point

Escalation-of-Force Flow

EOF flow:

- Audible warnings (horns, loudspeakers, sirens, flash-bang device)
- Visual warnings (hand signals, spotlights/flashlights, green lasers, display of weapon and demonstration of intent to engage, signs)
- Physical restraint or blocking of access (convoy T-formation)
- Nonlethal M203 round (if available)
- Warning shots in vicinity of threatening vehicle (tracer if available)
- Disabling fire focused on tires and engine of threatening vehicle
- Deadly force

Note: Escalation-of-force flow is illustrative and assumes that security-vehicle turret gunners feel that the approaching vehicle is continuing to present a threat. If a vehicle demonstrates compliance or is evaluated as non-threatening, the escalation-of-force flow would cease.
