Writing for Health Professionals

Philips Burnard,2013-11-22

Writing for Health Professionals

Philip Burnard,2013-12-20 I try to leave out the parts that people skip Elmore Leonard This book is all about writing it is both a practical and a personal account When you write a book like this you put yourself on the line you run the risk of people reading what you have written and saying he s saying one thing and doing another You stand to break the rules that you set up quite badly That is probably not such a terrible thing besides that should be part of the process of using this book As you read it notice when rules are broken Check the phrasing the sentence and paragraph construction and see whether or not I have stuck to the rules Then see whether or not the rules would have improved the passage in question Begin to read books as much for their style layout and general format as for their con tent If you are going to write you need to see plenty of examples of all of these things good bad and indifferent to write for some time but was always This is a book I have wanted nervous of writing so here it is an introduction to some of the ways and means of writing It is as I say personal I hope it will be useful A word about sexism and the writing process I find the use of his or her and its variants clumsy

Urban Regeneration J.N. Berry,N.G. Deddis,W.S.

McGreal,2013-11-05 This book provides an in depth analysis of the role of property investment and development in the urban regeneration process It relates the physical economic financial and environmental aspects of urban change and development to the realities of particular cities by case studies drawn from Britain and Europe

The Routledge Course in Arabic

Business Translation Mahmoud Altarabin,2021-09-15 The Routledge Course in Arabic Business Translation Arabic English

Arabic is an essential coursebook for university students wishing to develop their skills in translating different types of business texts between English and Arabic Practical in its approach the book introduces translation students to the concept

of translation and equivalence in the context of business texts business translators and the linguistic and syntactic features of business texts It also highlights translation tools and technology in addition to the translation strategies which can be adopted to render business texts between English and Arabic Key features in the book include Six comprehensive chapters covering after the Introduction the areas of economics management production finance and marketing in the translation industry Detailed explanation of the lexical and syntactic features of business texts Practical English and Arabic business translation texts featuring a vast business vocabulary bank Authentic business texts extracted from English and Arabic books containing economic management production finance and marketing texts Great range of English and Arabic translation exercises to enable students to practice their familiarity with business vocabulary they learned throughout the book and Glossaries following all English and Arabic business texts containing the translation of main vocabulary items The practicality of the approach adopted in this book makes it an essential business translation coursebook for translation students In addition the carefully designed content helps students to easily explore different types of business texts familiarize themselves with main words and do translation exercises University instructors working on English and Arabic business translations will find this book highly useful

Doing your Research Project in Sport Chris Lynch,2010-05-20 The research project is a major component of most higher education sport courses While undertaking a research project can be an exciting and rewarding experience it can all too easily lead to stress and disappointment Mistakes made early in the process in the design of experiments for example can lead to frustration later on This accessible book guides students through the process from the initial stages of research identifying problems and designing questions right through to the presentation of their findings

Brief-Writing Master Plan Chinua Asuzu,2022-08-23 As much a sword as a shield Brief Writing Master Plan offers an unparalleled and unprecedented curriculum of written advocacy It s a sparkling alchemical blend of doctrine ethics and skills It recruits linguistics logic psychology rhetoric and semantics into the arsenal of learned advocacy It contains the rhetorical wisdom of ages pages and sages An advocate files a brief to persuade the judge to decide the lawsuit in favor of the advocate s client The keyword is persuade Too often advocates forget this and write to please themselves They address themselves instead of the court They write in chest thumping prose and style Advocates will do well to keep in mind that in advocacy all that counts is persuading the judiciary Hence Brief Writing Master Plan responds to the judicial wish list for advocates writing style and substance This book is a transformative resource with the potential to accelerate court proceedings by easing judicial burdens and caseloads A sober reflection on the advocate s duty to the court Brief Writing Master Plan encourages professional candor decency and honesty Writing as taught in this book will surely propel you to the top 1% of the global legal profession and secure your legacy

The Winning Brief: 100 Tips for Persuasive Briefing in Trial and Appellate Courts Bryan A. Garner,2004-02-13 Good legal writing wins court cases It its first edition The Winning Brief proved that the key to writing well is understanding the judicial readership Now in a revised and updated

version of this modern classic Bryan A Garner explains the art of effective writing in 100 concise practical and easy to use sections Covering everything from the rules for planning and organizing a brief to openers that can capture a judge's attention from the first few words these tips add up to the most compelling orderly and visually appealing brief that an advocate can present In Garner's view good writing is good thinking put to paper Never write a sentence that you couldn't easily speak he warns and demonstrates how to do just that Beginning each tip with a set of quotable quotes from experts he then gives masterly advice on building sound paragraphs drafting crisp sentences choosing the best words Strike pursuant to from your vocabulary quoting authority citing sources and designing a document that looks as impressive as it reads Throughout he shows how to edit for maximal impact using vivid before and after examples that apply the basics of rhetoric to persuasive writing Filled with examples of good and bad writing from actual briefs filed in courts of all types The Winning Brief also covers the new appellate rules for preparing federal briefs Constantly collecting material from his seminars and polling judges for their preferences the second edition delivers the same solid guidelines with even more supporting evidence Including for the first time sections on the ever changing rules of acceptable legal writing Garner's new edition keeps even the most seasoned lawyers on their toes and writing briefs that win cases An invaluable resource for attorneys law clerks judges paralegals law students and their teachers The Winning Brief has the qualities that make all of Garner's books so popular authority accessibility and page after page of techniques that work If you're writing to win a case this book shouldn't merely be on your shelf it should be open on your desk *Spon's Landscape Contract Handbook* Hugh Clamp,H.

Clamp,2003-09-02 This indispensable manual for landscape work covers the documentation and management of landscape contracts It is written for all those involved in the landscape industry Studying for Science E.B. White,2006-05-23 This is a user friendly guide for the science student to the location and use of the various forms of scientific information methods of study and revision essay and report writing practicals and project presentation The changes in requirements of science syllabuses mean that more emphasis is now placed on the student centered learning the topics covered in this study guide reflect those needs Management and Business Skills in the Built Environment Mike Waterhouse,Geoff Crook,1995 The third book in this series is written by a team of interdisciplinary teachers and professionals led by Mike Waterhouse and Geoff Crook is aimed at students and professionals in the built environment who wish to develop their management and business skills In a rapidly changing world where techniques and custom and practice can date soon after discovery where organisations are constantly changing shape and style to cope with rapid technological economic political and social change there is a need for managers and built environment professionals who know how to learn who are self aware enough to know when they don't know and who have the confidence and personal substance to be able to initiate the required learning activities when necessary Countryside Recreation Mr Peter Bromley,Peter Bromley,2014-03-05 Countryside Recreation outlines the principles of recreation site development and management in the countryside It explains the process of

management the legal framework and the opportunities and facilities available This book will provide an excellent introduction to the skills and issues with which today s countryside recreation managers need to be familiar It is designed to be used as a concise management handbook with checklists management plans and appendices of useful information
