TO GLOBAL DOMINANCE —  
AND WHY THEY FALL

# Day Of Empire How Hyperpowers Rise To Global Dominance And Why They Fall

**D. A. Carson**

## **Day Of Empire How Hyperpowers Rise To Global Dominance And Why They Fall:**

**Day of Empire** Amy Chua, 2007-10-30 In a little over two centuries America has grown from a regional power to a superpower and to what is today called a hyperpower But can America retain its position as the world's dominant power or has it already begun to decline Historians have debated the rise and fall of empires for centuries To date however no one has studied the far rarer phenomenon of hyperpowers those few societies that amassed such extraordinary military and economic might that they essentially dominated the world Now in this sweeping history of globally dominant empires bestselling author Amy Chua explains how hyperpowers rise and why they fall In a series of brilliantly focused chapters Chua examines history's hyperpowers Persia Rome Tang China the Mongols the Dutch the British and the United States and reveals the reasons behind their success as well as the roots of their ultimate demise Chua's unprecedented study reveals a fascinating historical pattern For all their differences she argues every one of these world dominant powers was at least by the standards of its time extraordinarily pluralistic and tolerant Each one succeeded by harnessing the skills and energies of individuals from very different backgrounds and by attracting and exploiting highly talented groups that were excluded in other societies Thus Rome allowed Africans Spaniards and Gauls alike to rise to the highest echelons of power while the barbarian Mongols conquered their vast domains only because they practiced an ethnic and religious tolerance unheard of in their time In contrast Nazi Germany and imperial Japan while wielding great power failed to attain global dominance as a direct result of their racial and religious intolerance But Chua also uncovers a great historical irony in virtually every instance multicultural tolerance eventually sowed the seeds of decline and diversity became a liability triggering conflict hatred and violence The United States is the quintessential example of a power that rose to global dominance through tolerance and diversity The secret to America's success has always been its unsurpassed ability to attract enterprising immigrants Today however concerns about outsourcing and uncontrolled illegal immigration are producing a backlash against our tradition of cultural openness Has America finally reached a tipping point Have we gone too far in the direction of diversity and tolerance to maintain cohesion and unity Will we be overtaken by rising powers like China the EU or even India Chua shows why American power may have already exceeded its limits and why it may be in our interest to retreat from our go it alone approach and promote a new multilateralism in both domestic and foreign affairs

Global Leadership Initiatives for Conflict Resolution and Peacebuilding Campbell, Andrew H., 2018-03-23 One global leadership challenge is managing the complexity of the political and economic climate of a society As the global environment changes it is essential for global leaders to adapt and develop flexible strategies for resolving conflicts and achieving peace Global Leadership Initiatives for Conflict Resolution and Peacebuilding provides emerging research on a leader's role in the international national and nongovernmental organization within post conflict resolution and peaceful leadership While highlighting topics such as civil society organizations leadership education and social reconstruction this book explores leadership theories and practice

models to conceptualize the intersection of leadership within conflict management and resolution This book is an important resource for leaders scholar practitioners educators and researchers seeking current research on the strategic and diplomatic methods of a peaceful global organization

**Tolerance** Ville Päivänsalo,Taina Kalliokoski,David Huisjen, Jr.,2017 Tolerance Human Fragility and the Quest for Justice Sheds new light on the liberal democratic values of toleration taking into account the fragility of human moral ventures in general within and beyond the Western liberal tradition Broadly considers the limits of tolerance as they have stemmed from sincere efforts to define justice in a secular or a postsecular manner together with its related rights responsibilities and virtues Clarifies various forms of response to human needs as connected to the condition of human fragility as well as the persistent quest for justice Ville Paeivaensalo PhD Theology Helsinki is a docent in theological and social ethics at the University of Helsinki Taina Kalliokoski MTh is a doctoral student of social ethics at the University of Helsinki David Huisjen MTh is a secondary school teacher and a doctoral student at the Department of Systematic Theology at the University of Helsinki

**Iraq Against the World** Samuel Helfont,2023 The move away from post Cold War unipolarity and the rise of revisionist states like Russia and China pose a rapidly escalating and confounding threat for the liberal international order In Iraq against the World Samuel Helfont offers a new narrative of Iraqi foreign policy after the 1991 Gulf War to argue that Saddam Hussein executed a political warfare campaign that facilitated this disturbance to global norms Drawing on internal files from the ruling Ba th Party Helfont highlights previously unknown Iraqi foreign policy strategies including the prominent use of influence operations and manipulative statesmanship

