slavery We Gordons have also been on both sides of that evil We have been Slaves Slave Owners and even Slave Traders Slaves would normally keep their own first name but would also adopt the surname of the slave owner hence not all Gordons are Celtic Being involved in slavery is not a matter of pride to most Gordons it is just a matter of historical fact Tearing down statues or defacing buildings that bear the name of historical people to me is pointless It would be like tearing down the Auschwitz Museum There was a holocaust and Auschwitz is testament to that horror and by it being there it tells us not to forget When people tried to tear down the statue of William Wallace saying that he was a racist His statue is there because he fought for Scotland and its people There were 12 presidents of the USA that owned slaves Thomas Jefferson James Madison James Monroe Andrew Jackson Martin Van Buren William Henry Harrison John Tyler James K Polk Zachary Taylor Andrew Johnson and Ulysses S Grant You would have to tear down America and start building all over again starting with Washington DC and the White House We remember our history the good along with the bad in order to learn from our mistakes Consequently in this book you will find all the great moments in the Gordon history since 66BC all the way up to 2020 You will also find the truth and the facts that point to unspeakable acts carried out sometimes in the name of the Gordon families other times just out of coincidence to them bearing the name of Gordon One such example would be the Highland clearances carried out by the Duke of Sutherland whose wife was Countess Elizabeth Gordon He committed an act of ethnic cleansing in the north of Scotland This is not something that gives me pride it is though part of my history and if you are a Gordon then it is part of your history especially if you can trace your roots back to that period in America Canada Newfoundland and Australia These were the predominant areas that the crofters from the north of Scotland were forced to flee too Gordons fought on both sides of the American Civil War The Gordons fought during the crusades it is even said that it was a Gordon that was responsible for the death of Richard The Lionheart This book is not a romanticised novel where facts are cherry picked I have written this as a non fiction work and as a starting point for any genealogical work you wish to embark upon I have taken information for many sources in order to complete this and I give thanks to the Encyclopaedia Britannica Wikipedia Ancestry online The Gordon Highlanders UK Census as well as reading many books on Scottish History and land ownership Long and Short of this book is that it is written by a Gordon for all Gordons

Osbeck,2017-05-06 This book explores the ethical dimensions surrounding the development of education for sustainable development within schools and examines these issues through the lens of ethical literacy The book argues that teaching children to engage with nature is crucial if they are to develop a true understanding of sustainability and climate issues and claims that sustainability education is much more successful when pupils are treated as moral agents rather than being passive subjects of testing and assessment The collection brings together a range of fresh and creative perspectives on how issues around ethical literacies can be elaborated and expanded with regard to democratic sustainability education The use of children s books in teaching about sustainability is carefully explored as are the ethical and aesthetic dimensions of environmental education Including an afterword by Arjen Wals Professor of Transformative Learning for Socio Ecological Sustainability the book will be of great interest to students and researchers in the field of sustainability education School Library Journal ,2008 The New York Times Index ,2009 **The Hollywood Reporter** ,2009 **The Wimpy Kid Movie Diary** Jeff Kinney,2010 Ever wondered how they make a movie out of a book Author Jeff Kinney didn t know either but
