

needed, timely communication of possible updates of CBAHI accreditation policies or standards to concerned facilities.

Application for Reaccreditation Survey

The update for a re-accreditation survey should be completed by accredited hospitals. This update for re-survey must be completed and submitted to CBAHI twelve weeks prior to the accreditation expiration.

Resources to Assist Hospitals

CBAHI will assign each hospital enrolled for a survey a HAD's accreditation coordinator, who will serve as a primary contact between the hospital and Healthcare Accreditation Department (HAD). This individual will coordinate survey planning and will be available to the hospital to answer questions and clarify issues related to the survey process. In order to assist hospitals for preparation of surveys, hospitals are offered the following resources:

1. CBAHI Standards Manual

All hospitals receive a copy of the standards manual upon registration with CBAHI. This will facilitate for the hospital to gain better understanding of the standards' requirements as well as the accreditation policies. The standard manual is divided into three parts:

- Part I – Introduction and explanatory notes.
- Part II – CBAHI accreditation policies.
- Part III – Accreditation standards for hospitals.

2. Accreditation Process Guide

The Accreditation Process Guide provides additional useful information to assist hospitals prepare for a survey. Additionally, it emphasizes self-assessment and ongoing standards compliance and continuous quality improvement. The hospitals are provided with this guide upon successful registration with CBAHI.

3. Self-Assessment Tool (SAT)

A successful self-assessment will provide valuable information that may be used for modification and improvement of the performance of the hospital. Upon receipt and review of the hospital's application, the hospital will receive electronic access to a self-assessment tool (SAT). The SAT will facilitate for the hospital its self-assessment and follow up of the progress of implementation. The SAT is fully explained in the accreditation maintenance section of this document as part of the post-survey activities.

4. Hospital Orientation Programs (HOP)

CBAHI provides orientation programs in different regions of the Kingdom of Saudi Arabia. It offers hospitals an introduction to the standards and their implementation, the accreditation policies, as well as the survey process to make the survey preparation successful. Dates and venues of the orientation programs are communicated to the hospitals in a timely manner.

Cbahi Reaccreditation Guide:

Patient Safety Abha Agrawal, Jay Bhatt, 2023-10-16 This book aims to serve as a playbook and a guide for the creation of a safer healthcare system in the contemporary healthcare ecosystem. It meets this goal through examinations of clinical case studies that illustrate core principles of patient safety, coverage of a broad range of medical errors including medication errors and solutions to reducing medical errors that are widely applicable in many settings. Throughout the book, the chapters offer viewpoints from healthcare leaders, accomplished practitioners, and experts in patient safety. In addition to highlighting important concepts in patient safety, the book also provides a vision of patient safety in the subsequent decade. Furthermore, it will describe what changes need to fall into place between now and the next 10-15 years to have that future realized. The book presents and analyzes a number of cases to illustrate the most common types of medical errors and to help readers learn the key clinical, organizational, and systems issues in patient safety. Patient Safety 2nd edition is an invaluable text for all physicians, healthcare workers, policymakers, and residents who are working towards a more equitable and effective healthcare system.

Family Practice in the Eastern Mediterranean Region Hassan Salah, Michael Kidd, 2018-10-26 This is the first book to analyze in depth the current causes of shortage of family physicians and the relative weakness of the family practice model in many countries in the Eastern Mediterranean Region. Focusing on engagement with the private health sector in scaling up family practice, the book explores why primary health care can make the difference and how it can be introduced and strengthened. Comparative experiences from around the world put the EMR in context, while the book also highlights where the EMR is special in particular the burden for health care of refugees and displaced persons and the need of public-private partnerships.