**Principles And Laws In World Politics: Classical Chinese Perspectives On Global Conflict** Walter Wan Fai Lee,2021-12-02 The search for universal principles and laws in world politics is a colossal common task for all civilisations It should not be monopolised by the Western liberal paradigm Thirty years after the end of the Cold War global conflicts have been satisfactorily resolved neither by communism nor liberalism Humanitarian intervention now under the cover of the responsibility to protect R2P has destabilised many societies leaving justice undone This inspiring book invites debates on the post liberal imagination of emancipated Leviathan an almighty political authority which exercises awe and force to restore order as well as enshrines globally negotiated values of common conscience and reinvented cosmopolitanism Human well being will truly become reality when we synergise pre modern and pre liberal ways of thinking worldviews ethics and aesthetic styles by means of cross civilisational cross disciplinary fundamental research and let an emancipated Leviathan exercises principles and laws of virtue derived from the study The starting point of such intellectual innovation is China This book explores the application of classical Chinese resources to the innovation of thoughts in contemporary Chinese international relations IR It examines whether Knowledge Archaeology of Chinese International Relations KACIR coined by the author responds sensibly to today s issues of international ethics and global justice The book contends that emancipative hermeneutics holds the key to the Chinese soft power puzzle A bottom up non nationalistic and non ethnocentric approach to

the Chinese civilisation will reinvent intellectual pluralism and cosmopolitan elements in the Chinese tradition that interact constructively with and ultimately transcend the liberal Western model Strolling from contemporary IR back to ancient Chinese philosophy then striding into the future searching for common principles and laws this insightful book is a must read for those who want to reflect on global conflicts in this era of great uncertainty and transformation as well as those who love to make our world a better place to live in Beyond the Western Liberal Order Ryoko Nakano,2012-12-28 This book introduces the political thought of Yanaihara Tadao 1893 1961 the most prominent Japanese social scientist working on empire population migration and colonial policy and uses it as a platform which to examine the global challenges faced by the U S hegemonic world order today or what is often described as the Western liberal order **Regime Change Rein** Müllerson,2013-01-29 This book analyses the recent and on going regime changes their internal causes and the external factors that either stimulate or obstruct political reforms Comparing today s political reforms with the evolution of the political systems in the Western world and especially with the sequencing of and congruence between the development of civil institutions and economic and political systems then and there permits to reveal serious problems with the current attempts at regime change A comparison of the processes started by Gorbachev in Russia and the Chinese reforms initiated by Deng Xiaoping and the current situation in these countries and their respective positions in the world highlights both the benefits and dangers of radical reforms The second part of the book is devoted to the study of moral legal and political aspects of various forms of external interference with the aim of influencing change **Paradise Lost and the Rise of the Novel** Branko Marijanović,2022-08-17 This book claims that Paradise Lost contains all the traits of the great epics as well as the predominant characteristics of early modern novels and that every history of the novel should acknowledge Milton s unintentional contribution to the development of the genre Milton s Satan is presented as a novelistic character par excellence preceding memorable literary characters of novelistic provenance like Dostoyevsky s Raskolnikov Shelley s monster or Kafka s beetle In addition this book proves that all the elements of modernity like capitalism science all pervasive doubt the absence of unquestionable ideals radical individualism and the insatiable desire for self realization and incessant advancement are inherent to both Paradise Lost and Satan s character Just like a fully developed novelistic character and unlike any epic character in history Satan constantly surprises us by failing exceeding or simply contradicting our expectations As such the book demonstrates that Satan shares more common points with the likes of Tom Jones Moll Flanders or Lovelace than with the traditional epic heroes like Achilles or Aeneas proving that the novel as a genre owes an immense debt to Milton s grand epic and that Satan may be perceived as a precursor of the great novelistic characters **Interreligious Studies** Rachel Mikva,2023-06-15 The first comprehensive textbook designed for undergraduate and graduate students in Interreligious Studies *Foundations of Cultural Diplomacy* Nicolas K. Laos,2011 This original systematic theory of cultural diplomacy opens a new way of thinking about diplomacy politics and culture Dr Laos

methodically investigates the relationship between culture and politics and between the reality of the world and the reality of consciousness In so doing he articulates a new approach to international relations theory and the concept of power one based on philosophical arguments about reality history and freedom Dr Laos takes a stark and realistic look at the interplay between culture and politics and makes an intellectually challenging contribution to normative international relations theory The author proposes a new way of defining critical political theory substantially different from the Frankfurt School s approach which leads to a new dynamic understanding of history and he argues that the chessboard of power is not so much on the surface of the earth as in the mental network formed by the communication between consciousnesses He presents an original explanation of the inherent inability of Realpolitik to account for reality throwing light on deep and controversial questions of identity for Europe and the West in general

