**Beyond Descriptive Translation Studies** Anthony Pym, Miriam Shlesinger, Daniel Simeoni, 2008 To go beyond the work of a leading intellectual is rarely an unambiguous tribute However when Gideon Toury founded Descriptive Translation Studies as a research based discipline he laid down precisely that intellectual challenge not just to describe translation but to explain it through reference to wider relations That call offers at once a common base an open and multidirectional ambition and many good reasons for unambiguous tribute The authors brought together in this volume include key players in Translation Studies who have responded to Toury's challenge in one way or another Their diverse contributions address issues such as the sociology of translators contemporary changes in intercultural relations the fundamental problem of defining translations the nature of

explanation and case studies including pseudotranslation in Renaissance Italy Sherlock Holmes in Turkey and the coffee and sugar economy in Brazil All acknowledge Translation Studies as a research based space for conceptual coherence and creativity all seek to explain as well as describe In this sense we believe that Toury's call has been answered beyond expectations      Descriptive Translation Studies – and beyond Gideon Toury, 2012-11-21 This is an expanded and slightly revised version of the book of the same title which caused quite a stir when it was first published 1995 It thus reflects an additional step in an ongoing research project which was launched in the 1970s The main objective is to transcend the limitations of using descriptive methods as a mere ancillary tool and place a proper branch of DTS at the very heart of the discipline between the theoretical and the applied branches Throughout the book theoretical and methodological discussions are illustrated by an assortment of case studies the emphasis being on the need to take whatever one wishes to focus on within the contexts which are relevant to it Part One discusses the pivotal position of the descriptive branch within Translation Studies and Part Two then outlines a detailed rationale for that positioning This in turn supplies a framework for the case studies comprising Part Three where a number of exemplary issues are analysed and contextualized texts and modes of translational behaviour are situated in their cultural setting and textual components are related to their texts and then also to the cultural constellations in which they are embedded All this leads to Part Four which asks what the knowledge accumulated through descriptive studies of the kind advocated in the book is likely to yield in terms of both the theoretical and the applied branches of the field All in all an innovative thought provoking book which no one with a keen interest in translation can afford to ignore      **Translation Studies beyond the Postcolony** Ilse Feinauer, Kobus Marais, 2017-01-06

This edited volume explores the role of postcolonial translation studies in addressing issues of the postcolony It investigates the retention of the notion of postcolonial translation studies and whether one could reconsider or adapt the assumptions and methodologies of postcolonial translation studies to a new understanding of the postcolony to question the impact of postcolonial translation studies in Africa to address pertinent issues The book also places the postcolony in historical perspective and takes a critical look at the failures of postcolonial approaches to translation studies The book brings together 12 chapters which are divided into three sections namely Africa the Global South and the Global North As such the volume is able to consider the postcolony and even conceptualisations beyond the postcolony in a variety of settings worldwide

*Claims, Changes and Challenges in Translation Studies* Gyde Hansen, Kirsten Malmkjær, Daniel Gile, 2004-01-01 The volume contains a selection of papers both theoretical and empirical from the European Society for Translation Studies EST Congress held in Copenhagen in September 2001 The EST Congresses held every three years in a different country reflect current ideas theories and studies covering the whole range of Translation both oral and written and the papers collected here authored by both experienced and young translation scholars provide an up to date picture of some concerns in the field Topics covered include translation universals linguistic approaches to translation translation strategies quality and

assessment issues screen translation the translation of humor terminological issues translation and related professions translation and ideology language brokering by children Robert Schumann's relation to translation directionality in translation and interpreting community interpreting in Italy issues in interpreting for refugees notes in consecutive interpreting interpreting prosody and frequent weaknesses in translation papers in the context of the editorial process

**Key Themes and New Directions in Systemic Functional Translation Studies** Bo Wang, Yuanyi Ma, 2022-04-19 This collection features eight interviews with seven senior scholars whose seminal works involve the application of Systemic Functional Linguistics (SFL) to translation studies have advanced Systemic Functional Translation Studies (SFTS) as a research agenda in its own right with critical reflections and insights into future directions The book introduces SFTS as a research field tracing its development and situating the contributions of the scholars interviewed within this tradition An international group of researchers working across a diverse range of topics within SFTS are interviewed including Christian M I M Matthiessen Erich Steiner J R Martin Juliane House Jeremy Munday Adriana Pagano and Akila Sellami Baklouti Taken together the collection offers a comprehensive account of theoretical and methodological developments in SFTS with critical overviews of these scholars' body of work within the research area and reflections on the emerging research that pushes SFTS scholarship into new frontiers This volume will be of particular interest to scholars in translation studies and Systemic Functional Linguistics as well as those interested in innovations in linguistic theory *The Routledge Handbook of Translation Studies* Carmen Millán, Francesca Bartrina, 2013-03-05 The Routledge Handbook of Translation Studies provides a comprehensive state of the art account of the complex field of translation studies Written by leading specialists from around the world this volume brings together authoritative original articles on pressing issues including the current status of the field and its interdisciplinary nature the problematic definition of the object of study the various theoretical frameworks the research methodologies available The handbook also includes discussion of the most recent theoretical descriptive and applied research as well as glimpses of future directions within the field and an extensive up to date bibliography The Routledge Handbook of Translation Studies is an indispensable resource for postgraduate students of translation studies

