Churches, Cultures, and Leadership Mark Lau Branson, Juan F. Martinez, 2023-02-28 In a world that is more culturally diverse than ever pastors and lay leaders need skills and competencies to serve in multicultural contexts This rich blend of astute analysis and practical guidance offers a praxis of paying attention study and discernment that leads to genuine reconciliation and shared life empowered by the gospel

Ignored Jinna Sil Lo Jin, 2022-03-11 America gets more diverse than ever before and it is our responsibility to respect this diversity before us Although many people claim that diversity matters there are so many marginalized people who have not been heard yet Korean speaking young people are one of them They have been marginalized not only by the main culture but also by their own community This study illuminates this hidden population and their stories as emerging adults with socially emotionally and spiritually unstable status With a practical theology approach this study provides not only about who are the Korean speaking young adults but also what is the current praxis and how the immigrant community can have different imaginations about their future with these young people Including data gathered survey and in depth interviews Ignored is the first comprehensive study that addresses Korean speaking young people By sharing unheard stories this book invites us to understand our diverse community Furthermore this book brings new imagination of listening others who have been ignored

The Power of Love for Reaching Out to "the Other" Johnny Ramirez-Johnson, 2023-08-24 Race is a result of God s design and not of sin God loves diversity and sought it Race biases are normal and come as a result of likes and dislikes love of the other is to be learned In this book Bible stories and principles are combined with four intercultural communication skills to help develop love of the other This book builds on what Sherwood Lingenfelter and Marvin K Mayers developed for understanding cultural values and diversity of likes and dislikes Those differences are normal The problem comes from excluding the other This book explores a step wise approach to developing the love of the other How the person the leader and the church see diversity defines the church s outreach mission and gospel fulfillment Author s Own Words Book Description The Power of Love book explains how emotions and feelings were part of God s creation design from before sin entered this world While departing from cognitive neuropsychology and the latest learning from science this seminar furthers the idea that race relations are not to be understood by sociology and science but by Bible and Christian beliefs If you want to learn a non CRT critical race theory approach to race relations while risking being again convicted of the need to reach out to the other in gospel love enter into dialogue with the author by reading his book and let us pray together If you want to keep it safe and your intercultural relationships as they are in a tongue in cheek way the author advices to stay away from this book

Charismatic Leadership and Missional Change Craig S. Hendrickson, 2020-03-16 Too often the solution sought by many struggling churches is to make the homerun hire to find the charismatic leader who will take them to the promised land of growth and vibrant ministry While this strategy occasionally pays off it has overwhelmingly failed as seen in the hundreds of churches across the United

States that close their doors annually Is it possible that there is another way forward for those seeking to lead local congregations into missionally vibrant ministry especially those located in multiethnic urban areas In *Charismatic Leadership and Missional Change* one church's journey from a struggling primarily Anglo congregation of less than 100 members to becoming a missionally vibrant multiethnic church of more than 700 attendees with no clear ethnic majority documented The charismatic leadership style that drove this change is discussed and critiqued as well as the adaptive challenges that have arisen in the church because of it An alternative approach interpretive leadership is proposed as a different pathway forward in response to these challenges The result the author suggests will be to empower the diverse everyday people of God to participate in God's mission in exciting and surprising new ways

Ethnic Diversity and Reconciliation

Arend van Dorp, 2022-10-31 Forces of division conflict and fear threaten to separate us from the neighbor who does not look act or pray like us However followers of Christ are charged with embodying a unity that celebrates difference rather than fleeing from it *Ethnic Diversity and Reconciliation* explores the implications of the church's radical call to inclusive community in the context of Myanmar's long history of ethnic conflict Dr Arend van Dorp outlines the theological foundations for understanding the church's mandate as a diverse and unified missional body while also engaging the very real challenges posed to this mandate by the cultural religious and historical realities faced by Christians in Myanmar He demonstrates that while the challenges are vast so is the potential for transformation and reconciliation when the church takes up its mantle and bears faithful witness to God's love in a fractured world

The Calling of Congregational Leadership Larry L.

