

The Paradox of Humanitarian Action

Condemned to Repeat? **Fiona Terry**

Condemned To Repeat The Paradox Of Humanitarian Action

Maria Gabrielsen Jumbert, Elisa Pascucci

Condemned To Repeat The Paradox Of Humanitarian Action:

Condemned to Repeat? Fiona Terry, 2002-05-31 Fiona Terry examines the side effects of intervention by aid organisations and points out the need to acknowledge the political consequences of the choice to give aid **The Routledge Companion to Humanitarian Action** Roger Mac Ginty, Jenny H Peterson, 2015-03-24 The Companion on Humanitarian Action addresses the political ethical legal and practical issues which influence reactions to humanitarian crisis It does so by exploring the daily dilemmas faced by a range of actors including policy makers aid workers the private sector and the beneficiaries of aid and by challenging common perceptions regarding humanitarian crisis and the policies put in place to address these Through such explorations it provides practitioners and scholars with the knowledge needed to both understand and improve upon current forms of humanitarian action The Companion will be of use to those interested a range of humanitarian programmes ranging from emergency medical assistance military interventions managing refugee flows and the implementation of international humanitarian law As opposed to addressing specific programmes it will explore five themes seen as relevant to understanding and engaging in all modes of humanitarian action The first section explores varying interpretations of humanitarianism including critical historical and political economic explanations as well as more practice based explorations focused on notions needs assessments and evaluation Following this readers will be exposed to the latest debates on a range of humanitarian principles including neutrality and sovereignty before exploring the key issues faced by the main actors involved in humanitarian crisis from international NGOs to local community based organizations The final two sections address what are seen as key dilemmas in regards to humanitarian action and emerging trends in the humanitarian system including the increasing role of social media in responding to crises Whilst not a how to guide the Companion contains many practical insights for policy makers and aid workers whilst also offering analytical insights for students of humanitarian action Indeed throughout the book readers will come to the realization that understanding and improving humanitarian action simultaneously requires both active critical reflection and an acceptance of the urgency and timeliness of action that is required for humanitarian assistance to have an impact on vital human needs Exploring a sector that is far from homogenous both practitioners and scholars alike will find the contributions of this book offers them a deeper understanding of the motivations and mechanics of current interventions but also insight into current changes and progress occurring in the field of humanitarian practice **Strategies of Peace** Daniel Philpott, Gerard Powers, 2010-03-24 How can a just peace be built in sites of genocide massive civil war dictatorship terrorism and poverty In Strategies of Peace the first volume in the Studies in Strategic Peacebuilding series fifteen leading scholars propose an imaginative and provocative approach to peacebuilding Today the dominant thinking is the liberal peace which stresses cease fires elections and short run peace operations carried out by international institutions western states and local political elites But the liberal peace is not enough the authors argue A just and sustainable peace requires a far more holistic vision that links together activities

actors and institutions at all levels By exploring innovative models for building lasting peace a United Nations counter terrorism policy that also promotes good governance coordination of the international prosecution of war criminals with local efforts to settle civil wars increasing the involvement of religious leaders who have a unique ability to elicit peace settlements and many others the authors advance a bold new vision for peacebuilding **Humanitarianism, War, and Politics** Peter J. Hoffman, Thomas G. Weiss, 2017-06-27 What is humanitarianism This authoritative book provides a comprehensive analysis of the original idea and its evolution exploring its triangulation with war and politics Peter J Hoffman and Thomas G Weiss trace the origins of humanitarianism its social movement and the institutions international humanitarian law and organizations providers of assistance and protection that comprise it They consider the international humanitarian system s ability to regulate the conduct of war to improve the wellbeing of its victims and to prosecute war criminals Probing the profound changes in the culture and capacities that underpin the sector and alter the meaning of humanitarianism they assess the reinventions that constitute revolutions in humanitarian affairs The book begins with traditions and perspectives ranging from classic international relations approaches to Critical Humanitarian Studies and reviews seminal wartime emergencies and the creation and development of humanitarian agencies in the late nineteenth and twentieth centuries The authors then examine the rise of new humanitarianisms after the Cold War s end and contemporary cases after 9 11 The authors continue by unpacking the most recent revolutions the International Criminal Court and the Responsibility to Protect as well as such core challenges as displacement camps infectious diseases eco refugees and marketization They conclude by evaluating the contemporary system and the prospects for further transformations identifying scholarly puzzles and the acute operational problems faced by practitioners