*Translation in Systems* Theo Hermans, 2014-04-08 The notion of systems has helped revolutionize translation studies since the 1970s As a key part of many descriptive approaches it has broken with the prescriptive focus on what translation should be encouraging researchers to ask what translation does in specific cultural settings From his privileged position as a direct participant in these developments Theo Hermans explains how contemporary descriptive approaches came about what the basic ideas were and how those ideas have evolved over time His discussion addresses the fundamental problems of translation norms equivalence polysystems and social systems covering not only the work of Lev Holmes Even Zohar Toury Lefevere Lambert Van Leuven Zwart Dhulst and others but also giving special attention to recent contributions derived from Pierre Bourdieu and Niklas Luhmann An added focus on practical questions of how to investigate translation problems of

definition description assessment of readerships etc makes this book essential reading for graduate students and indeed any researchers in the field Hermans account of descriptive translation studies is both informed and critical At the same time he demonstrates the strength of the basic concepts which have shown considerable vitality in their evolution and adaptation to the debates of the present day

**Handbook of Translation Studies** Yves Gambier, Luc van Doorslaer, 2010-10-28 As a meaningful manifestation of how institutionalized the discipline has become the new Handbook of Translation Studies is most welcome The HTS aims at disseminating knowledge about translation and interpreting to a relatively broad audience not only students who often adamantly prefer user friendliness researchers and lecturers in Translation Studies Translation but also scholars experts and professionals from other disciplines among which linguistics sociology history psychology Moreover the HTS is the first handbook with this scope in Translation Studies that has both a print edition and an online version The HTS is variously searchable by article by author by subject Another benefit is the interconnection with the selection and organization principles of the online Translation Studies Bibliography TSB Many items in the reference lists are hyperlinked to the TSB where the user can find an abstract of a publication All articles are written by specialists in the different subfields and are peer reviewed

**Translation and Translation Studies in the Japanese Context** Nana Sato-Rossberg, Judy Wakabayashi, 2012-10-11 Expands the range and depth of translation studies scholarship by looking at the Japanese culture of translation from the pre Meiji era to the modern day

*The Turns of Translation Studies* Mary Snell-Hornby, 2006-01-01 What's new in Translation Studies In offering a critical assessment of recent developments in the young discipline this book sets out to provide an answer as seen from a European perspective today Many new ideas actually go back well into the past and the German Romantic Age proves to be the starting point The main focus lies however on the last 20 years and beginning with the cultural turn of the 1980s the study traces what have turned out since then to be ground breaking contributions new paradigms as against what was only a change in position on already established territory shifting viewpoints Topics of the 1990s include nonverbal communication gender based Translation Studies stage translation new fields of interpreting studies and the effects of new technologies and globalization including the increasingly dominant role of English The author's aim is to stimulate discussion and provoke further debate on the current profile and future perspectives of Translation Studies

**Legal Translation** Ingrid Simonnaes, Marita Kristiansen, 2019-03-07 In this anthology renowned scholars working in the area of legal translation studies LTS focus on current issues and challenges in legal translation emerging from today's globalisation and internationalisation Considering both theoretical and practical points of view the contributions present interdisciplinary approaches to legal translation dealing with legal systems in national EU and international settings and include civil law and common law as well as supranational and private international law In addition to the historical evolution of legal systems and of legal translation the papers discuss specific features of legal language and challenges in legal translation as well as new didactic strategies to deal with the future profiles of legal translators

Septuagint, Targum and

Beyond ,2019-11-11 In Septuagint Targum and Beyond leading experts in the fields of biblical textual criticism and reception history explore the relationship between the two major Jewish translation traditions of the Hebrew Bible In comparing these Greek and Aramaic versions from Jewish antiquity the essays collected here not only tackle the questions of mutual influence and common exegetical traditions but also move beyond questions of direct dependence applying insights from modern translation studies and comparing corpora beyond the Old Greek and Targum including for instance Greek and Aramaic translations found at Qumran the Samareitikon and later Greek versions

**Extending the Scope of Corpus-Based Translation Studies** Sylviane Granger,Marie-Aude Lefer,2022-01-27 With the rapid growth of corpus based translations studies CBTS over recent years this book offers a timely overview of the field today It features cutting edge studies from leading experts in the area focused on both professional and student translations and covers the latest theoretical developments such as the constrained communication framework with a strong focus on methodology particularly mixed method approaches multivariate research designs and translation error annotation The volume highlights the emerging interdisciplinary bridges between CBTS and other areas in linguistics and demonstrates the applications of these theories and methods to translator training It also offers a forward looking perspective by presenting some of the challenges CBTS currently faces and possible pathways for future research Thanks to its combined theoretical methodological and applied perspective and innovative approaches Extending the Scope of Corpus Based Translation Studies will appeal to both seasoned specialists and newcomers to the field

**Positionalities of Translation Studies** Garda Elsherif,Joanna Sobesto,2025-06-12 This volume explores historical cultural linguistic and anthropocentric influences on Translation Studies TS It brings together nuanced individual self reflexive case studies and juxtaposes them in order to provoke discussion on the role of contemporary researchers in the discipline of TS As well as reflecting on the historical and geographical dimensions of the situatedness of TS the book builds on existing reflections on the local political and linguistic positions of TS and examines the practical and methodological consequences of these discussions By considering insights and perspectives from various disciplines the contributors refer to the current state of the art in TS and reconstruct the discussions held on Eurocentrism anthropocentrism and the historicity of TS that have been discussed in isolation so far This volume maps potential relations between them and introduces an analytical concept of positionality that highlights commonalities among various discourses As well as theoretical and historical analysis the contributors ask how to methodologically deal with this inevitable positioning of research in contemporary research practice The contributions cover various aspects of positionalities and its influences on translation research including gender anthropocentrism experiential knowledge and geopolitics They also explore various histories of translation studies in different temporal spatial and linguistic settings such as China Chinese Iran Persian the Netherlands English Ukraine Ukrainian Russian and France French thereby highlighting that TS as a discipline is not a monolith but consists of various histories interconnected with each other
