**Hasan-i-Sabah** James Wasserman, 2020-09-14 This publication includes the first English translation of the 1310 biography of Hasan i Sabah by Rashid al Din The Biography of Our Master Sar Guzasht i Sayyidna Hasan i Sabah was born in northern Persia around 1050 and died in 1124 He was an Ismaili missionary or dai who founded the Nizari Ismailis after the usurpation of the Fatimid Imamate by the military dictator of Egypt It may be said that Hasan founded and operated the world s most successful mystical secret society while building a political territory in which to maintain his independence The small empire he created would be home to him his followers and their descendants for 166 years Today under the leadership

of the Aga Khan the Nizari Ismailis are one of the preeminent Muslim sects in the world numbering some twenty million members in twenty five countries The medieval Nizaris were also known as Assassins or Hashishim They became embedded in European consciousness because of their contact with the Knights Templar and other Crusaders and visitors to the Near East Several Europeans reported back with strange and largely false tales of the Assassins In the fourteenth century they were widely popularized by the famed Venetian traveler and writer Marco Polo in The Travels of Marco Polo He added a whole new level of myth in his account of the sect included in this volume along with extensive commentary Of greatest interest is the idea that the Assassins were the spiritual initiators of the Knights Templar If this is true Hasan i Sabah would be in part responsible for the European Renaissance that would reclaim the spiritual centrality of the Hermetic writings and the Gnostic Esoteric trends that continue to this day Essential reading for an understanding of modern esoteric secret societies and today s headlines coming from the Middle East Includes 9 maps      **On Crusade** Katherine Kurtz,2009-05-01 The bestselling author of the Deryni fantasy series has compiled a new collection of stories about a mysterious and romantic order of medieval knights featuring tales written by Andre Norton Deborah Turner Harris and other of today s leading fantasists      Assassin! Haha Lung,2004 In this unique and astonishing book Dr Lung not only traces the complete history of the hashishin but explains the rules of Islamic warfare and the true concept of jihad      Custodians Of Truth Tim Wallace-Murphy,Marilyn Hopkins,2005-05-15 A curious thing happened to Tim Wallace Murphy and Marilyn Hopkins when they published Rex Deus their first book on the bloodline of Christ they were contacted by a man from the very lineage they were studying And instead of denying the existence of the bloodline or berating them for revealing secrets he actually confirmed that the Rex Deus lineage exists and even disclosed some of its fundamental secrets The story of the Rex Deus families direct descendents of Christ who is believed to have survived the crucifixion turns out to be much more extensive than the authors first thought Instead of beginning during the time of Jesus it stretches far back into antiquity to the Egyptian Mystery Schools Instead of being only a propagation of the holy bloodline the Rex Deus families are also carriers of the secret teachings of Jesus Custodians of Truth reveals the purpose and secrets of the Rex Deus lineage Jesus was not only a holy man but an adept of ancient knowledge which informed his own teachings This secret knowledge was suppressed by the Church in their voracious quest for power and influence in the secular world These teachings have manifested throughout history in different forms Gnostic philosophy around the time of Jesus the Order of the Knights Templar Freemasons and the current resurgence of interest in New Age thought Finally the time is right for the hidden message of Jesus to be revealed a message of tolerance brotherhood and respect for nature The next chapter in the legend of the Holy Grail and the bloodline of Christ from the best selling authors of Rosslyn      **A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit** A.S.,2014-01-13 A Corrupt Tree is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two

thousand years the Church's fundamental characteristic has been its self-serving abuse of religious corporate power. A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes. Included are those who were immature, capricious, corrupt, lascivious, fanatical, senile, truly mad, megalomaniac, tyrannical, murderous, and wholesale killers. It confirms that for many many centuries the popes were corrupt, cruel, inhumane, and despotic. In an age of savagery they were the leaders in barbarity; in the subsequent age of enlightenment they have persistently resisted the march of progress. Additionally, the popes were wholesale killers who made the principle of assassination a law of the Christian Church. Accordingly, the Church has shed more innocent blood than any other institution that has ever existed among mankind. Here also are presented the cupidity, corruption, and sexual misconducts of lesser ecclesiastics, including cardinals, bishops, priests, monks, and nuns. Pope Honorius III, for example, described his priests as worse than beasts wallowing in their dung. The Church's ruthless stranglehold on knowledge and learning is catalogued in detail. Mathematics, philosophy, and science were repressed. Selected applied theology ruled the world. Everything was explained, but nothing was understood. The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape. A large number of writings, which eventually became classics of European culture, were condemned and prohibited. The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular. Many of these men were annihilated. Holy books were burned in large numbers, particularly the Jewish Talmud. It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years. Century after century passed away and left the peasantry but little better than the cattle in the fields. Finally, the unholy behaviours of the numerous popes, cardinals, and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic. The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future, the Catholic Church must change.

**The Irreducible Minimum** David C. Myers, 2002-07-01. The Irreducible Minimum is a careful examination of the eleven essential doctrines, including the doctrine of the Bible, Dispensationalism, Theology Proper, and Trinitarianism, Christology, Holy Spirit, Angels, Sin, Salvation, the Church, and the doctrine of last things, from a pre-tribulational, pre-millennial viewpoint.

**The Crusades and the Far-Right in the Twenty-First Century** Charlotte Gauthier, 2024-09-04. Engaging the Crusades is a series of concise volumes, up to 50,000 words, which offer initial windows into the ways in which the crusades have been used in the last two centuries, demonstrating that the memory of the crusades is an important and emerging subject. Together, these studies suggest that the memory of the crusades in the modern period is a productive, exciting, and much-needed area of investigation. This volume explores how crusading rhetoric, iconography, and historiography have been purposed by far-right nationalist and related groups in the recent past, through case studies as varied as Brenton Tarrant, who killed 51 people at a mosque and Islamic centre in New Zealand in March 2019; a modern American military order that uses memes to recruit members and spread its ideology; and the bestselling video game Assassin's Creed. As nationalist and far-right ideologies have gained

adherents in Europe and the Americas understanding how ideologues have misused the crusading past for their own ends is more important than ever The Crusades and the Far Right in the Twenty First Century is useful for all students and scholars interested in the intersection between the history of the crusades and far right ideology in the modern age
