INTRODUCTION

BATTERY CHARGER PLUS

Thank you for purchasing your new Snap-on Battery Charger Plus.

The EEBC500 is an advanced, full featured battery charger with additional functions that make it a battery service system.

The microprocessor is the heart of the multistage charging algorithm built into the EEBC500. Microprocessor-based charging technology achieves an extremely versatile charging algorithm, and provides a user-friendly set of controls and an easy-to-read digital display (voltage, % of charge, alternator % of performance). The versatility allows many different battery types to be charged.
