Prosperous Society, The: From Economics Of Scarcity To Economics Of Abundance Yoram Kirsh,2023-11-17 The classical economic theory fails to truly describe the economies of prosperous societies This is because traditional economics deals with the allocation of resources in conditions of shortage while the urgent economic problems of a prosperous society are mainly associated with conditions of abundance This book presents the hallmarks of a prosperous society and analyzes the special problems that it faces It differentiates between the two types of economies the traditional one which is based on scarcity and the prosperous economy which is able to fulfill almost everyone s needs The book

analyzes what motivates these two types of economies what challenges them and what features or manifestations of success and failures characterize their current statuses and their futures This book is an original and pioneering work It analyzes the economy of the prosperous society from the perspective of the third decade of the 21st century It is an interesting engaging text on a theme that we seldom see and read about TURKISH ECONOMIC ASSOCIATION INTERNATIONAL

CONFERENCE ON ECONOMICS ICE-TEA 2018 Ercan Uygur,Huseyin Karamelikli,2018-12-31 **A Question of Worth**

Chris Steed,2016-09-14 We live in a world that has become a resource a world conditioned by the progressive domination of a monetary scale applied across the board Our value and worth are contingent upon what we earn on what we own Amidst the increasing financialisation that characterises much of the globe the prevailing ethos is that the only values we can usefully measure are those that can be quantified and expressed in terms of economics Yet economic value and the value of the human are closely connected erode the economic and you erode the personal In the global economic crash of recent years it has been people who have been under assault not just financial value The vulnerability of a society shaped solely by economic and monetised transactions is exposed when the economy and the monetisation of everything fails When the economic machine seizes up it is people who are devalued and dumped Drawing upon his experience in government education and the Church the author asks Must we be a market society as well as a market economy Can we devise a non economic account of describing human value and worth Christopher Steed argues that the really important issues that frame the contemporary human situation are those that cannot be measured Quality is also vital to human flourishing what after all is wealth for In this timely and important work the author calls for a wider concept of value one that encompasses both economic value and human value and for a society that cultivates the importance of the human **The Next Production**
