Forgive Us Confessions Of A Compromised Faith:

Forgive Us Mae Elise Cannon, Lisa Sharon Harper, Troy Jackson, Soong-Chan Rah, 2014-09-23 Many people have become angry and frustrated with organized religion and evangelical Christianity in particular Too often the church has proven to be a source of pain rather than a place of hope *Forgive Us* acknowledges the legitimacy of much of the anger toward the church In truth Christianity in America has significant brokenness in its history that demands recognition and repentance Only by this path can the church move forward with its message of forgiveness reconciliation and peace *Forgive Us* is thus a call to confession From Psalm 51 to the teachings of Jesus to the prayers of Nehemiah confession is the proper biblical response when God's people have injured others and turned their backs on God's ways In the book of Nehemiah the author confesses not only his own sins but also the sins of his ancestors The history of the American church demands a Nehemiah style confession both for our deeds and the deeds of those who came before us In each chapter of *Forgive Us* two pastors who are also academically trained historians provide accurate and compelling histories of some of the American church's greatest shortcomings Theologian Soong Chan Rah and justice leader Lisa Sharon Harper then share theological reflections along with appropriate words of confession and repentance Passionate and purposeful *Forgive Us* will challenge evangelical readers and issue a heart felt request to the surrounding culture for forgiveness and a new beginning

Margot Starbuck Too Heavy a Yoke Nilwona E Nowlin Faith Rooted Organizing Anthony Grimes Bad Faith Randall Balmer, 2021-08-10 What really gave rise to the Religious Right There is a commonly accepted story about the rise of the Religious Right in the United States It goes like this with righteous fury American evangelicals entered the political arena as a unified front to fight the legality of abortion after the Supreme Court's 1973 Roe v Wade decision The problem is this story simply isn't true Bad Faith recounts how it was in fact the elimination of tax exempt status for racially discriminatory Christian institutions like Bob Jones University that galvanized evangelicalism into a political force Only later when something more palatable was needed to cover for what was becoming an increasingly unpopular position following the civil rights era was the moral crusade against abortion made the leading issue Through exhaustive research and trenchant historical analysis Randall Balmer exposes the ingrained priorities of the Religious Right movement and uncovers the roots of coded evangelical watchwords like religious freedom and family values helping to explain in part what this movement has become *Letters to Young Scholars, Second Edition* William Carey Ringenberg, 2018-04-05 Letters to Young Scholars is designed primarily for college students advanced high school students and church and parachurch study groups on spiritual development As a college text the book introduces beginning students to the general education or liberal arts portion of a Christian college education It gives major emphasis to the humanities and social science disciplines the integration of the Christian faith with those disciplines and the application of Christian thought to daily living applied Christianity It seeks to challenge the students to become broader in perspective and appreciation more compassionate toward all of God's creatures and more confident and committed as they develop their worldviews and personal values **Preaching with Cultural Intelligence** Matthew D. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the

believer's identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren's philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren's line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale

The Jesus Quotient Jennie A. Harrop, 2019-06-21 As leaders our capacity to hear is often muddled by an inability to acknowledge our own insufficiencies and emotions Jesus knew his God given purpose and emotional character so deeply that he was able to operate out of these foundations boldly and instinctively Jesus's infallible Intelligence Quotient IQ and Emotional Quotient EQ allowed him to focus on a third concept called Audience Quotient AQ an individual's ability to focus consistently completely and effectively on others As a church we are failing a twenty first century culture that is defined by an unprecedented interconnectedness and speed of information We are witnessing a scramble to manipulate and manage information that demands renewed integrity and yet the church is seen as hypocritical judgmental and irrelevant If we are going to earn a voice the future church cannot be about the components of church at all but instead the individual souls within the church pastors included The better we ground ourselves in the truth of who we were created to be IQ EQ and AQ the better able we will be to love God fully and love those around us as we love ourselves That after all is what Jesus commanded us to do

The Crisis of Evangelical Christianity Keith C. Sewell, 2016-04-26 In the broad context of Christianity as it developed over two millennia and with special reference to the last three centuries this discussion finds that Evangelicalism has repeatedly offered a reduced and distorted understanding of the faith The evangelical outlook is much less scriptural than evangelicals generally assume When it comes to appreciating the order of creation our calling to develop integral Christian thinking and living the religious significance of culture and the coming of the kingdom reductionist Evangelicalism struggles with its only rarely acknowledged deficiencies As a result we have all too often ended up with a Christianity shorn of its cosmic scope and wide cultural implications and restricted to institutional church life and the cultivation of private spiritual experience The consequences are frequently enervating and corrosive Without disregarding what is important in the past evangelicals are here challenged to take the Bible much more seriously and thereby transcend the limitations of their habitual reductionism Evangelicals are encouraged to embrace an integral and full orb'd understanding of Christian discipleship that will equip the faithful to address the deep and complex challenges of the twenty first century
