Engen, Meghan Fitzpatrick**

## **First World War To Arms:**

**The First World War** Hew Strachan, 2003-02-06 This is the first truly definitive history of the First World War the war that has done most to shape the twentieth century The first generation of its historians had access to only a limited range of sources and their focus was primarily on military events More recent approaches have embraced cultural diplomatic economic and social history In Hew Strachan's authoritative and readable history these fresh perspectives are incorporated with the military and strategic narrative The result is an account that breaks the bounds of national preoccupations to become both global and comparative To Arms the first of three volumes in this magisterial study examines not only the causes of the war and its opening clashes on land and sea but also the ideas that underpinned it and the motivations of the people who supported it It provides full and pioneering accounts of the war's finances of the war in Africa and of the Central Powers bid to widen the war outside Europe

*The Origins of the First World War* William Mulligan, 2010-03-04 Providing a new interpretation of the origins of the First World War this textbook synthesises recent scholarship and introduces the major historiographical and political debates surrounding the outbreak of the war William Mulligan argues that the war was a far from inevitable outcome of international politics in the early twentieth century and suggests instead that there were powerful forces operating in favour of the maintenance of peace His fresh perspective on the pre war international system takes account of new approaches to the study of international politics since the end of the Cold War and the acceleration of globalisation Thematic chapters examine key issues including the military public opinion economics diplomacy and geopolitics and analyse relations between the great powers the role of smaller states the disintegrating empires and the July crisis This compelling account will significantly revise our understanding of diplomacy political culture and economic history from 1870 to 1914

**The Politics of the First World War** Scott Wolford, 2019-02-21 The Great War is an immense confusing and overwhelming historical conflict the ideal case study for teaching game theory and international relations Using thirteen historical puzzles from the outbreak of the war and the stability of attrition to unrestricted submarine warfare and American entry into the war this book provides students with a rigorous yet accessible training in game theory Each chapter shows through guided exercises how game theoretical models can explain otherwise challenging strategic puzzles shedding light on the role of individual leaders in world politics cooperation between coalitions partners the effectiveness of international law the termination of conflict and the challenges of making peace Its analytical history of World War I also surveys cutting edge political science research on international relations and the causes of war Written by a leading game theorist known for his expertise of the war this textbook includes useful student features such as chapter key terms contemporary maps a timeline of events a list of key characters and additional end of chapter game theoretic exercises

**European Powers in the First World War** Spencer Tucker, 2018-12-07 First published in 1996 The First World War was the single most important event of the twentieth century This volume concentrates on non U S aspects of the conflict

Organized alphabetically its more than 600 detailed entries offer information and insight on such subjects as the causes of the conflict major battles and campaigns weapons systems including military aviation chemical warfare the submarine and the tank and the terms of the peace Some 350 biographies provide information on the roles played in the conflict by generals admirals and civilian leaders There are also biographies of individuals who were shaped by the war such as Charles De Gaulle Adolf Hitler Benito Mussolini and Joseph Stalin essays on each of the countries involved in the conflict new appraisals of such subjects as military medicine and artillery tactics and essays on such diverse subjects as art literature and music in the war Each entry has references for additional reading and a subject index provides easy access The volume is an excellent reference source for scholar and neophyte alike     *The First World War: To arms* Hew Strachan,2001 Contents Vol 1 To arms