**The Intolerance of Tolerance** D. A. Carson, 2012-01-31 Carson traces the subtle but enormous shift in the way we have come to understand tolerance over recent years from defending the rights of those who hold different beliefs to affirming all beliefs as equally valid and correct He looks back at the history of this shift and discusses its implications for culture today especially its bearing on democracy discussions about good and evil and Christian truth claims from publisher description

**The Global Obama** Dinesh Sharma, Uwe P. Gielen, 2013-12-17 The Global Obama examines the president s image in five continents and more than twenty countries It is the first book to look at Barack Obama s presidency and analyze how Obama and America are viewed by publics governments and political commentators around world The author of Barack Obama in Hawaii and Indonesia The Making of a Global President Top 10 Black History Book scaled the globe to gather opinions cultural historical and political analyses about Obama s leadership style Writers journalists psychologists consultants and social scientists present their views on Obama s leadership popularity and many of the global challenges that still remain unresolved As a progress report this is the first book that tries to grasp the Obama phenomenon in totality as perceived by populations around the world with special focus on America s leadership in the 21st Century

**Empires in World History** Niv Horesh, 2021-06-01 This study focuses on Empires from an economic historical perspective In doing so it relates current debates in international relations IR and politics to the vexed legacy of empires in the past The book includes analyses of the comparative scholarly literature on Empire in Antiquity and Empire in the Early Modern and Modern Ages asking the question if the United States is an Empire and if China an emerging Empire It contributes to the field given its interdisciplinarity bringing together both historical and IR insights into world systems in times past In addition it draws out four key points of separateness between pre modern and modern empires and emphasizes specific economic data Further to that the book advances the notion of the emergence of empires from within in the 21st century that is nation states becoming more multi ethnic while often stepping back from globalization And finally it offers future scenarios for the evolution of empires in a Schumpeterian post industrial world

*Anglo Nostalgia* Edoardo Campanella, Marta Dassù, 2019-08-01 Nostalgia has become a major force in global politics While Donald Trump hopes to

make America great again Xi Jinping calls for a great rejuvenation of the Chinese people and a majority of Russians still mourn the Soviet Union But it is Brexit with its idealization of a bygone era of full sovereignty that epitomizes nostalgic nationalism in its purest form Despite its romantic flavor nostalgia is a malaise a combination of paranoia and melancholy that idealizes the past while denigrating the present This epidemic of mythicizing national history is shaping politics in risky ways fueled by ageing populations shifts in the global order and technological disruption When deployed in the political debate collective nostalgia is used as an emotional weapon capable of mobilizing a nation towards illusory goals Drawing on psychology political science history and popular culture Anglo Nostalgia analyses the rapid spread of this global phenomenon before focusing on Brexit as a case study With the detachment of informed outsiders Campanella and Dass expose nostalgia s great danger the oversimplification of reality leading to unprecedented political miscalculations and rising geopolitical tensions

**Tolerance in World History** Peter Stearns,2017-06-26 This relatively short book will work to connect different periods and a number of key regions to help clarify the record and the relationship between current tolerance patterns and those of the past

**After Globalization** Eric Cazdyn,Imre Szeman,2012-11-28 AFTER GLOBALIZATION Relentlessly remorselessly endlessly we are told there is no alternative to globalization whether our lecturers are bourgeois economists progressive journalists or imaginative litterateurs Eric Cazdyn and Imre Szeman dare to go beyond the standard thinking of the day and query the very heart of mobile capital and its impact on daily life Their alternative vision breathes new life into our sense of evolution and inevitability Toby Miller author of Globalization and Sport and Global Hollywood Cazdyn and Szeman begin with the idea that the current economic crisis has historicized globalization turning it from a process that looked as inevitable as say global warming still does into an episode in the history of capitalism hence the possibility not just of more globalization but of an after globalization And hence also they argue the renewed possibility of an after capitalism In powerful critiques of what they describe as the common sense of capital today they sketch out the terms in which changes more radical than substituting generous and honest leaders for the greedy and dishonest ones we ve currently got might begin to be imagined Walter Benn Michaels University of Illinois at Chicago In lively and unflinching prose Eric Cazdyn and Imre Szeman argue that contemporary thought about the world is disabled by a fatal flaw the inability to think an after to globalization After establishing seven theses on education morality nation future history capitalism and common sense that challenge the false promises that sustain this time limit After Globalization examines four popular thinkers Richard Florida Thomas Friedman Paul Krugman and Naomi Klein and considers how their work is dulled by these promises Cazdyn and Szeman then speak to students from around the globe who are both unconvinced and uninterested in these promises and who understand the world very differently than the way it is popularly represented After Globalization argues that a true capacity to think an after to globalization is the very beginning of politics today

