*Readings in Accounting for Management Control* David Otley and Kenneth Merchant Clive Emmanuel,2013-12-19 This collection contains the main journal articles necessary to complement and support the established second edition of Accounting for Management Control The success of the text stems from the authors commitment to examining management accounting in an organizational and behavioural context Only in this way can the contribution to the management control system be evaluated The articles contained in this volume follow the structure and content of the main book providing deeper insights into those fundamental issues of accounting control systems design and indicating the direction of future developments in research The collection contains articles with a variety of perspectives and range from as early as the 1950s through to the present The inclusion of all these papers in one volume gives the student easier access to the body of work upon which the main text is based A teacher s manual to be used in conjunction with the main text is also available This book should be of interest to senior undergraduate students of accounting and finance and university and polytechnic libraries

*Management Accounting Handbook* Colin Drury,1992 Merrett provides a concise but comprehensive treatment of one of the central issues in environmental management Informed by an evolutionary political economy perspective this text draws on a worldwide range of case studies and examples

**Management and Cost Accounting** Drury,2012 Now in its eighth edition this international bestseller has been widely recognised as the definitive textbook on management and cost accounting for over 25 years Colin Drury expertly blends the theory and practice of management and cost accounting with extensive assessment questions and illuminating Real World Views to fulfil all undergraduate and professional course needs in a single textbook Management and Cost Accounting is ideally suited for use on management accounting and cost accounting modules taught on undergraduate accounting courses and for students preparing for the cost and management

accounting examinations of the professional accountancy bodies at intermediate or advanced level It is also appropriate for use by postgraduate and higher national diploma students studying cost and management accounting for the first time

Perspectives on Financial Control Mahmoud Ezzamel, David Heathfield, 2013-12-14 The purpose of this book is to offer a small token in memory of Ken Hilton who died prematurely at the age of 52 in February 1990 The book contains contributions from a number of leading academics some were close colleagues of Ken's at the University of Southampton some have been at other universities but knew Ken fairly well and still some who never met Ken but who knew of him through his work The unifying motivation for all of them however was their immense sense of loss of an extremely proactive and excellent academic Having led the research group on the Southampton Econometric Model project for three years Ken was appointed to the Chair of Financial Control at the University of Southampton in 1970 at that time this was one of only a handful of similar Chairs in the UK Most of Ken's subsequent academic career was devoted to contributing to the study of financial control initially in the private sector and subsequently in the public sector The breadth of his interests was demonstrated by his enviable ability to contribute to the areas of industrial economics accounting and management science We hope therefore that this volume which embraces contributions from leading academics in each of these three fields is a fitting tribute to Ken's work      **Daily Graphic** Yaw Boadu-Ayebofoh, 2005-12-16
