Forests Of The Heart Newford:

Forests of the Heart Charles de Lint, 2001-08-11 In the Old Country they called them the Gentry ancient spirits of the land magical amoral and dangerous When the Irish emigrated to North America some of the Gentry followed only to find that the New World already had spirits of its own called manitou and other such names by the Native tribes Now generations have passed and the Irish have made homes in the new land but the Gentry still wander homeless on the city streets Gathering in the city shadows they bide their time and dream of power As their dreams grow harder darker fiercer so do the Gentry themselves appearing to those with the sight to see them as hard and dangerous men invariably dressed in black Bettina can see the Gentry and knows them for what they are Part Indian part Mexican she was raised by her grandmother to understand the spirit world Now she lives in Kellygnow a massive old house run as an arts colony on the outskirts of Newford a world away from the Southwestern desert of her youth Outsider her nighttime window she often spies the dark men squatting in the snow smoking brooding waiting She calls them los lobos the wolves and stays clear of them until the night one follows her to the woods and takes her hand Ellie an independent young sculptor is another with magic in her blood but she refuses to believe it even though she too sees the dark men A strange old woman has summoned Ellie to Kellygnow to create a mask for her based on an ancient Celtic artifact It is the mask of the mythic Summer King another thing Ellie does not believe in Yet lack of belief won't dim the power of the mask or its dreadful intent Donal Ellie's former lover comes from an Irish family and knows the truth at the heart of the old myths He thinks he can use the mask and the hard men for his own purposes And Donal's sister Miki a punk accordion player stands on the other side of the Gentry's battle with the Native spirits of the land She knows that more than her brother's soul is at stake All of Newford is threatened human and mythic beings alike Once again Charles de Lint weaves the mythic traditions of many cultures into a seamless cloth bringing folklore music and unforgettable characters to life on modern city streets At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites
