Library, 1903 **The Art of Vase-Painting in Classical Athens** Martin Robertson, 1992 In his new book Professor Martin Robertson author of *A History of Greek Art* CUP 1975 and *A Shorter History of Greek Art* CUP 1981 draws together the results of a lifetime's study of Greek vase painting tracing the history of figure drawing on Athenian pottery from the invention of the red figure technique in the later archaic period to the abandonment of figured vase decoration two hundred years later The book covers red figure and also work produced over the same period in the same workshops in black figure and other techniques especially that of drawing in outline on a white ground The book is intended as a companion volume to Sir John Beazley's *The Development of Attic Black figure* originally published in 1951 by California University Press and as an examination and defence of Beazley's methods and achievements This book is a major contribution to the history of Greek vase painting and anyone seriously interested in the subject whether scholar student curator collector or amateur will find it essential reading **A Handbook of Attic Red-figured Vases Signed by Or Attributed to the Various Masters of the Sixth and Fifth Centuries B. C.** Joseph Clark Hoppin, 1919 Greek Vases Free Public Library (Worcester, Mass.), 1910 **Catalogue** Bernard Quaritch (Firm), 1903 *Catalogue of the Acropolis Museum ...* Μουσείο Ακρόπολης, 1921 **Images of Ancient Greek Pederasty** Andrew Lear, Eva Cantarella, 2009-06-02 This lavishly illustrated book brings together for the first time all of the different ways in which vase painting portrays or refers to pederasty from scenes of courtship foreplay and sex to scenes of Zeus with his boy love Ganymede to painted inscriptions praising the beauty of boys The book shows how painters used the language of vase painting to cast pederasty in an idealizing light portraying it as part of a world in which beautiful elite males display praiseworthy attitudes such as moderation and engage in approved activities such as hunting athletics and the symposium The book also incorporates a comprehensive catalogue of relevant vase paintings compiled by noted archaeologist Keith DeVries It is the most comprehensive treatment available of an institution that has few modern parallels *Zeus: Zeus, god of the dark sky (thunder and lightning)* 2 v Arthur Bernard Cook, 1925 zeus. a study in ancient religion. volume 2, part 1., **Zeus** Arthur Bernard Cook, 1925 *Zeus : a Study in Ancient Religion: Zeus god of the dark sky (thunder and lightning).* 2 v Arthur Bernard Cook, 1925 Classical Philology, 1917 **Alcibiades and Athens** David Gribble, 1999-03-26 It is not the aim of this book to add to the extensive literature on Alcibiades life and career Instead the author focuses on the explosive mix of fear and fascination excited by Alcibiades in his contemporaries and in particular in key literary texts

Thucydides the mysterious pseudo Andocides 4 the encomium of Isocrates 16 the final scene of Plato's Symposium The book is about the acute tension between the classical city and the individual of superlative power status and ambition It looks at the way Alcibiades is approximated to archetypes of the individual outside the city the tyrant the athletic victor the ostracism victim the scapegoat the barbarian Whereas modern discussions of ancient Athens and Athenian civic texts stress collective ideology this study focuses on the opposing strand in tension with this dominant ideology the fascination with the powerful individual The book is thus at once a contribution to the study of civic ideology and also to that of the individual and of the role of the individual in classical texts rhetoric the historiography of Thucydides the Platonic dialogue The book also considers the development of the post classical depiction of Alcibiades concluding with a study of Plutarch's reaction both to this tradition and to the classical texts *Attic Red-figured Vases in American Museums* John Davidson Beazley, 1918

Courtesans at Table Laura McClure, 2014-02-25 Witty nicknames crude jokes public nudity and lavish monuments all of these things distinguished Greek courtesans from respectable citizen women in ancient Greece Although prostitutes appear as early as archaic Greek lyric poetry our fullest accounts come from the late second century CE Drawing on Book 13 of the Athenaeus *Deipnosophistae* which contains almost all known references to hetaeras from all periods of Greek literature Laura K McClure has created a window onto the ways ancient Greeks perceived the courtesan and the role of the courtesan in Greek life **Catalogue of Works on the Fine Arts** Bernard Quaritch (Firm), 1909
