Life , The Trinity John Farrelly, 2005 The mystery of the Trinity is the central Christian belief that defines God s essence God s ongoing love for humanity and saving grace Yet over the past few centuries especially in the West Christians have either ceased believing in the Trinity or simply no longer recognize its relevance in their ecclesial or individual lives Written in an ecumenical spirit that engages contemporary questions and theological viewpoints The Trinity Rediscovering the Central Christian Mystery articulates the mystery of the Trinity for people formed by modern historical consciousness science awareness of the equal dignity of men and women and respect for world religions By first identifying contemporary problems with the Christian proclamation of the Trinity in our culture and major differences among modern theologians John Farrelly OSB explores Scripture the life and message of Jesus Christ the various stages of the development of Trinitarian doctrine in Christian History the relation of the Trinity to creation and salvation the generation of the Son from the Father within the Trinity and the procession of the Holy Spirit from Father and Son and the meaning of three persons in one God He concludes by reflecting on the implications this renewed theology of the Trinity has for ecclesiology and Christian spirituality in our twenty first century world especially in relation to other world religions **Catholic Sexual Ethics** William May, Ronald Lawler, Joseph Boyle, 2011-08-25 The authoritative work on the Church s teaching on sexual morality has been thoroughly

updated to address dimensions of this complex topic that have emerged in the late 20th and early 21st centuries Since publication of the 2nd edition of Catholic Sexual Ethics the philosophical landscape of human sexuality has dramatically changed The rise of such concerns as moral relativism the drive for same sex unions and a drastic redefinition of marriage and family have underscored the need for an unambiguous up to date understanding of Catholic sexual teaching Features Summary of Catholic teaching on sexuality from biblical times to our own Presentation of principal elements of the teaching of Pope Benedict XVI on marriage in the early years of his pontificate Discussion of the Congregation for the Doctrine of the Faith s 2003 Considerations Regarding Proposals to Give Legal Recognition to Unions Between Homosexual Persons Integration of more recent materials that clarify issues into the existing framework of the book Whether you are involved in ministry education or catechesis you will benefit from having this essential resource near at hand No Abiding Place Fred Herron,2005-02-17 Thomas Merton played a critical role in facilitating and embodying a revolutionary paradigm shift in Catholic life and thought His public grappling with the issues raised by this shift in the life of the Catholic Church provided a vocabulary with which a generation of seekers has attempted to frame an on going discussion regarding the future of the Catholic Church Consequently Merton s life and thought continue to be guideposts for spiritual pilgrims confronting issues of authority in the church a changing moral landscape and the contemporary crisis in the Catholic Church Part One of the book describes this profound paradigm shift and locates Merton s developing thought within that landscape It places Merton s thought within the larger framework of the Catholic imagination as described by David Tracy Andrew Greeley and Thomas Groome The landmark research of Robert Wuthnow of Princeton University concerning the nature of contemporary spiritual seeking provides a framework that helps to identify Merton s continuing relevance for the study of spirituality Parts Two and Three discuss Merton s lasting importance for contemporary spirituality **Jesus and YHWH-Texts in the Synoptic Gospels** Scott Brazil,2024-02-21 Scott Brazil examines the frequent practice of applying Old Testament YHWH texts to Jesus in the Synoptic Gospels He argues that this YHWH text phenomenon evidences a high Christology in the primitive church that traces back to Jesus himself He thus finds in this Synoptic practice a stinging contradiction against the modern critical theory that a high Christology took many decades to develop in the early church and exists only in John among the canonical Gospels Brazil surveys the Synoptic Gospels in canonical order exegeting dozens of passages in which OT texts originally referring to YHWH are either clearly or most probably applied to Jesus He observes the frequency diversity and ubiquity of the practice as well as its wide range of OT source material and its parallel to the NT practice of applying OT messianic texts to Jesus And from the data he offers several ramifications including the early deliberate employment of YHWH texts to Jesus the likelihood that Jesus is the source of the practice the high Christology of the Synoptics and the redemptive historical metanarrative that Jesus is the divine interpreter and central figure of the Jewish Scriptures Ultimately Brazil argues that understanding the prolific application of OT YHWH texts to Jesus in the Synoptic Gospels cannot be neglected without

truncating genuine NT Christology *Religion and Violence* Dominic Arcamone, 2016-02-25 The aim of *Religion and Violence* is to engage dialectically key symbols of religiously motivated violence through the insights of Bernard Lonergan. Sociologists and psychologists argue the link between religion and violence but religion is viewed more as part of the problem and not part of the solution to violence. Bernard Lonergan's insights have helped the author arrive at a number of conclusions regarding the link between religion and violence. He argues that there is a difference between distorted religion and genuine religion between authenticity and inauthenticity of the subject. Distorted religion has the capacity to shape traditions in ways that justify violence while genuine religion helps persons make different moral decisions when confronted with situations of conflict and aims to explore new ways of understanding themselves as shaping history toward progress.

