Tag Teaming the Press James E. Mueller, 2008-06-27 Tag Teaming the Press James Mueller's lively account of the evolution of the press relations of Bill and Hillary Clinton begins with the couple's earliest student political activism in the sixties and continues through Hillary's run for the White House in 2008. Based largely on interviews with the journalists who covered them, the book explains how the most powerful political couple in America learned to handle the media, an indispensable skill for the twenty-first century politician. Mueller shows that the Clintons honed that skill through years of interacting with journalists—as campaign workers, as candidates, and as candidates' spouses. He also makes clear that it is the latter category that makes the Clintons unique among American political couples. At various times in their more than 30 years in politics, Bill and Hillary have fulfilled a number of roles for each other in dealing with reporters, including lightning rod, bad cop, good cop, and schmoozer. Mueller examines each of these roles and discusses how the Clintons played them, sometimes winning, sometimes losing, but always well worth watching. Written in an engaging style but based on thorough research, Tag Teaming the Press is a valuable resource for students of media and politics and an informative read for anyone who cares about American democracy and the role the press plays in it.

**Boy Clinton** R. Emmett Tyrrell, 2015-07-07 A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country.

**Hillary's Choice** Gail Sheehy, 2000-02-28 Why does she stay with him? Where does she go from here? The author who revealed a generation's Passages now answers all the questions about the most talked-about First Lady in American history. In *Hillary's Choice*, Hillary Clinton is rendered fully human for the first time. Here is the life of a woman that is also the story of a marriage and the drama of a presidency. From her childhood with a demanding father and frustrated mother to her life as a professional wife determined to elect her husband president, from the sexual betrayals that nearly broke her to the national scandal that remade her, this is the epic journey of a modern American woman, a saga that begins in passivity, moves through self-punishment, and ends in power. Who was the one other woman who posed a serious threat to their marriage? What was the real reason for the health care failure? How did Hillary escape the snare of Kenneth Starr? How has she managed through it all to be a good mother? No matter what her future, the mysteries about Hillary Clinton's past have been fully resolved by *Hillary's Choice*, a stunning achievement from a master chronicler of our times.

Clinton's Grand Strategy James D.

Boys, 2015-02-26 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com). President Clinton's time in office coincided with historic global events following the end of the Cold War. The collapse of Communism called for a new US Grand Strategy to address the emerging geopolitical era that brought upheavals in Somalia and the Balkans, economic challenges in Mexico and Europe, and the emergence of new entities such as the EU, NAFTA, and the WTO. Clinton's handling of these events was crucial to the development of world politics at the dawn of the twenty-first century. Only by understanding Clinton's efforts to address the challenges of the post-Cold War

era can we understand the strategies of his immediate successors George W Bush and Barack Obama both of whom inherited and continued Clinton era policies and practices James D Boys sheds new light on the evolution and execution of US Grand Strategy from 1993 to 2001 He explores the manner in which policy was devised and examines the actors responsible for its development including Bill Clinton Anthony Lake Samuel Berger Warren Christopher Madeline Albright and Richard Holbrook He examines the core components of the strategy National Security Prosperity Promotion and Democracy Promotion and how they were implemented revealing a hitherto unexplored continuity from campaign trail to the White House Covering the entire duration of Clinton s presidential odyssey from his 1991 Announcement Speech to his final day in office the book draws extensively on newly declassified primary materials and interviews by the author with key members of the Clinton administration to reveal for the first time the development and implementation of US Grand Strategy from deep within the West Wing of the Clinton White House

The End Of Earth Philip N. Moore,2024-11-01 In this eye opening exploration discover how Moses ancient prophecies on Israel the coming of Jesus and the End Times have striking connections to modern day events Delve into how these timeless predictions align with the unexpected rise of Donald Trump Nostradamus cryptic visions and the eerie legacy of the Kennedy curse With meticulous research this book unravels a complex web of prophetic clues leading to the conclusion that the mystery surrounding the assassination of JFK and its aftermath has finally been solved Prepare to be astonished as you uncover the undeniable threads that tie together history s greatest mysteries with prophetic foresight Is it coincidence or is there a higher plan at work

**Wrecked** Thomas M Nelson,Jerald Podair,2025-08-01 Wrecked links the story of America s most infamous shipwreck to the story of an even larger disaster the wreck of the American industrial economy When the Edmund Fitzgerald went down in a Lake Superior storm on November 10 1975 more was lost than the ship and the twenty nine lives on board The disaster was a human tragedy as well as an indictment of the American industrial policies that eventually cost the nation thousands of jobs and marooned hundreds of communities Written with a passionate yet factually grounded intensity Wrecked shows that the reasons for the decline of industrial manufacturing in the upper Midwest are linked to why the Edmund Fitzgerald sank and to the legal turmoil that followed for the victims families The book conveys the sense of loss that still is felt by those affected along with the outrage over the disappearance of manufacturing jobs and the inadequate maintenance and legal maneuvering over liability for the sinking of the ship What follows is a fascinating critique of what went wrong and why