**Colonial Captivity during the First World War** Mahon Murphy,2018 This new analysis of internment outside Europe helps us to understand the First World War as a truly global conflict     *The United States in the First World War* Anne Cipriano Venzon,Paul L. Miles,1999 An alphabetical reference for scholars and researchers that provides a comprehensive overview from the period of preparation prior to American entry into The Great War through the signing of the Armistice Civil topics include articles on the political industrial and moral support of the war and organizational and individual opposition to it Military coverage includes sketches of important leaders major campaigns and battles and individual histories of the most important divisions Also covered are foreign leaders both civilian and military foreign relations diplomatic efforts to end the fighting and the final settlement Major articles contain a brief bibliography Includes six bandw maps but no other illustrations Annotation copyright by Book News Inc Portland OR     *Automatic Arms* Melvin M. Johnson,Charles T. Haven,2015-01-06 The evolution of automatic weapons is one of the most significant developments in weapons history While this development has been filled with disagreements controversy and stray hurdles out of all of this tumult shouting and shooting has come the progress in firearms from the days when it was necessary to build a fire under a gun to make it go off to the you press the button and they do the work automatic firearms of the present day In 1941 Melvin M Johnson Jr and Charles T Haven both well established experts on firearms and ammunitions in their day commemorated this development in *Automatic Arms Their History Development and Use* The topics on which they illuminate the reader include History and development How they work How to keep them firing How they may be employed in combat In the authors foreword they state There has been a great deal of general discussion about various automatic weapons pro and con and naturally there have been misunderstandings and misinterpretations They succeed immensely in their endeavor to clear up misunderstandings and misinterpretations with the clear concise language they use in discussing this most notable of historical developments Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting

wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

**Mobilizing Cultural Identities in the First World War** Federica G. Pedriali, Cristina Savettieri, 2020-08-19 This book tackles cultural mobilization in the First World War as a plural process of identity formation and de formation It explores eight different settings in which individuals communities and conceptual paradigms were mobilized Taking an interdisciplinary approach it interrogates one of the most challenging facets of the history of the Great War one that keeps raising key questions on the way cultures respond to times of crisis Mobilization during the First World War was a major process of material and imaginative engagement unfolding on a military economic political and cultural level and existing identities were dramatically challenged and questioned by the whirl of discourses and representations involved Military Education and the British Empire, 1815-1949 Douglas E. Delaney, Robert C. Engen, Meghan Fitzpatrick, 2018-12-14 Common military education was the lifeblood of the armies navies and air forces of the British Empire It permeated every aspect of the profession of arms and was an essential ingredient for success in both war and peace Military Education and Empire is the first major scholarly work to address the role of military education in maintaining the empire throughout the nineteenth and twentieth centuries Bringing together the world's top scholars on the subject this book places distinct national narratives Canadian Australian South African British and Indian within a comparative context The contributors examine military education within the British Empire as a generator of institutional knowledge as a socializing agent and as an enhancer of interoperability This volume is the first to examine military education from a transnational perspective which allows readers the opportunity to consider the connections between education and empire International History of the Twentieth Century and Beyond Anthony Best, 2008 This major global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors cover events in Europe Asia the Middle East Africa and the Americas from the last century and beyond Among the areas this book covers are the decline of European hegemony over the international order the diffusion of power to the two superpowers the rise of newly independent states in Asia and Africa the course and consequences of the major **Riding to Arms** Charles Caramello, 2022-01-18 Horses and horsemen played central roles in modern European warfare from the Renaissance to the Great War of 1914 1918 not only determining victory in battle but also affecting the rise and fall of kingdoms and nations When Shakespeare's Richard III cried A horse a horse my kingdom for a horse he attested to the importance of the warhorse in history and embedded the image of the warhorse in the cultural memory of the West In *Riding to Arms A History of Horsemanship and Mounted Warfare* Charles Caramello examines the evolution of horsemanship the training of horses and riders and its relationship to the evolution of mounted warfare over four centuries He explains how

