Conceived Modernism Aesthetics Politics Control:

Conceived in Modernism Aimee Armande Wilson, 2015-12-17 Offers a new perspective on the politics of contraception by showing that Anglo American birth control rhetoric has roots in modernism

Resistant Reproductions Fran Bigman, 2024-03-29 *Resistant Reproductions* asks why narratives of pregnancy and abortion emerged in the early twentieth century and what kinds of stories these narratives conveyed Is it only once pregnancy becomes plannable that it becomes a story worth telling Abortion is often considered resistant and feminist while pregnancy is considered domestic and conventional How can readings of literary narratives challenge this reductive binary *Resistant Reproductions* the first book length study of both pregnancy and abortion in British culture addresses these questions by examining pregnancy narratives including abortion narratives in British fiction and film from 1907 to 1967 Fiction became a way for writers to explore what new possibilities of reproductive control would mean for the individual yet there was also much anxiety about who would have control individuals or the state While exploring intimate personal experiences of pregnancy and abortion *Resistant Reproductions* also asks how literary narratives used reproductive plots to address political issues of gender class and eugenics

British Literature in Transition, 1920-1940: Futility and Anarchy Charles Ferrall, Dougal McNeill, 2018-12-20 Literature from the political 1930s has often been read in contrast to the aesthetic 1920s This collection suggests a different approach Drawing on recent work expanding our sense of the political and aesthetic energies of interwar modernisms these chapters track transitions in British literature The strains of national break up class dissension and political instability provoked a new literary order and reading across the two decades between the wars exposes the continuing pressure of these transitions Instead of following familiar markers 1922 the Crash the Spanish Civil War or isolating particular themes from literary study this collection takes key problems and dilemmas from literature in transition and reads them across familiar and unfamiliar cultural works and productions in their rich and contradictory context of publication Themes such as gender sexuality nation and class are thus present throughout these essays Major writers such as Woolf are read alongside forgotten and marginalised voices

Modernist Life Histories Daniel Aureliano Newman, 2018-10-12 *Modernist Life Histories* explores how new models of embryonic development helped inspire new kinds of coming of age plots during the first half of the twentieth century

Genres of Privacy in Postwar America Palmer Rampell, 2022-06-21 With this incisive work Palmer Rampell reveals the surprising role genre fiction played in redefining the category of the private person in the postwar period Especially after the Supreme Court established a constitutional right to privacy in 1965 legal scholars judges and the public scrambled to understand the scope of that right Before and after the Court's ruling authors of genre fiction and film reformulated their aliens androids and monsters to engage in debates about personal privacy as it pertained to issues like abortion police surveillance and euthanasia Triangulating novels and films with original archival discoveries and historical and legal research Rampell provides new readings of Patricia Highsmith Dorothy