Humanitarian Intervention Thomas G. Weiss, 2013-04-24 A singular development of the post Cold War era is the use of military force to protect human beings From Rwanda to Kosovo Sierra Leone to East Timor and more recently Libya to C te d Ivoire soldiers have rescued some civilians in some of the world s most notorious war zones Could more be saved Drawing on over two decades of research Thomas G Weiss answers yes and provides a persuasive introduction to the theory and practice of humanitarian intervention in the modern world He examines political ethical legal strategic economic and operational dimensions and uses a wide range of cases to highlight key debates and controversies The updated and expanded second edition of this succinct and highly accessible survey is neither celebratory nor complacent The author locates the normative evolution of what is increasingly known as the responsibility to protect in the context of the global war on terror UN debates and such international actions as Libya The result is an engaging exploration of the current dilemmas and future challenges for robust international humanitarian action in the twenty first century

The New Humanitarians in International Practice Zeynep Sezgin, Dennis Dijkzeul, 2015-12-14 As humanitarian needs continue to grow rapidly humanitarian action has become more contested with new actors entering the field to address unmet needs but also challenging long held principles and precepts This volume provides detailed empirical

comparisons between emerging and traditional humanitarian actors It sheds light on why and how the emerging actors engage in humanitarian crises and how their activities are carried out and perceived in their transnational organizational environment It develops and applies a conceptual framework that fosters research on humanitarian actors and the humanitarian principles In particular it simultaneously refers to theories of organizational sociology and international relations to identify both the structural and the situational factors that influence the motivations aims and activities of these actors and their different levels of commitment to the traditional humanitarian principles It thus elucidates the role of the humanitarian principles in promoting coherence and coordination in the crowded and diverse world of humanitarian action and discusses whether alternative principles and parallel humanitarian systems are in the making This volume will be of great interest to postgraduate students and scholars in humanitarian studies globalization and transnationalism research organizational sociology international relations development studies and migration and diaspora studies as well as policy makers and practitioners engaged in humanitarian action development cooperation and migration issues

Humanitarianism and Modern Culture Keith Tester, 2010 An examination of humanitarianism in Western society Argues that humanitarianism has become a staple part of modern media and celebrity culture Provided by publisher

International Organization and Global Governance Thomas G. Weiss, Rorden Wilkinson, 2013-10-15 Featuring a diverse and impressive array of authors this volume is the most comprehensive textbook available for all interested in international organization and global governance Organized around a concern with how the world is and could be governed the book offers in depth and accessible coverage of the history and theories of international organization and global governance discussions of the full range of state intergovernmental and nonstate actors and examinations of key issues in all aspects of contemporary global governance The book's 50 chapters are arranged into 7 parts and woven together by a comprehensive introduction to the field separate section introductions designed to guide students and faculty and helpful pointers to further reading International Organization and Global Governance is a self contained resource enabling readers to better comprehend the role of myriad actors in the governance of global life as well as to assemble the many pieces of the contemporary global governance puzzle

