Walsh, 2000-06-30 As Americans seem bent on dismantling the safety net of the New Deal era the most popular version of the culture wars thesis paints an arguably cosmic battle between defenders of religious orthodoxy who embrace laissez faire capitalism and secular elites who have imposed a Marxist welfare state upon an unsuspecting populace Walsh shows that this thesis ignores the role of religious leaders in legitimizing the types of programs embodied in America s approach to the welfare state Walsh explores the arguments of William Jennings Bryan America s foremost fundamentalist who opposed the Social Darwinism often associated with the defense of laissez faire capitalism John Ryan the Catholic priest whose writings foreshadowed Roosevelt s New Deal legislation Reinhold Niebuhr the influential mainstream Protestant

leader who defended America's Cold War strategy of containment while opposing laissez faire capitalism and the arguments of influential African American Protestant and Jewish leaders Finally he looks at the role of religious leaders in the contemporary debates over issues such as health care and welfare reform Whenever possible the relationship between the official views of the religious leaders is analyzed in light of the opinions and voting patterns of their constituents The opinions and voting patterns of secular Americans are also contrasted to those of religious Americans Of particular interest to scholars students and general readers concerned with the role of religion in American politics

Should Christians Prosper? James H. Hooks, 2012-12 Prosperity is guaranteed by God Himself revealed through His Word Most Christians believe that God wants them to prosper and rightly so This is because in the Bible God tells us He not only wants us to prosper but also that He plans for us to prosper Yet prosperity has eluded so many not because of lack of desire but because of lack of understanding In search of this dilemma they look for Scriptures to guide them They find that the answer is not found in one topic or one scripture but scattered throughout the Bible in over 1 500 Scriptures dealing directly with the subject There are approximately 1 000 more dealing indirectly with prosperity in some form My research has taken me through all of those Scriptures and put together an understanding that is easy to follow from one chapter to another revealing in Scripture in such a way that answers any question you may be facing in your own life that may be preventing you from achieving true prosperity There are many misconceptions and teachings on the prosperity doctrine that miss the mark and turn off many believers and nonbelievers alike This book reveals the false teachings of prosperity and how to detect the difference at a glance No matter where you are in your Christian walk there is something here for you Remember it is what you learn after you know it all that makes the biggest difference in your life If you do not consider yourself a Christian don't let that deter you from reading this book After reading this book you may just want to become one Don't waste another minute We know that God never lies God never fails and God truly wants you to prosper Suggested Reading Trust God for Your Finances by Jack Hartman The Generosity Factor by Ken J Blanchard and S Truett Cathy The Blessed Life by Robert Morris
