in specific circumstances in the way for example that when you travel by plane the steps you take from the moment you check in to the moment you take your seat are fixed and predictable Lahlou shows how we can intervene at each of the three levels of installations to change human behaviour and how we can combine them for greater effectiveness and direction with a robust step by step method Because the method is so powerful Lahlou also provides ethical guidelines and caveats about using these interventions to improve society not just one's own business and interests This concise and authoritative book packed with real world examples will be of interest to anyone concerned about how to tackle the difficult problems of today's world At long last a book that offers realistic concrete steps for changing our ways
