## Gaumont Depuis Que Cin Ma Existe:

Is it French? Popular Postnational Screen Fiction from France Mary Harrod, Raphaëlle Moine, 2024-01-30 This book investigates the recently accelerated phenomenon of mainstream French film and serial television's remarkable popularity not only within but more novelly for European audiovisual narratives outside the domestic context Treating changes that have taken place in France's production landscape during the mass rollout of global streaming platforms as revelatory of broader tendencies in media production and circulation in Europe and beyond the collection explores emergent influential players Omar Sy Camille Cottin Alexandre Aja and Fanny Herrero companies such as Netflix and Gaumont and new genres identities and representations on screen It thus draws together a body of new research by international experts in French and European media production to analyse popular film and television series from France through a postnational lens with regards to both economic and institutional norms and to culture as a whole This book is available open access under a Creative Commons Attribution 4.0 International License via [link.springer.com](https://link.springer.com) La Revue du cinéma, 1987 **La Revue du cinéma, image et son**, 1979 Courrier cinématographique, 1924 **France, démocratie défaillante** François garçon, 2021-04-14 La France a tout pour réussir Et pourtant rien ne va plus Que s'est-il donc passé Le pays n'est-il pas dirigé par les meilleurs d'entre tous par une meritocratie publique sortie des meilleures grandes écoles Aux manettes de l'Etat cette litière ne dispose-t-elle pas en outre des pouvoirs immenses que lui confèrent les institutions de la Vème République Et pourtant rien ne va plus L'élite française celle qui contrôle tout se révèle pour ce qu'elle est une litière platelement scolaire clonée rentière capable d'inventer des recettes farfelues comme le tirage au sort mais paralysée face aux réformes que le pays requiert et par lesquelles sont passés les pays qui nous devancent Mais ces réformes l'élite française les veut-elle vraiment Contre ce déclin en marche il faut ouvrir les fenêtres faire confiance aux citoyens ceux qui faute de diplômés ronflants sont aujourd'hui condamnés au mutisme par une oligarchie scolaire aussi arrogante que si souvent incompétente Les pays où le peuple son mot dire non pas en cassant du mobilier urbain mais en s'exprimant rugillement sur des sujets qu'il initie et qui le concerne se portent bien par comparaison avec la France ces pays sont plus prospères stables innovants et les gens y sont plus heureux Il est donc temps de nous approprier des outils démocratiques comme le sont l'initiative populaire ou le référendum abrogatif permettant aux citoyens de s'exprimer dans le calme et qui entre autres vertus rapprochent les citoyens de leurs élus A nos portes le modèle démocratique suisse est celui qui devrait nous inspirer Cette démocratie tout moins montre que la combinaison de la démocratie directe et de la démocratie représentative est la meilleure des recettes politiques
