The Beforelife Franz Wright, 2002-04-02 In this stunning collection Franz Wright chronicles the journey back from a place of isolation and wordlessness After a period when it seemed certain he would never write poetry again he speaks with bracing clarity about the twilight world that lies between madness and sanity addiction and recovery Wright negotiates the precarious transition from illness to health in a state of skeptical rapture discovering along the way the exhilaration of love both divine and human and finding that even the most battered consciousness can be good company Whether he is writing about his regret for the abortion of a child describing the mechanics of slander I can just hear them on the telephone and keening all their kissy little knives or composing an ironic ode to himself To a Blossoming Nut Case Wright's poems are exquisitely precise Charles Simic has characterized him as a poetic miniaturist whose secret ambition is to write an epic on the inside of a matchbook cover Time and again Wright turns on a dime in a few brief lines exposing the dark comedy and poignancy of his heightened perception Here is one of the poems from the collection Description of Her Eyes Two teaspoonfuls and my mind goes everyone can kiss my ass now then it's changed I change my mind Eyes so sad and infinitely kind

Reading Food in Modern Japanese Literature Tomoko Aoyama,2008-09-30 Literature like food is in Terry Eagleton s words endlessly interpretable and food like literature looks like an object but is actually a relationship So how much do we and should we read into the way food is represented in literature *Reading Food* explores this and other questions in an unusual and fascinating tour of twentieth century Japanese literature Tomoko Aoyama analyzes a wide range of diverse writings that focus on food eating and cooking and considers how factors such as industrialization urbanization nationalism and gender construction have affected people s relationships to food nature and culture and to each other The examples she

offers are taken from novels shosetsu and other literary texts and include well known writers such as Tanizaki Jun ichiro Hayashi Fumiko Okamoto Kanoko Kaiko Takeshi and Yoshimoto Banana as well as those who are less widely known Murai Gensai Nagatsuka Takashi Sumii Sue and Numa Shozo Food is everywhere in Japanese literature and early chapters illustrate historical changes and variations in the treatment of food and eating Examples are drawn from Meiji literary diaries children s stories peasant and proletarian literature and women s writing before and after World War II The author then turns to the theme of cannibalism in serious and popular novels Key issues include ethical questions about survival colonization and cultural identity The quest for gastronomic gratification is a dominant theme in gourmet novels Like cannibalism the gastronomic journey as a literary theme is deeply implicated with cultural identity The final chapter deals specifically with contemporary novels by women some of which celebrate the inclusiveness of eating and writing while others grapple with the fear of eating Such dread or disgust can be seen as a warning against what the complacent gourmet boom of the 1980s and 1990s concealed the dangers of a market economy environmental destruction and continuing gender biases Reading Food in Modern Japanese Literature will tempt any reader with an interest in food literature and culture Moreover it provides appetizing hints for further savoring digesting and incorporating textual food
