The Nehemiah 52 Day Challenge: Rebuilding Your Wall of Health connects the actions of the God-fearing man Nehemiah to the physical, mental, and spiritual health of believers using the Book of Nehemiah. As it works through this book four different times during the 52 days, it challenges the reader to implement the spiritual actions which the book describes along with day-to-day lifestyle habits which will help to rebuild the Wall of Health of everyone in many different aspects of their lives. The book not only addresses issues pertaining to the body but it also encourages the reader to consider other areas of their lives where their walls are weak as they allow toxins to intrude into their brains, bodies, and beliefs. It also brings to light the problem of their wall becoming too impenetrable in unhealthy ways such as in refusing relationships, failing to admit responsibility and weaknesses, refusal to receive instruction, or in disconnecting from others in unhealthy ways. In addition, the topics of trauma, oppression, greed, relationships, sleep, depression, anxiety, mood, anger, water, behavior, learning, nourishment, environmental inputs, digestion, brain health, the gut-brain connection, exercise, and work ethic plus much more are addressed. The book consists of 52 action steps based on connections made from the Book of Nehemiah to the health and behavior of all individuals. *A Labor of Love, Volume 1* Anna D. Arapakos, 2024-10-01. You hold the first of two volumes of one giant love story in your hands. In essence, this story is about Anna Arapakos' father and how she came to care for him when he was elderly; this phenomenon is a universal experience all will share or witness in one capacity or another. If you are interested in probing into life's hows and whys, you will appreciate the information she shares in this first volume. Here you'll discover the science behind Huntington's disease (HD) and her Greek father's life from birth until age sixty through carefully chosen family stories that bring to life historical facts that shaped his outlook and foundational experiences. That way you will have a baseline to see how HD impacts and distorts certain inherent features, ways, and tendencies of her father. You will learn about genetics, neurology, and critical characteristics of this rare and progressive disease and will be able to distinguish it from other neurodegenerative diseases. She shares this foundational information on HD so you can appreciate how and why changes occur at every level: intellectual, physical, psycho-emotional, and spiritual. In *A Labor of Love Vol 1: Understanding Hercules*, Miss Arapakos' father is Hercules, and the portion of the myth she shares in this volume revolves around everything in Hercules' life before he undertakes the labors for which he has become so well-known. Here is also where she recounts her father's cultural/historical background and the essentials of Huntington's disease, including its features, the genetic backdrop, its impact on the brain, and much more. Then she proceeds to make apt analogies between Hercules and her father during the formative years; this book stops at the point when her dad retires and his disease really

Bruehler, 2014-04-28 Holding Hands with Pascal is about the story of one family's journey to follow Christ with a special needs child. The chapters intertwine memoir, biblical study, and theological reflection to reveal that weakness is a gift from God that is indispensable for our discipleship. Ranging from creation through daily life to the return of Jesus, a father tells of how the unusual and challenging life of his son Pascal has affected their entire family and where they have found morsels of grace in scripture and community to help sustain them. For families with special needs children, groups seeking to grow as disciples, and churches seeking a way of faith in weakness, Holding Hands with Pascal offers insights and an inspiration for the way.
