content and procedural knowledge the impact of students language literacy on history assessments and methods of validation in both large scale and classroom assessments New Directions in Assessing Historical Thinking is a critical research oriented resource that will advance the conceptualization design and validation of the next generation of history assessments      **SpaceTime of the Imperial** Holt Meyer,Susanne Rau,Katharina Waldner,2016-11-07 This volume works through spatio temporal concepts to be found in imperial practices and their representations in a wide range of media The individual cases investigated in the volume cover a broad spectrum of historical periods from ancient times up to the present Well known international scholars treat special cases of the topic using cutting edge theory and approaches stemming from historical cartographic religious literary media studies as well as ethnography      **Shakespeare's History Plays** Robert Watt,2014-06-11 Shakespeare s history plays are central to his dramatic achievement In recent years they have become more widely studied than ever stimulating intensely contested interpretations due to their relevance to central contemporary issues such as English national identities and gender roles Interpretations of the history plays have been transformed since the 1980s by new theoretically informed critical approaches Movements such as New Historicism and cultural materialism as well as psychoanalytical and post colonial approaches have swept away the humanist consensus of the mid twentieth century with its largely conservative view of the plays The last decade has seen an emergence of feminist and gender based readings of plays which were once thought overwhelmingly masculine in their concerns This book provides an up to date critical anthology representing the best work from each of the modern theoretical perspectives The introduction outlines the changing debate in an area which is now one of the liveliest in Shakespearean criticism      **Dancing on the Fault Lines of History** Susan Manning,2025-01-28 Dancing on the Fault Lines of History collects essential essays by Susan Manning one of the founders of critical dance studies recounting her career writing and rewriting the history of modern dance Three sets of keywords gender and sexuality whiteness and Blackness nationality and globalization illuminate modern dance histories from multiple angles coming together in varied combinations shifting positions from foreground to background Among the many artists discussed are Isadora Duncan Vaslav Nijinsky Ted Shawn Helen Tamiris Katherine Dunham Jos Lim n Pina Bausch Reggie Wilson and Nelisiwe Xaba Calling for a comparative and transnational historiography Manning ends with an extended case study of Mary Wigman s multidimensional exchange with artists from Indonesia India China Korea and Japan Like the artists at the center of her research Manning s writing dances on the fault lines of history Her introduction and annotations to the essays reflect on how and why these keywords became central to her research revealing the autobiographical resonances of her scholarship as she confronts the cultural politics of the late twentieth and early twenty first centuries      *A Critical History and Philosophy of Psychology* Richard T. G. Walsh,Thomas Teo,Angelina Baydala,2014-03-20 Presents a fresh perspective that explores the development of psychology as both a human and a natural science      *The Descent of Ideas* DonaldR.

Kelley, 2017-09-29 The history of ideas better known these days as intellectual history is a flourishing field of study which has been the object of much controversy but hardly any historical exploration This major new work from Donald R Kelley is the first comprehensive history of intellectual history tracing the study of the history of thought from ancient medieval and early modern times its emergence as the history of ideas in the 18th century and its subsequent expansion The point of departure for this study is the perspective opened up by Victor Cousin in the early 19th century on Eclecticism and its association with the history of philosophy established by Renaissance scholars Kelley considers a broad range of topics including the rivalry between ideas and language the rise of cultural history the contributions of certain 19th and 20th century practitioners of the history of ideas in interdisciplinary areas of philosophy literature and the sciences and finally the current state of intellectual history The central theme of the book is the interplay between the canon of philosophical thought and the tradition of language and textual study the divergence of the latter marking the descent of ideas into the realm of cultural history

**Teaching Modernist Women's Writing in English** Janine Utell, 2021-04-25 As authors and publishers individuals and collectives women significantly shaped the modernist movement While figures such as Virginia Woolf and Gertrude Stein have received acclaim authors from marginalized communities and those who wrote for mass middlebrow audiences also created experimental and groundbreaking work The essays in this volume explore formal aspects and thematic concerns of modernism while also challenging rigid notions of what constitutes literary value as well as the idea of a canon with fixed boundaries The essays contextualize modernist women's writing in the material and political concerns of the early twentieth century and in life on the home front during wartime They consider the original print contexts of the works and propose fresh digital approaches for courses ranging from high school through graduate school Suggested assignments provide opportunities for students to write creatively and critically recover forgotten literary works and engage with their communities
