**Straits** Felipe Fernandez-Armesto, 2022-03-29 An uncompromising study of the fictions the failures and the real man behind the myth of Magellan With Straits celebrated historian Felipe Fernandez Armesto subjects the surviving sources to the most meticulous scrutiny ever providing a timely and engrossing biography of the real Ferdinand Magellan The truth that Fernandez Armesto uncovers about Magellan s life his character and the events of his ill fated voyage offers up a stranger darker and even more compelling narrative than the fictional version that has been celebrated for half a millennium Magellan did not attempt much less accomplish a journey around the globe In his lifetime he was abhorred as a traitor reviled as a tyrant self condemned to destruction and dismissed as a failure Straits untangles the myths that made Magellan a hero and discloses the reality of the man probing the passions and tensions that drove him to adventure and drew him to disaster We see the mutations of his character pride that became arrogance daring that became recklessness determination that became ruthlessness romanticism that became irresponsibility and superficial piety that became in adversity irrational exaltation As the real Magellan emerges so do his real ambitions focused less on circumnavigating the world or cornering the global spice market than on exploiting Filipino gold Straits is a study in failure and the paradox of Magellan s career showing that renown is not always a reflection of merit but often a gift and accident of circumstance      **The Maya of the Cochuah Region**

Justine M. Shaw, 2015-12-01 In recent years the Cochuah region the ancient breadbasket of the north central Yucatecan lowlands has been documented and analyzed by a number of archaeologists and cultural anthropologists This book the first major collection of data from those investigations presents and analyzes findings on more than eighty sites and puts them in the context of the findings of other investigations from outside the area It begins with archaeological investigations and continues with research on living peoples Within the archaeological sections historic and colonial chapters build upon those concerned with the Classic Maya revealing the ebb and flow of settlement through time in the region as peoples entered left and modified their ways of life based upon external and internal events and forces In addition to discussing the history of anthropological research in the area the contributors address such issues as modern women s reproductive choices site
