Measure of Dissent Andy Kasch,2022-11-11 A fool assumes his allies are immune to treason s seduction Three years after the first Ossurian War the Erobian Alliance begins to fracture when one of its most powerful members commits baffling acts of dissention In an attempt to diffuse a precarious hostage situation the Torian High General turns to his most effective tool the prominent Earthling Brandon Foss Brandon is reluctantly thrust into a high stakes game of interstellar diplomacy which tests his gamesmanship as well as his battle skills in an effort to prevent an all out war between three star systems But he may already be too late Unfortunately far off star systems aren t the only place where the flames of discord are kindled The twin planets of Tora enter into a decisive struggle as Belle ub the red Sheen leader who has usurped control of Amulen shows his true colors in an attempt to take over Banor as well Few see him for the threat he actually is A violent struggle between the two Sheen factions ensues which inadvertently entangles Derek a man only trying to return to his hippie roots who must now face his own defining test of character All the while something mysterious begins happening to the Torian humans Something

that might even explain much of the burgeoning strife in the Erobian Sphere Consequently their list of enemies begins to grow It s a shame the only ones who don t seem to know about it are the humans **Test of Magnitude** Andy Kasch,2014-01-08 Revenge is only justice when it can be administered without hatred Book One of The Torian Reclamation Welcome to the Tora star system home of the spectacular Cardinal 4 space station overlooking Amulen and Banor twin worlds that share the same orbit One visit and you ll understand why this station is the pinnacle of Torian achievement and a wonder of the Erobian Sphere Unfortunately your timing isn t great Many centuries of peace and prosperity are on the verge of collapsing for members of the Erob coalition as signs of the first interstellar wars loom The half breeds tell us it is because we are now forsaking the ancient law and have thus allowed an evil infection to begin spreading through the galaxy But those Erob half breeds have always been a little over dramatic haven t they Brandon Foss an unhappily married Virginian in his early thirties awakes from a strange dream to discover he has been abducted from Earth and kept in cryonic preservation on Amulen for two decades One other resuscitated human is with him a knucklehead who almost seems as alien to Brandon as their reptilian captors A friendship of convenience forms as the two Earthlings soon become unwittingly intertwined in Torian politics and military affairs at a time it turns out when the Torians desperately need just such intertwining **Test of Fortitude** Andy Kasch,2022-11-10 Protecting your home is best accomplished from your enemy s front yard Five years after the malicious attack by the unknown dark ships Tora has achieved an unparalleled military buildup The Torians are now the alpha male of the Erobian Sphere and have taken to making regular patrols in whatever regions they see fit but especially along the outer rim where the High General has come to sense covert enemy activity When a fresh piece of happenstance intelligence only further fans those flames of suspicion he convinces his old Earthling friend Brandon Foss to undertake a special mission The plan has its risks but it may be the only way to flush the enemy out into an open confrontation away from Torian space Unbeknownst to Brandon or the Torian military three younger generation Earthlings and their unique pet have also ventured out across the sphere where they unwittingly tread on a hidden enemy base Jumper Alan and Kayla s goofily botched vacation plans land them at a critical point in the enemy s farthest advancement Finding themselves alone disparaged and far from home the three friends have no way of realizing that the manner in which they now cope with their rocky circumstances may well affect the course of the entire war And oh yeah There s Intense space battles Intriguing aliens with unusual attributes and abilities New technology advancements and um enlightening spiritual revelations Climbing running ducking shooting hovering crouching pouncing Trial by fire for eco political ideals And of course an evil flute that sounds like a drum **Test of Servitude** Andy Kasch,2022-11-15 A true leader must cultivate a heart of service rather than authority What will Earth be like That s the question on every Torian human mind Some a minority remember it with fondness But the majority dread the long delayed Earth relocation mission Brandon Foss their unwitting leader hardly blames them for their fear of the unknown Unfortunately he has too many logistical problems just trying to get them there to deal

with that some of which only validate their fears It s been 39 Tora years since the first of 372 Earthlings were revived from cryonic preservation More than half a century has passed on Earth since their individual abductions The human population on Banor has grown to more than two thousand including 348 first generation survivors The bulk of these people will be forced to leave the only home they ve ever known to move to a place with unfamiliar hazards and a shorter life expectancy where they do not know if they will even be welcome Then again they have not exactly felt welcome on Banor the last few years When a new alien attack coincides with a sobering shave from a cosmic natural disaster most of the Earthlings finally realize they belong on their home planet come of it what may No big project is ever easy and that s without the endless chain of sinister roadblocks which seem to plague Brandon s final mission Ultimately the entire human population will have to test the old prophecies about the true identity of their worst enemy if they are to reach a safe harbor where they can build a promising future This is Book 5 of the Torian Reclamation and the final installment of the series which took more than eight years to complete The author hopes the conclusion prompts a rusty old gear or two in your mind to start turning Enjoy