theories of horsemanship navigating between art and utility eventually settled on formal man ge equitation merged with outdoor hunting equitation as the ideal combination for modern cavalry He also addresses how the evolution of firepower and the advent of mechanized warfare eventually led to the end of horse cavalry Riding to Arms tracks the history of horsemanship and cavalry through scores of primary texts ranging from Federico Grisone s Rules of Riding 1550 to Lt Colonel E G French s Good Bye to Boot and Saddle 1951 It offers not only a history of horsemen horse soldiers and horses but also a survey of the seminal texts that shaped that history     *Doctrine and Reform in the British Cavalry 1880-1918* Stephen Badsey,2008-01-01 This book fills a significant gap in the historiography of British military thought doctrine and practice for the First World War 1914 18 and the generation beforehand including the Boer War 1899 1902 It investigates a major doctrinal controversy what the role and tactics of horsed soldiers were to be in the face of increasing firepower and demands placed upon them by the expansion of mass armies Contrary to widely held modern belief the doctrine developed proved quite successful in dealing with the conditions that they faced on the battlefield     **British Armour Theory and the Rise of the Panzer Arm** A. Gat,2000-01-06 Utilizing hitherto untapped archival sources Azar Gat overturns recent historiographical trends in the study of British and German armour developments between the two World Wars He reinstates British pioneering theory and practice as the inspiration for the creators of the Panzer arm that made possible Germany s Blitzkrieg victories in the opening stage of World War II     **Field Artillery** ,1998     **The Economics of Producing Defense** Yaacov Lifshitz,2012-12-06 The Economics of Producing Defense Illustrated by the Israeli Case begins with an overview of the development of defense economics as a sub discipline of the general theory of economics and points at the new challenges it is facing in the post Cold War era It focuses then on the supply side of defense economics presenting theoretical analyses and empirical findings related to the use of various inputs manpower domestically made defense products imported arms in providing national security Most of the issues under discussion are further elucidated by examples from Israel s experience As a small economy that faces continuously severe security problems Israel s way of coping with defense economic issues may indeed forward some interesting lessons for a wider audience The principal aim of the book is to convince policy makers and the public at large of the contribution defense economics could make to more effective management of national security problems This aim is encouraged by the growing weight attached to economic considerations and consequences in producing and supplying defense as demonstrated in the detailed discussion     A History of World Societies, Volume C: 1775 to the Present John P. McKay,Bennett D. Hill,John Buckler,Roger B. Beck,Clare Haru Crowston,Patricia Buckley Ebrey,Merry E. Wiesner-Hanks,2011-10-05 A History of World Societies introduces students to the global past through social history and the stories and voices of the people who lived it Now published by Bedford St Martin s and informed by the latest scholarship the book has been thoroughly revised with students in mind to meet the needs of the evolving course Proven to work in the classroom the book s regional and comparative approach helps students

understand the connections of global history while providing a manageable organization With more global connections and comparisons more documents special features and activities that teach historical analysis and an entirely new look the ninth edition is the most teachable and accessible edition yet Test drive a chapter today Find out how      **The Palgrave Encyclopedia of Global Security Studies** ,2023-02-15 This encyclopedia provides an authoritative guide intended for students of all levels of studies offering multidisciplinary insight and analysis of over 500 headwords covering the main concepts of Security and Non traditional Security and their relation to other scholarly fields and aspects of real world issues in the contemporary geopolitical world      **The Routledge Companion to World History since 1914** Chris Cook,John Stevenson,2006-01-27 The Routledge Companion to World History since 1914 is an outstanding compendium of facts and figures on World History Fully up to date reliable and clear this volume is the indispensable source of information on a thorough range of topics such as the Arab Israeli conflict anti semitism and the Holocaust all the world s major famines and natural disasters since 1914 whether all countries of the world have a king president prime minister or other governance GNP of the world s major states year by year biographies of key figures civil rights movements the Vietnam War the rise of terrorism globalization Thematically presented the book covers topics relevant from the First World War to the Iraq war of 2003 and from post colonial Africa to conflicts and movements in Southeast Asia With maps chronologies and full bibliography this user friendly reference work is the essential companion for students of history politics and international relations and for all those with an interest in world history      **International Warbirds** John C. Fredriksen,2001-08-01 In depth descriptions and photographs of the aircraft of 21 nations presented with a unique human dimension that goes behind the machines to the people involved Invaluable for specialists accessible to enthusiasts International Warbirds An Illustrated Guide to World Military Aircraft 1914 2000 puts the most legendary fighter aircraft of the 20th century developed outside the United States on vivid display It offers 336 illustrated biographies of the most significant warplanes used in squadron service from World War I to the Balkan conflict including numerous models from Great Britain France Russia and Japan as well as notable machines from Israel Canada China India Brazil and other nations Entries span the history and scope of military aircraft from bombers and fighters to transports trainers reconnaissance craft sea planes and helicopters with each capsule history combining nuts and bolts technical data with the story of that model s evolution and use Together these portraits offer an exciting well researched tribute to visionary designers and builders as well as courageous pilots and crews across the globe and tell a vivid tale of how air power became such a decisive factor in modern warfare
