Broughton abandoned a post as Paris bureau chief of the London Daily Telegraph to join nine hundred other would be tycoons on HBS's plush campus. Over the next two years he and his classmates would be inundated with the best and the rest of American business culture that HBS epitomizes. The core of the school's curriculum is the case, an analysis of a real business situation from which the students must, with a professor's guidance, tease lessons. The author studied more than five hundred cases and recounts the most revelatory ones here. He also exposes the less savory trappings of the school culture from the booze luge to the pandemic obsession with PowerPoint to the specter of depression which stalks many overburdened students. With acute and often uproarious candor he assesses the school's success at teaching the traits it extols as most important in business leadership: decisiveness, ethical behavior, work-life balance. **BOOK JACKET** [Her Love, Her Alpha \(A Hot, Steamy Alpha Millionaire Curvy BBW Virgin Romance\)](#) Amber Branley, Brandon I can't get over how much I need this girl in my life.
