

## NAME OF POLICY AND PROCEDURE DOCUMENT

*[The name should be concise, descriptive and start with a key word]*

### 1. INTRODUCTION

*[The Keele University Accessible Writing Guide **must** be read before drafting a policy document.]*

#### 1.1 Purpose

*[This section should:*

- *Clearly and succinctly outline the rationale and context for the University having such a policy;*
- *Include any regulatory and legislative requirements for having such a policy.]*

#### 1.2 Scope

*[This section should:*

- *Include an overview of the areas and/issues covered by the policy;*
- *Include who must comply with the policy;*
- *Include brief definitions and/or explanations to provide context to what the policy is for, who it applies to and when it must be applied.]*

### 2. POLICY

*[This is the core section of the policy document and should clearly (in compliance with the Keele University Accessible Writing Guide) outline the principles and statements that form the policy. The policy should state and define what those principles, values and expectations are, rather than describe the operational detail, as this will be covered within a supporting procedure or guidance document, which will need to be clearly linked to the policy.]*

### 3. ROLES AND RESPONSIBILITIES

*[This section should include further detail about who the policy applies to, but also who (role description rather than a name) has strategic oversight of the policy, which committees review and monitor the policy, and contact information for at least one member of staff who can answer questions on the policy. For the elements of the policy that are mandatory, this section should also state how compliance will be monitored and enforced.]*

### 4. RELATED POLICIES AND PROCEDURES

*[This section should reference the relevant University policies and procedures (or other key University documents) that may need to be read in conjunction with this policy; also reference (provide links) to any relevant legislation or University governance provisions.]*

**Management Competency for Physical Activity Education and Sport** Earle F. Zeigler, Gary W. Bowie, 2007-08-24 The introduction of this combined text and laboratory workbook with its tear out sheets on which to complete specific experiences is a first in the field It can be employed either by itself or in connection with a standard text that has limited or no practical exercises included If desirable also the instructor could amplify what is offered here by the addition of other laboratory experiences developed from the listing in Part I of well over 100 desirable experiences under the five broad categories included A comprehensive analysis of management science literature indicated the need to introduce a step by step plan for management skill or competency attainment In doing so the authors built on Katz s Harvard tripartite categorization of skills and expanded it to five subdivisions so as to cover also the personal attributes needed by the prospective manager as well as those conjoined skills gained through a combinatorial process that the individual is required to employ on the job What Katz calls human skills we now call interpersonal skills so as to distinguish this category from personal skills No 1 below These subdivisions or categories are therefore as follows 1 Personal skills or developing one s own individual competencies prior to concentrating of the managerial task 2 Interpersonal skills or acquiring the skills needed to influence people positively to

work toward accomplishment of organizational objectives and goals 3 Conceptual skills or learning to formulate ideas and plans while on the job as a manager 4 Technical skills or acquiring the various skills and techniques needed to cope with the various organizational details and problems that arise 5 Conjoined skills or developing the various managerial skills in some combination or proportion to achieve both immediate and long range objectives and goals Granting that Katz's categories of human interpersonal as we call it conceptual and technical managerial skills along with our additional subdivisions of so called personal and conjoined skills are not mutually exclusive this plan enables the teacher and the students to move selectively from theory to practice within each of the five categories described The method for working toward the achievement of the specific competencies or skills is 1 through the provision of statements describing the objectives of the modules used to develop the competencies 2 to offer knowledge statements introducing the trainee to the theoretic bases of the competencies and their roles and functions in the management process and 3 by recommending selected laboratory exercises for achieving a degree of success at least based on involvement in a variety of problem solving experiences After the student comprehends the problem to be met or solved a questioning process determines 1 what needs to be known 2 where this information may be obtained 3 how to organize the actual learning experience 4 what the probable result will be and 5 how to evaluate the level of competency attainment where such is possible The teaching and learning process employed by the instructor is designed therefore to include a variety of laboratory experiences The tear out sheets for each laboratory experience are to be completed and handed in as indicated by the course instructor In addition to standard lecture and discussion techniques that we assume will be included by the instructor other learning devices available can include use of the case method role playing independent study interaction with a personal computer elementary theory formulation response to questionnaires and self testing devices individual projects small discussion groups etc When the instructor wishes and there is class time available he or she can introduce action or applied research based independent investigation e g survey game theory debates internship experiences panels forums and so forth Basically a fivefold learning process is recommended This process employs three steps 1 understanding of the objective of the learning experience module 2 reading and comprehension of a knowledge statement or lecturette about the particular skill involved and 3 skill learning through analysis and practice Thus the instructor can 1 assess initial student status 2 introduce selected experiences to strengthen areas of possible weakness and subsequently 3 evaluate competency attainment

**Sport Facility Operations Management** Stacey

A. Hall,Simon Shibli,Eric Schwarz,2010-05-14 This is the first book to take a truly global look at facilities operations management in the sport industry Sports facilities management is in the national news with reports from the BBC that three 2012 Olympic venues in London are being evaluated by accountants to see whether they will deliver value for money The current estimate of government spending on the games is 9.3 billion There is also an ongoing debate about the fate of the 80 000 seat stadium that is being constructed for the games at a cost of 500 million Sport facilities of all shapes and sizes are an ingrained part of global sport management culture As such it is inevitable that students who enter into the field of sport management will interact with the management and operations of a sport facility at some point during their career This textbook provides the theoretical foundation for sport facility operations management and is supplemented both in the text and in the companion site containing schematics planning documents sample forms and sample ownership management structures In addition each author will infuse research and experiences from sport facilities around the world North America Europe Middle East Asia Australia and New Zealand to ensure that a global perspective is at the core of this book This book is published with the sport management lecturer and student in mind

### **Event Planning Policy And Procedures Manual Introduction**

In today's digital age, the availability of Event Planning Policy And Procedures Manual books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Event Planning Policy And Procedures Manual books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Event Planning Policy And Procedures Manual books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Event Planning Policy And Procedures Manual versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, Event Planning Policy And Procedures Manual books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Event Planning Policy And Procedures Manual books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Event Planning Policy And Procedures Manual books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow

digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Event Planning Policy And Procedures Manual books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Event Planning Policy And Procedures Manual books and manuals for download and embark on your journey of knowledge?