Crafting of Liturgy Daniel B. Stevick, 1990 *Faces of Jesus* Jose Miguez Bonino, 2002-11-20 *Introduction to the Mystery of the Church* Benoit-Dominique de La Soujeole, OP, 2014

Introduction to the Mystery of the Church is an ecclesiological survey presenting a doctrinal synthesis of the Church. The author's intention is to propose an overview of this mystery in connection with the entirety of the Christian mystery. The book is divided into two major parts: the first presenting the foundations in the Bible and the tradition up to our day and the second being an explanatory proposal introducing the reader to the Church's definition and personality and concluding with an exposition of the four properties enunciated in the Creed: one, holy, catholic, and apostolic. The value of this way of proceeding is first and foremost in the proposal of a synthesis that allows one to situate each question in its rightful place, such study being oriented toward a better overall grasp of the subject. As the title suggests, the book is an introduction that should allow the reader to apprehend the mystery in its internal coherence in order subsequently, with the aid of other texts, to be able to enter more deeply into the study of one or other specific point. While this ecclesiology treatise is written from a Catholic point of view, an ecumenical perspective is often present either through the presentation of divergent views from other Christian confessions or through the proposal for a theological convergence.

Laughing with God Gerald A. Arbuckle, 2015-03-15

When Sarah overhears God tell Abraham that she will give birth to a son, she laughs. She laughs to herself at the impossibility of her, in her old age, bearing a child. Gen 18:12. But God's ways are not Sarah's ways. God is far more wonderful than Sarah imagines. Of course Sarah does give birth to a son and names him Isaac, whose name means "to laugh." God has brought laughter for me; everyone who hears will laugh with me. Gen 21:6. Surely the ancient audience, aware of the many incongruities in this story, did laugh. But can we in modern times recover the divine humor, the paradox and promise in this and other biblical accounts? Can we use that sacred laughter as a means to evangelize a world that longs for God every bit as much as the ancients did? In *Laughing with God*, Humor, Culture, and Transformation, Catholic priest and cultural anthropologist Gerald Arbuckle helps us do just that. With Arbuckle, readers will enter many rich biblical stories and come away laughing, not in response to a joke or comedy but in a profound laughter of the heart. Readers will laugh at Sarah as she laughs at God, and they will laugh together with Sarah and

God Readers will discover divine humor in the parables of Jesus and even in his suffering and death the ultimate paradox for Christians In addition to uncovering and recovering humor in Scripture Arbuckle s work is a treasure trove of modern examples of humor from literature movies and television that surprisingly can be a means of transforming cultures to better reflect the kingdom of God In the end readers will want to turn the phrase He who laughs last laughs best into They who laugh with God evangelize best Gerald A Arbuckle SM PhD is co director of Refounding and Pastoral Development a research ministry in Sydney Australia He is internationally known for his expertise in helping church leaders minister effectively in a postmodern world Arbuckle s most recent books include *Confronting the Demon A Gospel Response to Adult Bullying Violence Society and the Church A Cultural Approach and Healthcare Ministry Refounding the Mission in Tumultuous Times* 2001 Catholic Press Association Award all published by Liturgical Press

Angels Cummings, Owen F.,2023 This book presents a solid Catholic teaching about angels through Scripture and tradition It includes the ideas of modern theologians such as Bernard Cooke and Karl Rahner

Scripture Francis Etheredge,2014-06-19 Scripture is an amazing word this is a word that both acts at the heart of a person s life and begets a testimony like itself The more a person looks into the depths of this word the clearer it is that there is both real human authorship and an incredibly subtle presence of the divine Author There are not however two words but one mysteriously enriched word of God a word at once ancient and ever open to the challenges of contemporary questions and concerns Secondly if dialogue is a characteristic of God Scripture expresses this through the multitude of voices through which it is written So whether it is a matter of listening to this word in the Church drawing on foundational studies on the biblical text or researching questions in embryology philosophy theology marriage and ecumenism a person is drawn into an amazingly fertile divine human dialogue Indeed in the end it is impossible to express the number of human beings who are in this dialogue and in that very impossibility there is a glimpse of the mystery of God calling us to a dynamic communion Finally given the great challenge of thinking that a person is so immersed in a subjectivism that drowns inter personal dialogue the word of God comes to strengthen the search for truth and facilitates the investigations that transcend individuals groups nations cultures and times For Scripture cannot be more centred in a time a place a people it cannot be more subjective in its account of an immense variety of human experience But then the very historical consistency of the fact that this heritage of utterly human experience has been able to speak to mankind as a whole at any time in any place in any culture is an incredibly convincing testimony that this is a unique word a word that both arises out of a profound anthropology of man and can destroy isolation and effect communion This book then takes up these questions both intensely personal and profoundly contemporary and lets the words Listen Israel resound throughout its pages

A Light for the Nations Luis Sánchez-Navarro,2024-05 Universality belongs to the very being of the catholic Church This claim of the Gospel is rooted in the ministry of Jesus witnessed to by the canonical Gospels and the other books of the New Testament all of which present the universal openness of salvation as a fulfillment of the Scriptures of Israel In

this book after addressing the universality of salvation in the writings of the Old Covenant we examine the differentiated and concordant witness of the synoptic Gospels John and Paul as well as the Letter to the Hebrews and the Apocalypse In this way we intend to show how this apostolic witness responds to the will of the Lord Jesus while highlighting its harmony with Torah Prophets and Writings A Light for the Nations by reviewing the main biblical passages on the universal dimension of salvation aims to show how the fact that the Gospel of Jesus Christ has a claim to universality does not diminish but rather enhances the importance of the people of the first Covenant Israel is called to be an active mediator of salvation The canonical perspective is based on a differentiated exegetical study of each testimony The scope is broad since this theme of biblical theology is also relevant for Christology and soteriology for anthropology and for ecclesiology The main contribution lies in showing how the various biblical testimonies in their diversity which is fully taken into account offer at the same time a concurring testimony on this fundamental question of Christian theology forming a true symphony within its polyphony