Humanitarianism and the Quantification of Human Needs Joël Glasman, 2020-01-06 This book provides a historical inquiry into the quantification of needs in humanitarian assistance Needs are increasingly seen as the lowest common denominator of humanity Standard definitions of basic needs however set a minimalist version of humanity both in the sense that they are narrow in what they compare and that they set a low bar for satisfaction The book argues that we cannot understand humanitarian governance if we do not understand how humanitarian agencies made human suffering commensurable across borders in the first place The book identifies four basic elements of needs As a concept as a system of classification and triage as a material apparatus and as a set of standards Drawing on a range of archival sources including the United Nations Refugee Agency UNHCR Médecins sans Frontières MSF and the

Sphere Project the book traces the concept of needs from its emergence in the 1960s right through to the present day and United Nations Secretary General Ban Ki moon s call for evidence based humanitarianism Finally the book assesses how the international governmentality of needs has played out in a recent humanitarian crisis drawing on field research on Central African refugees in the Cameroon borderland in 2014 2016 This important historical inquiry into the universal nature of human suffering will be an important read for humanitarian researchers and practitioners as well as readers with an interest in international history and development

Citizen Humanitarianism at European Borders Maria Gabrielsen Jumbert, Elisa Pascucci, 2021-06-16 At a time of escalating conflict between states and NGOs engaged in migrant search and rescue operations across the Mediterranean this book explores the emerging trend of citizen led forms of helping others at the borders of Europe In recent years Europe s borders have become new sites of intervention for traditional humanitarian actors and governmental agencies but also increasingly for volunteer and activist initiatives led by ordinary citizens This book sets out to interrogate the shifting relationship between humanitarianism the securitization of border and migration regimes and citizenship Critically examining the do it yourself character of refugee aid practices performed by non professionals coming together to help in informal and spontaneous manners the volume considers the extent to which these new humanitarian practices challenge established conceptualisations of membership belonging and active citizenship Drawing on case studies from countries around Europe including Greece Turkey Italy France and Russia this collection constitutes an innovative and theoretically engaged attempt to bring the field of humanitarian studies into dialogue with studies of grassroots refugee aid and more explicitly with political forms of solidarity with migrants and refugees which fall between aid and activism This book is key reading for advanced students and researchers of humanitarian aid European migration and refugees and citizen led activism The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Humanitarianism in Question Michael Barnett, Thomas G. Weiss, 2012-05-15 Years of tremendous growth in response to complex emergencies have left a mark on the humanitarian sector Various matters that once seemed settled are now subjects of intense debate What is humanitarianism Is it limited to the provision of relief to victims of conflict or does it include broader objectives such as human rights democracy promotion development and peacebuilding For much of the last century the principles of humanitarianism were guided by neutrality impartiality and independence More recently some humanitarian organizations have begun to relax these tenets The recognition that humanitarian action can lead to negative consequences has forced humanitarian organizations to measure their effectiveness to reflect on their ethical positions and to consider not only the values that motivate their actions but also the consequences of those actions In the indispensable *Humanitarianism in Question* Michael Barnett and Thomas G. Weiss bring together scholars from a variety of disciplines to address the humanitarian identity crisis including humanitarianism s relationship to accountability great powers privatization and

corporate philanthropy warlords and the ethical evaluations that inform life and death decision making during and after emergencies

Handbook on Humanitarianism and Inequality Silke Roth, Bandana Purkayastha, Tobias Denskus, 2024-02-12 This prescient Handbook examines how legacies of colonialism gender class and other markers of inequality intersect with contemporary humanitarianism at multiple levels

Humanitarian Business Thomas G. Weiss, 2013-04-24 With some 50 million people living under duress and threatened by wars and disasters in 2012 the demand for relief worldwide has reached unprecedented levels Humanitarianism is now a multi billion dollar enterprise and aid agencies are obliged to respond to a range of economic forces in order to stay in business In his customarily hard hitting analysis Thomas G Weiss offers penetrating insights into the complexities and challenges of the contemporary humanitarian marketplace In addition to changing political and military conditions that generate demand for aid private suppliers have changed too Today s political economy places aid agencies side by side with for profit businesses including private military and security companies in a marketplace that also is linked to global trade networks in illicit arms natural resources and drugs This witch s brew is simmering in the cauldron of wars that are often protracted and always costly to civilians who are the very targets of violence While belligerents put a price tag on access to victims aid agencies pursue branding in a competition for scarce resources relative to the staggering needs As marketization encroaches on traditional humanitarianism it seems everything may have a price from access and principles to moral authority and lives

