Circular Intersection (roundabout) ahead

The sign warns drivers that they are approaching a roundabout.
A roundabout is a circular intersection that usually does not include a traffic signal and flows in a counter-clockwise direction around a central island.
Motorists must enter from the right - yielding to traffic already in the roundabout - and follow the circle to the right until they reach the desired roadway.

Yield

You must yield the right of way to the traffic (vehicles and pedestrians) in the intersection, approaching directly on another roadway, or driveway road leading into a major highway.
If you must stop, do so at a marked stop line if it exists. If you are approaching a "Yield" sign/line and there is no danger of colliding with another vehicle or a pedestrian, you do not have to stop. You must slow down and prepare to stop if this becomes necessary.

No parking on pavements

The sign prohibits parking vehicles on pavements. It also serves as a reminder that pavements (even without curbs) are used by pedestrians only, and loading their way is not allowed.
