Srivastava, Kumkum Sinha**

Feminism Issues And Arguments:

Feminism Jennifer Mather Saul, 2003 A stimulating and accessible introduction to feminist philosophy The chapters are organised around key issues of practical significance such as pornography abortion and sexual harassment Clear arguments are provided for a variety of feminist positions drawing upon up to date empirical research No background in feminism or philosophy is needed and the clarity of the narrative ensures that **Feminism Issues and Arguments** will appeal to a wide audience

Understanding Feminism Peta Bowden, Jane Mummary, 2014-12-05 **Understanding Feminism** provides an accessible guide to one of the most important and contested movements in progressive modern thought Presenting feminism as a dynamic multi faceted and adaptive movement that has evolved in response to the changing practical and theoretical problems faced by women the authors take a problem oriented approach that maps the complex strands of feminist thinking in relation to women s struggles for equal recognition and rights and freedom from oppressive constraints of sex self expression and autonomy Each chapter focuses on a different cluster of concerns demonstrating key moves in second wave feminist thought as well as some of the diversity in response strategies that encompass both socio economic and cultural symbolic concerns This approach not only shows how central feminist insights theories and strategies emerge and re emerge across different contexts but makes clear that far from being over feminism remains a vital response to the diverse issues that women and men find pressing and socially important

An Introduction to Feminism Lorna Finlayson, 2016-02-11 As well as providing a clear and critical introduction to the theory this refreshing overview focuses on the practice of feminism with coverage of actions and activism bringing the subject to life for newcomers as well as offering fresh perspectives for advanced students Explanations of the main strands to feminism such as liberalism sit alongside an exploration of a range of approaches such as radical anarchist and Marxist feminism and provide much needed context against which more familiar historical themes may be understood The author s broad and inclusive view conveys the diversity and disagreement within feminism with accessible clarity The analysis of key terms equips readers with a critical understanding of the vocabulary of feminist debates that will be invaluable to undergraduate students

On John Berger, 2015-10-14 This volume offers the first collection of essays on the work of John Berger one of the most intriguing contemporary English writers Comprising pieces by an interdisciplinary group of academics *On John Berger* spans the full range of Berger s prolific output as art critic novelist collaborator on films and photo text books and essayist Writing polemic art criticism passing on part of the Booker Prize money to the Black Panthers and quitting the London literary scene in the 1960s in order to settle in the French Alps Berger has always been a controversial figure *On John Berger* explores his self fashioning as a public figure and simultaneously examines the literary visual and collaborative strategies of his work Contributors Marta Aleksandrowicz Wojtyna John Bowen Rachel Bower Jonathan Conlin Ralf Hertel Charlotte Kent Bartosz Lutostanski David Malcolm Timothy Neat Tom Overton Pilar S nchez Calle Joshua Sperling Monika Szuba Richard Turney Stefan Welz Mi osz Wojtyna

Nü

Xing Zhu Yi Jennifer Mather Saul, 2010 Filling a gap in the textbook market *Feminism Issues Arguments* provides an accessible and stimulating introduction to feminist philosophy that assumes no background in the subject Drawing on both philosophical thought and up to date empirical research Jennifer Mather Saul provides lucid arguments for a variety of feminist positions but avoids advocating any particular position so that students will be motivated to think critically The chapters are organized around key topics including pornography abortion sexual harassment and the politics of work and family By focusing on real world applications of feminist philosophy this text brings the subject to life for students because it deals with issues that they care about *Feminism Issues Arguments* is ideal for courses in feminism feminist philosophy philosophy of women and sociology of women pub desc

The Wrong of Injustice Mari Mikkola, 2016-07-01 This book examines contemporary structural social injustices from a feminist perspective It asks what makes oppression discrimination and domination wrongful Is there a single wrongness making feature of various social injustices that are due to social kind membership Why is sexist oppression of women wrongful What does the wrongfulness of patriarchal damage done to women consist in In thinking about what normatively grounds social injustice the book puts forward two related views First it argues for a paradigm shift in focus away from feminist philosophy that is organized around the gender concept woman and towards feminist philosophy that is humanist This is against the following theoretical backdrop Politically effective feminism requires ways to elucidate how and why patriarchy damages women and to articulate and defend feminism's critical claims In order to meet these normative demands an influential theoretical outlook has emerged for emancipatory purposes feminist philosophers should articulate a thick conception of the gender concept woman around which feminist philosophical work is organized However Part I of the book argues that we should resist this move and that feminist philosophers should reframe their analyses of injustice in humanist terms Second the book spells out a humanist alternative to the more prevalent gender focus in feminist philosophy This hinges on a notion of dehumanization which Part II of the book develops The argued for understanding of dehumanization is used to explicate the wrongness making feature of social injustices both in general and of those due to patriarchy Dehumanization is not another form of injustice rather it is that which makes forms of social injustice unjust The book's second part then provides a regimentation of social injustice from a feminist perspective in order to spell out the specifics of the proposed humanist feminism and to demonstrate how it improves some non feminist analyses of injustice too

