looking over your shoulder and wondering about the things that go bump and howl and screech in the night      Return of the Stargods Richard Vizzutti,2003 Return of the Stargods reveals how the ancient alien gods of old will soon return to establish a New World Order of satanism The book also takes the reader through the Bible showing a vast amount of scriptures that the churches ignore or will not deal with Scriptures reveal that there is a fifth column that lives among us that are working against God s children in establishing a New World Order as an ultimate goal They are the ones among us that are waiting for their father to return to them as the beast who will crush all opposition to his rule But this will not take place until the Rapture of the church takes place first The Bible is also very clear that a government of fallen angels now runs this earth They run all aspects of our matrix reality and remain hidden behind a shadow government There are strong indications in scripture that there is also royalty of non humans called the Reptilians and Nephilim that rule over us They are the ones that have come from hell to transform themselves into rulers of this world The Return of the Stargods makes a good case for all this strangeness by using scripture and not just opinions and hearsay This book is very deep and not meant for shallow Christians that believe in Church doctrine and not Bible doctrine This book is a must for those Christians that want a deeper understanding of endtimes and spiritual warfare It will teach you how to see all the people around us for what they really are so that we can best protect ourselves from these predators Return of the Stargods is an introduction to the reality that lies outside the box If you are a discerning Christian who regards scripture as the final authority and not church then this book is a must read      Weird Science and Bizarre Beliefs Gregory L. Reece,2008-10-30 Does the giant Yeti roam the mountain ranges of Tibet Does a real life Shangri La lie waiting to be discovered in a Himalayan valley Do transmissions from lost civilizations beam messages of salvation to humankind What lost creatures lurk in the murky depths of Scotland s brooding Loch Ness And who or what is responsible for the implacable monoliths which tower over Easter Island The obsession that so many now have with the uncanny and the unnatural is in itself a mystery It prompts serious questions which could have remarkable answers Drinking deep from the wells of esoteric knowledge Greg Reece undertakes a heroic quest for solutions Braving the darkest recesses of cult belief he stalks the twilight borderlands of contemporary culture where at the outer edges of mainstream thought things become downright freaky and outlandish Taking his life in both hands the author explores a subterranean cavern reputed to be the home of elusive blue skinned troglodytes goes hiking in the backwoods for a glimpse of Bigfoot investigates the truth of Alternative Archaeology in search of Atlantis and tests for himself the time travel and anti gravity theories of famed inventor Nikola Tesla Unashamedly revelling in the unexplained Weird Science and Bizarre Beliefs is both a penetrating analysis of the hidden underbelly of science pseudo science and religion as well as an unforgettable journey into the innermost depths of the fantastic the extraordinary and the peculiar      The Odyssey David Bramwell,Jo Tinsley,2019-01-08 Explore the extraordinary stories behind some of the greatest and strangest adventures and explorations in human history      *The Bye Bye Man* Robert Damon Schneck,2016-05-31 The True Story behind the Terrifying

**A New Order of the Ages** Collin Robert Bowling, 2011 For millennia the human race has been controlled and manipulated by forces beyond our own dimension or awareness A carefully managed human extra dimensional breeding program has produced a hybrid slave race that isn't aware of its true origins or fate Few know that these shadow puppeteers are actually in control or that they even exist They are not human but then again neither are we As the epic battle of consciousness expands into the outer dimensions we know that one thing is for certain When the Liberty Bell rings once again their empire will be reduced to a heap of ashes There will be an army of forces backed by the highest of forces in the heavens which will conduct this re-awakening of the masses This story recounts the takeover of planet Earth by the Snake of Zion and shares everything you need to know to be truly free The battleground is within each of us and our captors are but a reflection of humanity Unless we change ourselves how will the reflection be changed Hopefully after this enduring encounter deep into the rabbit hole you will realize how this reality has been manipulated by forces in the fourth dimension In order to succeed we must propel ourselves through the heart chakra and into the fifth dimension where the beloved Terra will find the peace and dignity that she deserves The fate of the world hangs in the balance All we have to do now is make a choice

Michael Mott,2011-12-07 Expanded THIRD Edition with 4 NEW CHAPTERS and dozens of new and additional images Grave Distractions Publications is proud to announce the publication of the 3RD EDITION of the cult classic CAVERNS CAULDRONS AND CONCEALED CREATURES is the first book of its kind to examine the striking similarities between folklore religious mythic new age fictional and first hand eyewitness and historical accounts of anomalous beings entities cryptids hidden civilizations and related anomalies Drawing from scientific facts folklore comparative mythology and eyewitness anecdotal sources it is demonstrable that the structure of our planet the history of our species the underlying truths disguised as our myths legends folklore and pop culture imagery are not quite what we have been led to believe The Earth itself is much more complex in structure than we have realized and

our species has perhaps experienced through the ages encounters and conflicts with others non human intelligences or beings of various types who have seldom been our friends Memories and accounts of these encounters have come down to us in the form of folklore and mythology often viewed with superstitious terror or awe through the conditioned lenses of religions religious interpretation or folk traditions Such encounters are continuing today The theories put forth in this book are based on two types of evidence very strong circumstantial evidence based on folklore mythology religion legends archeology geology and related areas and first hand or witness accounts both ancient and modern Often these two areas of source material or even anecdotal evidence overlap It is possible that these various phenomena and beings are in fact modern representations of those who have traditionally been considered fairies gnomes trolls nagas djinn aliens and their magic is a technology of such antiquity advancement and complexity that it is to our limited understanding magical With UFOlogy cryptozoology Fortean phenomena and all the rest we are in fact seeing perhaps even participating in an ongoing contemporary update of folklore which is in actuality the way our human minds attempt to gather categorize assimilate comprehend and decipher as well as cover up with terror masking simplifications the very REAL evidence for the existence of such beings and their ongoing yet seemingly inexplicable activities From ancient myths to modern experiences from credible witnesses it is ALL folklore and ancient folk traditions may contain much more truth than has previously been believed just as forteana and related topics do today Once we make the leap of understanding that the creation of folklore is part of the process of comprehending these mysteries and even may be caused by them the whole picture of our culture literature fairytales Jungian archetypes and so on takes on an entirely different light The creation of folklore based on very real others and their parasitical or otherwise peripheral activities has become an instinctive mind protecting function for the collective human mind Throughout our oral and written history as a species folktales and folk traditions have either hinted at or indicated the reality of this hidden world which surrounds us The furtive and parasitical nature of this alternate reality leaves no doubt as to the intrinsic hostility of these others or at best the indifference that some of their racial types or subspecies exhibit toward humankind This book has been previously published in a First Edition an expanded Second Edition and now is offered EXCLUSIVELY in a greatly expanded magnum opus 3rd Edition presentation by Grave Distractions Publications with introductions by Brad Steiger Micha Hanks Brian J Allen and Dean de Lucia