Law, Ethics, and the War on Terror Matthew Evangelista, 2013-04-22 In recent years the mass murder of thousands of innocent civilians by al Qaeda terrorists has plumbed the depths of criminality and immorality Yet it is the response to those attacks particularly by the United States that has provoked widespread accusations that the anti terrorist cure may be worse than the terrorist disease This book explores the key legal and ethical controversies that arose in the wake of the brutal attacks of 11 September 2001 After the Cold War progress in human rights and limitations on warfare created an impression that global civil society had emerged to challenge the dominance of states and establish new norms to guide their behavior The events of 9 11 however witnessed a reassertion of state prerogatives reflected in challenges to the Geneva Conventions and the stigma against torture Focusing on core debates about preventive war and the implications of targeted assassination kidnapping indefinite detention and the torture of suspected terrorists Evangelista asks whether state practice will further undermine the very norms of international law and morality or whether efforts to combat terrorism can be brought back into conformity with ethical and legal standards

Sword & Salve Peter J. Hoffman, Thomas G. Weiss, 2006-03-03 Arguing forcefully that changing times are a clarion call for new thinking this book convincingly shows that if humanitarian organizations continue to operate as they have in the past they will fail to help the very victims whom they try to save Focusing especially on the emergence of new wars Hoffman and Weiss insist that humanitarian organizations must recognize that they live in a political world and that their actions and goals are invariably affected by military action The brand of

warfare that erupted in the 1990s marked by civil or transnational armed conflicts featuring potent non state actors altered political economies a high proportion of civilian casualties and a globalized media produced horrors that shocked consciences and led humanitarian agencies to question their unyielding stance of neutrality and impartiality Indeed in a departure from earlier norms and practices some have reinvented their policies and tools and created new humanitarianisms This authoritative book traces the evolution of the international humanitarian system from its inception in the 1860s parses the dynamics of war and emergency response from the 1980s through the current disasters in Afghanistan and Iraq and provides a strategic roadmap for practitioners By bringing historical perspective to bear this volume provides an invaluable analytical framework for grasping the nature of humanitarian crises and how agencies can respond strategically rather than reactively to change Students will find its blend of clearly presented theory and case studies a powerful tool for understanding the roles of state and non state actors in international relations By charting the tides of continuity and change this book will prepare agencies to dodge both figurative and actual bullets that threaten humanitarian action at the outset of the millennium

The Bloomsbury Handbook of the Spanish Civil War Antonio Cazorla-Sanchez, Alison Ribeiro de Menezes, Adrian Shubert, 2023-11-30 In 25 innovative thematic essays The Bloomsbury Handbook of the Spanish Civil War sees an interdisciplinary team of scholars examine a conflict that more than 80 years after its conclusion continues to generate both scholarly and public controversy Split into four main sections covering Military and Diplomatic Issues Society and Culture Politics and Debates the volume offers a number of unique features It is unprecedented in its comprehensiveness and includes chapters on topics that are rarely if ever explored in the literature of the field humanitarianism children and families material conditions the decimation of elites archives and sources archaeological approaches digital approaches public history and cultural studies approaches Instead of discussing each of the two warring sides Republicans and Francoists separately as is so often the case the book's thematic structure means that these opposing forces are examined together facilitating comparison and fresh understanding in numerous areas of study Contributors from the UK the USA Canada Spain and Denmark also analyse the major controversies and disputes surrounding each topic as part of a detailed exploration of one of the seminal events of the 20th century