An Introduction to Feminist Philosophy Alison Stone, 2007-12-17 This is the first book to offer a systematic account of feminist philosophy as a distinctive field of philosophy The book introduces key issues and debates in feminist philosophy including the nature of sex gender and the body the relation between gender sexuality and sexual difference whether there is anything that all women have in common and the nature of birth and its centrality to human existence *An Introduction to Feminist Philosophy* shows how feminist thinking on these and related topics has developed since the 1960s The book also explains how feminist philosophy relates to the many forms of feminist politics The book provides clear

succinct and readable accounts of key feminist thinkers including de Beauvoir Butler Gilligan Irigaray and MacKinnon The book also introduces other thinkers who have influenced feminist philosophy including Arendt Foucault Freud and Lacan Accessible in approach this book is ideal for students and researchers interested in feminist philosophy feminist theory women s studies and political theory It will also appeal to the general reader The Oxford Handbook of Contemporary Philosophy Frank Jackson, Michael Smith, 2007-11-29 A guide to today s most exciting research in academic philosophy with more than 30 distinguished scholars to contribute incisive and up to date critical surveys of the principal areas of research

Trouble With Gender Alex Byrne, 2023-10-04 Sex used to rule Now gender identity is on the throne Sex survives as a cheap imitation of its former self assigned at birth on a spectrum socially constructed and definitely not binary Apparently quite a few of us fall outside the categories male and female But gender identity is said to be universal we all have one Humanity used to be cleaved into two sexes whereas now the crucial division depends on whether our gender identity aligns with our body If it does we are cisgender if it does not we are transgender The dethroning of sex has meant the threat of execution for formerly noble words such as woman and man In this provocative bold and humane book the philosopher Alex Byrne pushes back against the new gender revolution Drawing on evidence from biology psychology anthropology and sexology Byrne exposes the flaws in the revolutionary manifesto The book applies the tools of philosophy accessibly and with flair to gender sex transsexuality patriarchy our many identities and our true or authentic selves The topics of *Trouble with Gender* are relevant to us all This is a book for anyone who has wondered Is sex binary Why are men and women different What is a woman or simply Where can I go to know more about these controversies Revolutions devour their own children and the gender revolution is no exception *Trouble with Gender* joins the forefront of the counter revolution restoring sex to its rightful place at the centre of what it means to be human **Feminist Thought** Rosemarie Tong, Tina Fernandes

Botts, 2018-05-04 A classic resource on feminist theory *Feminist Thought* offers a clear comprehensive and incisive introduction to the major traditions of feminist theory from liberal feminism radical feminism and Marxist and socialist feminism to care focused feminism psychoanalytic feminism and ecofeminism The fifth edition has been thoroughly revised and now includes a new chapter on Third Wave and Third Space Feminism Also added to this edition are significantly expanded discussions on women of color feminisms psychoanalytic and care feminisms as well as new examinations of queer theory LGBTQ and trans feminism Learning tools like end of chapter discussion questions and the bibliography make *Feminist Thought* an essential resource for students and thinkers who want to understand the theoretical origins and complexities of contemporary feminist debates **Beyond Speech** Mari Mikkola, 2017 This collection of eleven new essays contains the latest developments in analytic feminist philosophy on the topic of pornography While honoring early feminist work on the subject it aims to go beyond speech act analyses of pornography and to reshape the philosophical discourse that surrounds pornography A rich feminist literature on pornography has emerged since the 1980s with Rae Langton s speech

act theoretic analysis dominating specifically Anglo American feminist philosophy on pornography Despite the predominance of this literature there remain considerable disagreements and precious little agreement on many key issues What is pornography Does pornography as Langton argues constitute women s subordination and silencing Does it objectify women in harmful ways Is pornography authoritative enough to enact women s subordination Is speech act theory the best way to approach pornography Given the deep divergences over these questions the first goal of this collection is to take stock of extant debates in order to clarify key feminist conceptual and political commitments regarding pornography This volume further aims to go beyond the prevalent speech acts approach to pornography and to highlight novel issues in feminist pornography debates including the aesthetics of pornography trans identities and racialization in pornography and putatively feminist pornography