**Babur** Aabhas Maldahiyar,2024-02-19 Babur the visionary founder of Timurid Empire in Hindustan had a fair share of early struggle following his father s tragic demise in AD

1494 Then on Babur embarked on an unyielding pursuit of power amid treacherous political landscapes the narrative unveils his moniker the chessboard king portraying his adept navigation through political intricacies and adversities From his ascent to rulership in Ferghana amidst familial threats to fleeting victories and losses in Samarkand the book paints a poignant picture of Babur's journey It portrays his retreat to tribal lands after relinquishing hopes of reclaiming Ferghana eventually establishing a mountainous kingdom in Kabul a pivotal milestone preceding his ambition to expand into Hindustan Recounting his initial endeavour to penetrate Hindustan in AD 1505 his alliances and subsequent setbacks after Sultan Husayn Mirza Bayqarah's demise leaving him as the sole Timurid prince in power the book opens a window to Babur's failed second attempt to enter Hindustan encapsulating the initial thirteen to fourteen tumultuous years of his reign marked by exile fleeting victories and delicate alliances Gripping anecdotal and deeply researched Babur The Chessboard King delves into Hindustan's economic landscape during Timurid rule and portrays Babur as a multifaceted ruler challenging the typical depiction of an infallible conqueror and a good human being Meticulously sourced from the Persian manuscript of the Baburnama and other primary sources this book represents a milestone in Babur's biographical genre essential for comprehending the ambitions of this enigmatic king *Hidden in Historicism* Harry Jansen, 2020-06-10 Hidden in Historicism considers how the nineteenth century philosophy of historicism depicts three forgotten time regimes a time of rise and fall an ambiguous time of synchronicity of the non synchronous and a time in which decisive moments dominate Before the eighteenth century time was past oriented This inversed in the Enlightenment when the future became dominating Today this time of progress continues to be embraced as a time of the modern Yet inequality increasing violence and climate change lead to doubts over a bright future In this book Harry Jansen moves away from the heritage of Reinhart Koselleck and his single time of the modern towards a historicist threefold temporal approach to history writing In the time regime of the twenty first century past present and future coexist It is a heterogeneous time that takes on the three forms of historicism Jansen's study shows how all three times exist together in current historiography and contribute to a better understanding of the world today Based on the idea that an incarnated time rules everything that happens in reality the book offers a fresh perspective on the ongoing discussion about time and time regimes in contemporary philosophy and theory of history for students and scholars both time specialists and the non specialist

**Adoption and impact of OER in the Global South** Cheryl Hodgkinson-Williams, Brazil Arinto, 2017-12-29 Education in the Global South faces several key interrelated challenges for which Open Educational Resources OER are seen to be part of the solution These challenges include unequal access to education variable quality of educational resources teaching and student performance and increasing cost and concern about the sustainability of education The Research on Open Educational Resources for Development ROER4D project seeks to build on and contribute to the body of research on how OER can help to improve access enhance quality and reduce the cost of education in the Global South This volume examines aspects of educator and

student adoption of OER and engagement in Open Educational Practices OEP in secondary and tertiary education as well as teacher professional development in 21 countries in South America Sub Saharan Africa and South and Southeast Asia The ROER4D studies and syntheses presented here aim to help inform Open Education advocacy policy practice and research in developing countries

*Gender, Humiliation, and Global Security* Evelin Lindner, 2010-02-26 An award winning author and transdisciplinary social scientist offers a must read guide to paradigm change for creating a socially and ecologically sustainable future *Gender Humiliation and Global Security Dignifying Relationships from Love Sex and Parenthood to World Affairs* aims at outlining the kind of change that needs to be made if we wish to create a less crisis prone world This audacious work describes a vision for an alternative future showing how new approaches to love can dignify gender relations sex parenthood and leadership and how they can guide us to a world where all citizens can live dignified lives The book is organized in three parts Part I *Gender Humiliation and Lack of Security in Times of Transition* examines the nature of humiliation and how love and humiliation are influenced by large scale historical transitions such as globalization Part II *Gender Humiliation and Lack of Security in the World Today* looks at love sex parenthood and leadership and how they can be dignified Part III *Global Security through Love and Humility in the Future* explores how love can be used to inspire psychological social cultural and political strategies and to stimulate global systemic change
