Day Trading Forex With Price Patterns Forex Trading System:

Day Trading Forex with Price Patterns Laurentiu Damir, 2017-09-08 Note this book also includes the 50 pips a day forex strategy Day Trading Forex with Price Patterns Forex Price Action Day Trading System Make 1000 pips per month or more Timeframes used 30minutes 4hours Components Price Action Trends Price Patterns Support and Resistance Levels Summary The book contains a powerful price action day trading system that focuses on very strong patterns that price makes These patterns are illustrated with great detail inside the book but more importantly the logic behind every pattern is described in a way that the trader will learn exactly what is happening with the buyers and sellers which of them are stronger at that time Knowing this the trader can then make the best trading decisions The system looks at the bigger picture to find the direction in which to trade then it uses the 30 minutes chart to spot price patterns and day trade them with very good success It doesn't use technical indicator of any kind It also has very well defined entry stop loss and exit rules that enables the trader to make the maximum out of every trade

Day Trading: From Beginner to Pro with Day Trading Made Easy Automated Software James Viscuglia II, 2025-04-13 Day trading is a skill but in today's markets speed matters more than ever After 14 years in the trenches I came to a realization no human no matter how experienced can consistently out trade a machine designed to read the market in milliseconds That's why we built Trading Made Easy Everything you've learned in this book from understanding price action to managing risk sets the foundation But mastering day trading isn't just about learning technical It's about knowing when to let go and let automation take over The markets don't care about your emotions and that's why most traders fail With automated trading you get discipline built into the system It doesn't hesitate It doesn't panic It sticks to the strategy every single time without exception I've seen traders go from frustrated to free They trade 10 minutes a day Some just let it run and check back later They have their lives back That's the difference between struggling on your own and mastering trading through automation You've read the steps Now it's time to take action Would you like me to continue and complete the next 6-7 pages or focus on one section at a time e.g bio credits company profile next Mastering the Basics to Letting the Software Work for You Day trading is often seen as a high stress high stakes grind And for many it is Most traders spend years learning burning through accounts chasing strategies switching indicators and second guessing themselves You've built a foundation most traders never achieve But that's just the beginning Real success in modern day trading isn't in beating the markets with brainpower it's in using tools that are faster and smarter than any human could be Why I Chose Automation I wanted freedom Trades on 30 second candles something no human can consistently do Built in trend recognition that adjusts in real time Entry and exit speeds faster than any manual click Emotionless execution never overtrades never second guesses Designed for beginners used by professionals This is not just software it's a shift in mindset You're no longer trying to outthink the market You're letting the machine work for you You're finally operating as a trading business not a gambler not a guesser Final Words From Mastering the Basics to Letting the Software Work for You Most

traders spend years learning burning through accounts chasing strategies switching indicators and second guessing themselves I lived that life for nearly a decade What You've Learned I wanted a system that trades while I go enjoy life not the other way around A system that reads the market in milliseconds trades on 30 second candlesticks and follows logic not fear not greed That's how Trading Made Easy was born Our global community across 10 countries who believed in the vision The development team behind the Q1 Software The clients who shared their success stories in our webinars My family especially Anastasia for being the reason behind this journey I wrote this book for you James Viscuglia is a 14 year veteran of the futures day trading industry Starting in manual trading he transitioned into building automation after realizing that emotion and delay were the two biggest reasons traders fail Daily live webinars Full installation and training Subscription based licensing Direct access to support and coaching Software for ES NQ CL and more

Beat the Forex Dealer Agustin Silvani,2009-08-07 The foreign exchange market is often referred to as the Slaughterhouse where novice traders go to get chopped up It is one of egos and money where

millions of dollars are won and lost every day and phones are routinely thrown across hectic trading desks. This palpable excitement has led to the explosion of the retail FX market which has unfortunately spawned a new breed of authors and gurus more than happy to provide misleading and often downright fraudulent information by promising traders riches while making forex trading easy. Well, I'll let you in on a little secret: there is nothing easy about trading currencies. If you don't believe me, then stop by Warren Buffett's office and ask him how he could lose 850m betting on the dollar, or ask George Soros why his short yen bets cost him 600m not once but twice in 1994. What's wrong with these guys? Don't they read FX books? In reality, the average client's trading approach combined with the unscrupulous practices of some brokers make spot FX trading more akin to the games found on the Vegas strip than to anything seen on Wall St. The FX market is littered with the remains of day traders and genius systems, and to survive in the long run, traders have to realize that they are playing a game where the cards are clearly stacked against them. Have you ever had your stop hit at a price that turned out to be the low high for the day? Bad luck, perhaps. Maybe. What if it happens more than once? Do you ever feel like the market is out to get you? Well, guess what: in this Zero Sum game, it absolutely is. Covering the day-to-day mechanics of the FX market and the unsavoury dealings going on, *Beat the Forex Dealer* offers traders the market-proven trading techniques needed to sidestep dealer traps and develop winning trading methods. Learn from an industry insider the truth behind dirty dealer practices, including stop hunting, price shading, trading against clients, and no-dealing desk realities. Detailing the dealer-inspired trading techniques developed by MIGFX Inc, consistently ranked among the world's leading currency trading firms, the book helps turn average traders into winning traders, and in a market with a 90% loss rate, winning traders are in fact quite rare. More than just a simple manual, *Beat the Forex Dealer* brings to life the excitement of the FX market by delivering insights into some of the greatest trading triumphs and highlighting legendary disasters, all written in an easy-to-read style. Make no mistake about it: there is a lot of money to be made in currency trading; you just have to know where to look. Sidestepping simple dealer traps is one way of improving your daily P&L, but it is surely not the only one. Successful trading comes down to taking care of the details, which means skipping the theoretical stuff and providing only up-to-date real-life examples while sharing the FX trading tips that have proved so profitable over the years. By stripping away the theory and getting down to the core of trading, you too will find yourself on the way to beating the forex dealer.