McSwain, 2013-05-30 Leading is a calling from God but that doesn't mean it is easy There are choices to be made about what your congregation believes how your church organizes for effective ministry and how your church serves the settings of which you are a part The good news is that others have gone before you Author Larry L McSwain's forty years of experience can help guide you through these choices Rooted in research *The Calling of Congregational Leadership* teaches a three pronged approach to congregational leadership being a good leader the knowledge needed by the leader and the managing of ministry leadership By using this practical holistic approach to leading congregations McSwain shows you how to use your church's potential for conveying the power of God in the lives you touch *The Calling of Congregational Leadership* is for those who seek to enlarge the understanding of their leadership to make their communities of faith more vital and more reflective of the mission of God in the world

Brazilians in a Promised Land Jorge William de Castro Abdala, 2022-08-25

There are an estimated of 1.3 million Brazilian immigrants living in the United States approximately 460,000 Brazilian Americans as of mid 2019 The Brazilian population in the United States is relatively small and the lack of knowledge of Brazilian immigrants and the tendency to stereotype based on the perception and assumption has had a negative impact on many Brazilian ministries There are only thirteen Brazilian ministries within the Presbyterian Church USA and the total number of Brazilians membership within the PC USA is approximately seven hundred people Some of these ministries have

existed for over twenty years but very little information has been given about their existence and experiences Brazilian ministries that thrive most in the PC USA s body cherish their own identity understand what those essential factors and keys are and embrace the challenges and opportunities in a cross cultural experience Every thriving Brazilian ministry is made of people who reflect the image of God in the migration context and plays a unique model to love outcast Brazilians living in this promised land

Lee, 2017-05-01 *Double Particularity* is a constructive proposal for theological methodology addressing the Asian American context using the theology of Karl Barth It focuses primarily on employing Barth's theology to develop a methodology for engaging the Asian American context This methodological focus means that it is an integrative and synthetic work bringing seemingly disparate thoughts and concepts together Here the Asian American context serves as an important case study With the center of worldwide Christianity moving to the global South and even as American Christianity becomes more reflective of immigrant populations the theological need for a deeper engagement with context is more urgent than ever Karl Barth particularly his thought on election Christology and reconciliation offers much wisdom and insight for the churches of the majority world and for these ethnic churches even

though he is often seen as just a figure in the Western historical tradition Hence this study is a contribution to the development of a connection between Barth and contextual theology to the stimulation and enrichment of both Dialogue of Life Khee-Vun Lin,2021-03-31 The status of the global church is often that of a sociopolitical minority at odds politically religiously and socially with the nations that encompass it In such contexts where Christians find themselves facing oppression isolation and challenging questions of identity how is the church to faithfully uphold its missional calling In this in depth study of Chinese Christians living in Sabah Malaysia Dr Khee Vun Lin engages missiology and political theology to address the practical implications of incarnational mission in contexts where national identity exclude Christians from the public discourse Examining the political and religious history of Malaysia including the impact of colonialism nationalism and Islamization Dr Lin provides a powerful explication of the theological and practical foundations for utilizing social engagement as a tool of incarnational mission Whether living under oppressive hegemonic control or the shadow of secular governments turned hostile to Christian values it is through embracing incarnational identity that Christians can authentically engage both nation building and evangelism to the good of their neighbor and the glory of God *A Postcolonial Leadership* Choi Hee An,2020-01-01 In *A Postcolonial Leadership* Choi Hee An explores the interwoven relationship between Asian immigrant leadership in general and Asian immigrant Christian leadership in the United States Using several current leadership theories she analyzes the current landscape of US leadership and explores how Asian immigrant leaders including Christian leaders exercise leadership and confront challenges within this context Drawing upon postcolonial theory and its analysis of power Choi examines the multilayered dynamics of the Asian immigrant community and Christian congregations in their postcolonial contexts and offers a new liberative interpretation of colonized history and culture in order to propose postcolonial leadership as a new leadership model for Asian immigrant leaders **Untold Stories** Peter Rios,2021-12-20 Despite the exponential growth of Latinx students in Christian higher education and despite professions of commitment to diversity equity and inclusion the Latinx experience in Christian colleges and universities has gone largely unstudied rendered invisible by the structures and history of colonialism and racism *Untold Stories* by sought after leadership consultant Peter Rios provides a groundbreaking glimpse into the complicated experiences of Latinx leaders in Christian higher education institutions along with a prophetic call to action for those who care about these institutions and the students and leaders current and future they seek to serve