Feminist Philosophy Elinor Mason, 2021-07-29 Feminist Philosophy An Introduction provides a comprehensive coverage of the core elements of feminist philosophy in the analytical tradition Part 1 examines the feminist issues and practical problems that confront us as ordinary people Part 2 examines the recent and historical arguments surrounding the subject area looking into the theoretical frameworks we use to discuss these issues and applying them to everyday life With contemporary and lively debates throughout Elinor Mason provides a rigorous and yet accessible overview of a rich array of topics including feminism in a global context work and care reproductive rights sex work sexual violence and harassment sexism oppression and misogyny intersectionality objectification consent ideology false consciousness and adaptive preferences An outstanding introduction which will equip the reader with a thorough knowledge of the fundamentals of feminism Feminist Philosophy is essential reading for those approaching the subject for the first time

The Oxford Companion to Philosophy Ted Honderich, 2005-03-10 Oxford University Press presents a major new edition of the definitive philosophical reference work for readers at all levels For ten years the original volume has served as a stimulating introduction for general readers and as an indispensable guide for students its breadth and depth of coverage have ensured that it is also read with pleasure and interest by those working at a higher level in philosophy and related disciplines A distinguished international assembly of 249 philosophers contributed almost 2 000 entries and many of these have now been considerably revised and updated to these are added over 300 brand new pieces on a fascinating range of current topics This new edition offers enlightening and enjoyable discussions of all aspects of philosophy and of the lives and work of the great philosophers from antiquity to the present day

Feminist Philosophy of Mind Keya Maitra, Jennifer McWeeny, 2022 This is the first collection of essays to focus on feminist philosophy of mind It brings the theoretical insights from feminist philosophy to issues in philosophy of mind and vice versa Feminist Philosophy of Mind thus promises to challenge and inform dominant theories in both of its parent fields thereby enlarging their rigor scope and implications In addition to engaging analytic and feminist philosophical traditions essays draw upon resources in phenomenology cross cultural philosophy philosophy of race disability studies embodied cognition theory neuroscience and psychology The book s

methods center on the collective consideration of three questions What is the mind Whose mind is the model for the theory To whom is mind attributed Topics considered with this lens include mental content artificial intelligence the first person perspective personal identity other minds mental illness perception memory attention desire trauma agency empathy grief love gender race sexual orientation materialism panpsychism enactivism and others Each of the book's twenty chapters are organized according to five core themes Mind and Gender Self and Selves Naturalism and Normativity Body and Mind and Memory and Emotion The introduction traces the development of these themes with reference to the respective literatures in feminist philosophy and philosophy of mind This context not only helps the reader see how the essays fit into existing disciplinary landscapes but also facilitates their use in teaching Feminist Philosophy of Mind is designed to be used as a core text for courses in contemporary disciplines and as a supplemental text that facilitates the ready integration of diverse perspectives and women's voices

An Introduction to Sociology Pamela Abbott, Melissa Tyler, Claire Wallace, 2006-02 This third edition of this best selling book confirms the ongoing centrality of feminist perspectives and research to the sociological enterprise and introduces students to the wide range of feminist contributions in key areas of sociological concern

Completely revised this edition includes new chapters on sexuality and the media additional material on race and ethnicity disability and the body many new international and comparative examples the influence of theories of globalization and post colonial studies In addition the theoretical elements have also been fully rethought in light of recent developments in social theory Written by three experienced teachers and examiners this book gives students of sociology and women's studies an accessible overview of the feminist contribution to all the key areas of sociological concern

Critical Theory: The Key Concepts Dino Felluga, 2015-04-17 Critical Theory The Key Concepts introduces over 300 widely used terms categories and ideas drawing upon well established approaches like new historicism postmodernism psychoanalysis Marxism and narratology as well as many new critical theories of the last twenty years such as Actor Network Theory Global Studies Critical Race Theory and Speculative Realism This book explains the key concepts at the heart of a wide range of influential theorists from Agamben to Žižek Entries range from concise definitions to longer more explanatory essays and include terms such as Aesthetics Desire Dissensus Democracy Hegemony Ideology Intersectionality Late Capitalism Performativity Race Suture Featuring cross referencing throughout a substantial bibliography and index Critical Theory The Key Concepts is an accessible and easy to use guide This book is an invaluable introduction covering a wide range of subjects for anyone who is studying or has an interest in critical theory past and present

