The Four Pillars of Portfolio Management Olivier Lazar, 2018-09-28 Portfolio management consists mainly of making decisions about which initiatives to undertake which initiatives not to pursue and which resources are to be allocated to which portfolio component At least that's how it is most commonly presented in textbooks and courses Indeed it is all of that but it is also so much more Portfolio management is of course about making these decisions but more accurately it is about making them with the goal of creating value for an organization's wide population of stakeholders both internal and external This value is not only expressed in financial terms but also in social terms The portfolio should create value for all stakeholders who thereby support the portfolio organization and enable it to sustain itself Portfolio management is about the realization of strategic vision achieving a purpose and developing an intelligent way of using resources to benefit stakeholders This requires the ability to find a balance among the different dimensions of portfolio governance and among

the constraints constantly shaping and reshaping the business environment This is what portfolio management is truly about this is what organizational management is about The Four Pillars of Portfolio Management Organizational Agility Strategy Risk and Resources takes readers on a journey navigating the dimensions and constraints to be balanced and integrated as part of the portfolio and organizational decision making process By balancing the requirements of strategic alignment with the exposure to risk and by reconciling resource demands with capability a portfolio manager can develop and sustain an organization despite the constant and dynamic evolution of the business environment This book explains how to manage portfolios that create the agility all organizations require to survive and thrive Consumer Behavior, Organizational Strategy and Financial Economics Mehmet Huseyin Bilgin,Hakan Danis,Ender Demir,Ugur Can,2018-03-30 This volume presents selected articles from the 21st Eurasia Business and Economics Society EBES Conference which was held in Budapest Hungary in 2017 The theoretical and empirical papers in this volume cover various areas of business economics and finance from a diverse range of regions In particular this volume focuses on the latest trends in consumer behavior new questions in the development of organizational strategy and the interaction of financial economics with industrial economics and policy **Strategic Communication** Christopher Paul,2011-04-07 This volume in the Contemporary Military Strategic and Security Issues series presents a concise introduction to the evolution key concepts discourse and future options for improved strategic communication in today s U S government Strategic Communication Origins Concepts and Current Debates is a groundbreaking study the first book explicitly focused on strategic communication as it is currently used and discussed in the U S government Written specifically for those who are new to strategic communication this incisive book clarifies the definitional debate explores the history of the term and its practice and embraces a broad practical definition But that is only the beginning Moving to the realities of the issue author Christopher Paul reviews dozens of government reports on strategic communication and public diplomacy released since 2000 examining specific proposals related to improving strategic communication in the U S government and explaining the disagreements Most important he offers consensus and clarity for the way ahead discussing how disparate elements of the government can be coordinated to master and win the war of ideas through fully integrated and synchronized communications and actions **The New Walford** Ray Lester,2005 Covers 15 broad subject groupings social sciences generic psychology sociology social work politics government law finance accountancy industries business education sport media information and tools for information professionals *Africa Reimagined* Hlumelo Biko,2021-01-15 Steve Biko argued that the most potent weapon in the hands of the oppressor is the mind of the oppressed Hlumelo Biko unpacks this in its practical import and shows how changing the situation can transform Africa Practical Wisdom Peter D. Eckel,Cathy A. Trower,2023-07-03 Co published with This series of essays written for trustees and administrative leaders of universities and colleges draws on the authors extensive consulting experience research into the dynamics of boards and service as trustees to focus on practical insights that will

help readers improve governance The authors have contributed a series of essays on governing well to Inside Higher Education which formed the inspiration for this volume The primary aim of the book is to provide insight that boards can use to enhance their governing practices The author s take is not a how to do book but rather one on how to think Their basic premise is that too many boards are underperforming because they adopt or continue ineffective practices However thinking in more intentional if not new ways about not only what they do as boards but how they go about their efforts will help boards add value to the institutions and state systems they govern The authors use thought provoking titles and a conversational tone to engage the readers get them to reflect on their work and broaden their horizons