*Framing the Sixties* Bernard von Bothmer,2010 Over the past quarter century American liberals and conservatives alike have invoked memories of the 1960s to define their respective ideological positions and to influence voters Liberals recall the positive associations of what might be called the good Sixties the Camelot years of JFK the early civil rights movement and the dreams of the Great Society while conservatives conjure images of the bad Sixties a time of urban riots antiwar protests and countercultural revolt In *Framing the Sixties* Bernard von Bothmer examines this battle over the collective memory of the decade primarily through the lens of

presidential politics He shows how four presidents Ronald Reagan George H W Bush Bill Clinton and George W Bush each sought to advance his political agenda by consciously shaping public understanding of the meaning of the Sixties He compares not only the way that each depicted the decade as a whole but also their commentary on a set of specific topics the presidency of John F Kennedy Lyndon Johnson s Great Society initiatives the civil rights movement and the Vietnam War In addition to analyzing the pronouncements of the presidents themselves von Bothmer draws on interviews he conducted with more than one hundred and twenty cabinet members speechwriters advisers strategists historians journalists and activists from across the political spectrum from Julian Bond Daniel Ellsberg Todd Gitlin and Arthur Schlesinger to James Baker Robert Bork Phyllis Schlafly and Paul Weyrich **BOOK JACKET** The Final Days Barbara Olson,2003-08-01 A revelation of Bill and Hillary Clinton s last days as the First Family discusses President Clinton s controversial pardons and his relationship with fugitive Marc Rich and Hillary s solicitation of gifts and partaking of the White House china Contemporary Authors Terrie M. Rooney,1999 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors Authors in this volume include Robert W Chambers William Jefferson Clinton Paul Ruebens Timberlake Wertenbaker **Born in the U.S.A.** Jim Cullen,2024-03-15 Pioneering the field of Springsteen scholarship when it first appeared in 1997 Born in the U S A remains one of the definitive studies of Springsteen s work and its impact on American culture Moving beyond journalistic and biographical approaches Jim Cullen situates the artist in a wider historical canvas that stretches from the Puritans to Barack Obama showing how he has absorbed refracted and revitalized American mythology including the American Dream the work ethic and the long quest for racial justice Exploring difficult questions about Springsteen s politics he finds a man committed to both democratic and republican principles as well as a patriot dedicated to revealing the lapses of a country he loves This third edition of Born in the U S A is fully revised and updated incorporating discussion of Springsteen s wide output in the 21st century While addressing Springsteen s responses to events like 9 11 it also considers the evolution of his attitudes towards religion masculinity and his relationship with his audience Whether a serious Springsteen fan or simply an observer of American popular culture Born in the U S A will give you a new appreciation for The Boss **Congressional Record** United States. Congress,1996 USA Today ,1995 **The Icarus Syndrome** Peter Beinart,2010 In The Icarus Syndrome Peter Beinart tells a tale as old as the Greeks a story about the seductions of success Beinart describes Washington on the eve of three wars World War I Vietnam and Iraq three moments when American leaders decided they could remake the world in their image Each time leading intellectuals declared that history was over and the spread of democracy was inevitable Each time a president held the nation in the palm of his hand And each time a war conceived in arrogance brought untold tragedy In dazzling colour Beinart portrays three extraordinary generations the progressives who took America into World War I led by Woodrow Wilson the lonely preacher s son who became the closest thing to a political messiah the world had ever seen The Camelot intellectuals who took America

into Vietnam led by Lyndon Johnson who lay awake night after night shaking with fear that his countrymen considered him weak And George W Bush and the post cold war neoconservatives the romantic bullies who believed they could bludgeon the Middle East and liberate it at the same time Like Icarus each of these generations crafted wings a theory about America s relationship to the world They flapped carefully at first but gradually lost their inhibitions until giddy with success they flew into the sun But every era also brought new leaders and thinkers who found wisdom in pain They reconciled American optimism our belief that anything is possible with the realities of a world that will never fully bend to our will In their struggles lie the seeds of American renewal today Based on years of research *The Icarus Syndrome* is a provocative and strikingly original account of hubris in the American century and how we learn from the tragedies that result     **The Publishers Weekly** ,1995     *America, History and Life* ,1997 Article abstracts and citations of reviews and dissertations covering the United States and Canada     **The World Book Encyclopedia** ,2002 An encyclopedia designed especially to meet the needs of elementary junior high and senior high school students     **TŁLŠ, the Times Literary Supplement** ,1996     *The Hill* ,1996 The Capitol newspaper     *USA Today Index* ,1996     What's Left? Robert S. McElvaine,1996 Offering an examination of what s wrong with America and what can be done to reverse our social moral and economic decline *What s Left* employs interviews with President Clinton Dick Gephardt James Carville Mario Cuomo Joe Kennedy Al Gore Hillary Rodham Clinton and many other leaders of the Democratic left in a friendly and committed but also a frank critical look at the policies practices and ideals of American liberal left politics and thinking