B Hughes Philip K Dick Octavia Butler Chester Himes Stephen King Cormac McCarthy and others The book pairs the right of privacy for heterosexual sex with queer and proto feminist crime fiction racialized police surveillance at midcentury with Black crime fiction Roe v Wade 1973 with 1960s and 1970s science fiction the Child Abuse Prevention and Treatment Act 1974 with horror and the right to die with westerns While we are accustomed to defenses of fiction for its capacity to represent fully rendered private life Rampell suggests that we might value a certain strand of genre fiction for its capacity to theorize the meaning of the protean concept of privacy The Great War, The Waste Land and the Modernist Long Poem Oliver Tearle, 2019-04-04 The Great War The Waste Land and the Modernist Long Poem explores how cultural responses to the trauma of the First World War found expression in the form of the modernist long poem Beginning with T S Eliot's The Waste Land Oliver Tearle reads that most famous example of the genre in comparison with lesser known long poems such as Hope Mirrlees's Paris A Poem Richard Aldington's A Fool in the Forest and Nancy Cunard's Parallax As well as presenting a new history of this neglected genre the book examines the ways in which the modernist long poem represented the seminal literary form for grappling with the crises of European modernity in the wake of World War I **Masculine Pregnancies** Aimee Armande Wilson, 2023-12-01 Who is taken seriously as an artist What does gender have to do with it Is there a relationship between artistic creation and physical procreation In Masculine Pregnancies Aimee Armande Wilson argues that modernist writers used depictions of mannish pregnant women and metaphors of male pregnancy to answer these questions The book places masculine pregnancies in works by Djuna Barnes Willa Cather William Faulkner and Ezra Pound in the context of interwar debates about eugenics immigration midwifery and sexology in order to redefine the relationship between creativity and gender in modernism Attending to recent developments in queer theory Wilson challenges the critical assumption that figures of masculine pregnancy necessarily reinforce oppressive norms The book's first half shows how some writers indeed used such figures to delegitimize artists who were not white male and heterosexual The second half then shows how others used masculine pregnancies to extend legitimacy to mannish women dark skinned immigrants and their pro creations and did so a century before the current boom in queer pregnancy narratives **The Novel and the Problem of New Life** Aaron Matz, 2021-07-15 An expansive study of the novel's moral ambivalence toward procreation from the nineteenth century through modernism to the present *Literary Couples and 20th-Century Life Writing* Janine Utell, 2019-11-14 Exposing how modernist and late modernist writers tell the stories of their intimate relationships through life writing this book engages with the process by which these authors become subjects to a significant other a change that subsequently becomes narrative within their works Looking specifically at partners in a couple Janine Utell focuses on such literary pairings as Virginia and Leonard Woolf Gertrude Stein and Alice B Toklas Sylvia Townsend Warner and Valentine Ackland Christopher Isherwood and Don Bachardy and Sylvia Plath and Ted Hughes Utell draws on the latest work in narrative theory and the study of intimacy and affects to shed light on the ethics of reading relationships in the modern

period Focusing on a range of genres and media from memoir through documentary film to comics this book demonstrates that stories are essential for our thinking of love desire and sexuality The Fury Archives Juno Jill Richards,2020-08-11 In the late nineteenth and early twentieth centuries radical women s movements and the avant gardes were often in contact with one another brought together through the socialist internationals Juno Jill Richards argues that these movements were not just socially linked but also deeply interconnected Each offered the other an experimental language that could move beyond the nation state s rights of man and citizen suggesting an alternative conceptual vocabulary for women s rights Rather than focus on the demand for the vote The Fury Archives turns to the daily practices and social worlds of feminist action It offers an alternative history of women s rights practiced by female arsonists suffragette rioters industrial saboteurs self named terrorists lesbian criminals and queer resistance cells Richards also examines the criminal proceedings that emerged in the wake of women s actions tracing the way that citizen and human emerged as linked categories for women on the fringes of an international campaign for suffrage Recovering a transatlantic print archive Richards brings together a wide range of activists and artists including Lumina Sophie Ina C saire Rosa Luxemburg Rebecca West Angelina Weld Grimk Elizabeth Gurley Flynn Hannah H ch Claude Cahun Paulette Nardal and Leonora Carrington An expansive and methodologically innovative book The Fury Archives argues that the relationship of women s rights movements and the avant gardes offers a radical alternative to liberal discourses of human rights in formation at the same historical moment

Bray,2017-03-23 The contemporary philosopher Jacques Ranci ère has become over the last two decades one of the most influential voices in philosophy political theory and literary art historical and film criticism His work reexamines the divisions that have defined our understanding of modernity such as art and politics representation and abstraction and literature and philosophy Working across these divisions he engages the historical roots of modernism at the end of the eighteenth century uncovering forgotten texts in the archive that trouble our notions of intellectual history The contributors to Understanding Ranci ère Understanding Modernism engage with the multiplicity of Ranci ère s thought through close readings of his texts through comparative readings with other philosophers and through an engagement with modernist works of art and literature The final section of the volume includes an extended glossary of the most important terms used by Ranci ère which will be a valuable resource for experts and students alike

deep connection with the port city of Trieste Writing after World War I when the contested city joined Italy these authors resisted the easy nostalgia of the postwar period radically reimagining the origins of Europe in the Mediterranean culture of the Phoenicians contrasting a 19th century nationalist discourse that saw Europe as the heir of a Greek and Roman legacy These writers saw the Adriatic city a cosmopolitan bazaar under the Habsburg Empire as a social laboratory of European integration Modernism in Trieste seeks to fill a critical gap in the extant scholarship securing the literary history of Trieste within the context of current research on Habsburg and Austrian literature
