

Unlike Any Before!

Learn magic and raise your Level with Experience Points.

Spells are learned one at a time as you reach designated levels of Experience. There are ten Spells altogether, and the final one is learned when you reach Level 19.

You don't have to be a video ace to succeed in this game as in so many action or shooting games. You can plan each move with care. Take all the time you need. Once you have developed a strategy, you select a command and enter it. The result of your action is then seen. Quick reflexes won't help you as much as a good memory, so this is truly a game that anybody can play, young or old, novice or power player.

A monster suddenly attacks! It's now up to you to choose one of your four commands.

If you defeat the fiend, you will earn Experience Points and Gold for the effort.

When the Gold is heavy in your pockets, visit a town for new weapons and a rest at the inn.

There is much to see and do in Alefgard before you will be ready to face the wrath of the Dragonlord. In fact, you must perform a number of tasks in order to progress in the game and prove yourself worthy. Slowly, as your strength grows and your knowledge of this world increases, you will begin to piece together the puzzle that has been left to you by your ancestor, Erdrick, who foresaw your coming. When you decide to stop play for awhile, use the SAVE feature, which allows you to store all the tools, weapons, Gold and Experience that you've earned up to that point. All this is held in memory for continued play later.
