Investing in Miracles Katharine L. Wiegele, 2004-09-30 Since the early 1980s approximately ten million people have turned to charismatic businessman turned preacher Brother Mike and his Catholic prosperity movement El Shaddai DWXI

Prayer Partners Foundation International Inc Investing in Miracles offers an in depth look at this unique indigenous movement characterized by its effective use of mass media and its huge emotion filled outdoor rallies The book investigates the sociocultural political and economic contexts of El Shaddai s popularity among the Filipino urban poor and aspiring middle classes and explores its significance for its followers which reaches well beyond promises of appliances salary raises jobs abroad and healing Katharine Wiegele argues that Shaddai s theology directly engages and affirms desires for the material signs of modernity in ways that the mainstream Philippine Roman Catholic Church and Filipino leftist movements do not At stake for its many adherents are their place and identity within the broader society the meaning of their experiences of poverty suffering and oppression and the relevance of their very notions of God Christian community and Christian life Wiegele evocatively captures the religious and everyday experiences of her informants lives in poor squatter neighborhoods of Manila She is particularly sensitive to El Shaddai s delicate and often contorted relationship with the Catholic Church which accepts the movement reluctantly fearful of losing the loyalty of millions of faithful Catholics While anchored in the local realities of the Philippines Investing in Miracles will be of great interest to readers elsewhere for its exploration of religious seduction and interpretation the interface between religion and politics and the relevance of religion for the urban disenfranchised

Christ in the Classroom Jared Dees, 2018-09-07 If the goal of catechesis is to cultivate an encounter with Christ why do religious educators spend so much time focused almost exclusively on ideas and not experiences The reason is that many have never been shown a method that inspires the heart while also instructing the mind Jared Dees creator of the popular website The Religion Teacher shows how applying the steps of lectio divina to teaching can reorient religious education toward encountering the person of Christ rather than merely sharing information about him In Christ in the Classroom Catholic author and speaker Jared Dees applies the five steps of lectio divina reading learning meditation prayer contemplation and action to the ministry of catechesis He offers teachers and catechists a practical framework for preparing lessons that broaden the focus of teaching from mostly intellectual learning to also encountering Christ in prayer reflection and action Using this method students and catechists come to know intimately the person of Christ at the same time that they are learning the tenets and traditions of the Church Dees shares stories of success and failure from his own teaching experience and he offers dozens of field tested strategies tactics and teaching methods to effectively integrate the steps of lectio divina into the classroom or other catechetical setting Outfitted with these tools both experienced and new religious educators will feel confident in their ability to teach effectively and lead their students to a life changing encounter with Jesus