Strong and Hard Women Tanya Bunsell, 2013-04-12 Females with large muscles evoke strong reactions from men and women often involving disgust discomfort anger and threat The controversial nature of female bodybuilding has caused a significant rupture on feminist ground Whilst proponents claim that female bodybuilding is a way of empowering and liberating women others see it as a form of corporeal entrapment This book investigates the controversy Do women who pump iron resist physical restrictions of imposed femininity or are they

engaged in an ultimately oppressive quest for perfect bodies In an original two year ethnographic study based in the South of England Tanya Bunsell immersed herself into the world of female bodybuilders By mapping these extraordinary women s lives the research illuminates the pivotal spaces and essential lived experiences that make up the female bodybuilder Whilst the women appear to be embarking on an empowering radical body project for themselves the consequences of their activity remains culturally ambivalent This research exposes the Janus faced nature of female bodybuilding exploring the ways in which the women negotiate accommodate and resist pressures to engage in more orthodox and feminine activities and appearances This book will be of interest to academics and students in the fields of gender studies the sociology of sport the body and research methodology *Essays on Speech Acts and Other Topics in Pragmatics* Marina Sbisà,2023-05-19 This book collects seventeen essays published between 1984 and 2020 in which Marina Sbis develops her distinctive approach to speech acts and related pragmatic phenomena Drawing inspiration from the work of J L Austin the essays examine the categories of speech act theory and apply these categories in the context of natural discourse and conversation with the aim of providing an accurate analysis of how speech can be action Sbis devotes particular attention to normative aspects of language and language use speech acts reshape the normative context in which they occur by assigning or unassigning deontic properties to relevant parties Emphasis is placed on the normative aspect of linguistically mandated presuppositions as well as the rational grounds of implicature The conventionalist view of speech acts developed here turns on the role of intersubjective agreement in deontic updating in a framework that shifts focus from single utterances to discursive sequences and conversational interaction This view challenges the main tenets of a Gricean intentionalist understanding of speech act performance paving the way for a theory of speech actions centred on the normatively transformative power of illocution Throughout the essays examples and applications are given to illustrate how the view put forward contributes to understanding the social and political dimensions of linguistic activity such as hidden persuasive strategies power imbalances both within and outside the context of conversation and the relevance of language and discourse to gender issues

Biomedical Ethics (Volume 4 Part 2) Shiva Nath Prasad,Avinash Kumar Srivastava,Kumkum Sinha,2018-01-01 The present book seeks and undertakes very clearly to deliberate and explain primarily what Bio Ethics is and what are the various dimensions of Bio Ethical discipline both as philosophy and science Some of the most glaringly contro versial Bio Ethical issues hover round it are like Euthanasia Abortion Cloning Female Foeticide Surrogacy Doctor Patient Relationship Bio technology and Ageing in its East West Perspectives which raise a storm over a cup of tea some such unwieldy questions not only of ethics morality but also pose questions of individual and social morality responsibility accountability liability liberty etc about the kind quality and sanctity of life one wishes to live that cannot be forcibly silenced arbitrarily without proper logic of conviction consistency transparency and openness which if not answered would result into social disquiet disequilibrium and anarchy Foundations of Social Theory Neal Harris,2024-05-27 Foundations of Social Theory A Critical

Introduction accessibly introduces students to classical and contemporary social theory exploring the foundational theories which shape the discipline while also engaging critically with their contribution and presenting the more progressive and contemporary theorists in dialogue with canonical figures Social theory is introduced as the construction and connection of concepts which make social inquiry possible while appreciating that the study of society is never truly objective The relationship between positionality politics research and knowledge production is discussed and ideas from critical theorists feminist theorists and decolonial and critical race theorists are foregrounded Travelling chronologically and thematically from the birth of the discipline and the work of Marx Weber and Durkheim through to intersectionality queer theory and decolonial and postcolonial theory this book gives students a strong foundation in the broad field of social theory while also encouraging them to think critically about the theories and theorists presented Equipped with end of chapter questions and further reading this book will be essential reading for any student studying social theory for the first time
