 South Asian art histories to make visible histories of artworks that remain marginalised within the discipline of art history
 However this is done through a deliberate productive failure specifically by not upholding the strictly genealogical approach
 that is regularly assumed for South Asian art histories For instance one chapter explores the abstract work of Cy Twombly

 fraught yet productive site for writing art history This book also provides original commentary on how queer theory can
 deconstruct and provide new approaches for writing art history Overall this title provides methods for generating art history