British Humanitarianism and the Congo Reform Movement, 1896-1913

Dean Pavlakis, 2016-03-09 The Congo Free State was under the personal rule of King Leopold II of the Belgians from 1885 to 1908 The accolades that attended its founding were soon contested by accusations of brutality oppression and murderous misrule but the controversy by itself proved insufficient to prompt changes Starting in 1896 concerned men and women used public opinion to influence government policy in Britain and the United States to create space for reforming forces in Belgium itself to pry the Congo from Leopold's grasp and implement reforms Examining key factors in the successes and failures of a pivotal movement that aided the colonized people of the Congo and broadened the idea of human rights British Humanitarianism and the Congo Reform Movement provides a valuable update to scholarship on the history of

humanitarianism in Africa The Congo Reform movement built on the institutional experience of overseas humanitarianism the energy of evangelical political involvement and innovations in racial imperial and nationalist discourse to create political energy Often portrayed as the efforts of a few key people especially E D Morel this book demonstrates that the movement increasingly manifested itself as an institutionalized and transnational campaign with support from key government officials that ultimately made a material difference to the lives of the people of the Congo

Rethinking Refugees Peter Nyers, 2013-11-15 Rethinking Refugees Beyond State of Emergency examines the ways in which refugees have been made objects of the complex discourse practices and strategies of humanitarianism making visible the link between our knowledge of refugees and questions about the changing status of political power space and identity The author draws upon post structural analytical tools to develop a critique of humanitarianism and to sketch a bio political framework for understanding the relationship between the humanity of refugees and their capacity or lack thereof for political voice and action Rethinking Refugees is a radically fresh approach to understanding refugees their movements and their place within an increasingly globalized international politics

The Oxford Handbook on the United Nations Thomas George Weiss, Sam Daws, 2007 Publisher Description

Necessary Risks Abby Stoddard, 2020-01-02 Attacks on humanitarian aid operations are both a symptom and a weapon of modern warfare and as armed groups increasingly target aid workers for violence relief operations are curtailed in places where civilians are most in need This book provides an in depth analysis of the challenges to humanitarian action in warzones the risk management and negotiation strategies that hold the most promise for aid organizations and an ethical framework from which to tackle the problem By combining rigorous research findings with structural historical analysis and first person accounts of armed attacks on aid workers the author proposes a reframed ethos of humanitarian professionalism decoupled from organizational or political interests and centered on optimizing outcomes for the people it serves

Getting the books **Condemned To Repeat The Paradox Of Humanitarian Action** now is not type of challenging means. You could not isolated going in the manner of ebook accretion or library or borrowing from your links to entrance them. This is an no question simple means to specifically get lead by on-line. Condemned To Repeat The Paradox Of Humanitarian Action Introduction

In today's digital age, the availability of Condemned To Repeat The Paradox Of Humanitarian Action books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Condemned To Repeat The Paradox Of Humanitarian Action books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Condemned To Repeat The Paradox Of Humanitarian Action books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Condemned To Repeat The Paradox Of Humanitarian Action versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Condemned To Repeat The Paradox Of Humanitarian Action books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Condemned To Repeat The Paradox Of Humanitarian Action books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Condemned To Repeat The Paradox Of

Humanitarian Action books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Condemned To Repeat The Paradox Of Humanitarian Action books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Condemned To Repeat The Paradox Of Humanitarian Action books and manuals for download and embark on your journey of knowledge?

FAQs About Condemned To Repeat The Paradox Of Humanitarian Action Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Condemned To Repeat The Paradox Of Humanitarian Action is one of the best book in our library for free trial. We provide copy of Condemned To Repeat The Paradox Of Humanitarian Action in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Condemned To Repeat The Paradox Of Humanitarian Action. Where to download Condemned To Repeat The

Paradox Of Humanitarian Action online for free? Are you looking for Condemned To Repeat The Paradox Of Humanitarian Action PDF? This is definitely going to save you time and cash in something you should think about.
