Beyond Perestroika Gary G. Gallopin, 2009 This book investigates rapid societal change in Russia during the early 1990s The story of the anthropologist author and the people he studied reveals cultural similarities and differences between them Russians and

Latvians taught the author about the Soviet Union its people and its cultures Formal axiology provides a novel way to access their changing values

Dialogues on Values and Centers of Value Thomas M. Dicken, Rem B. Edwards, 2021-11-08 This book features two old philosophical friends engaged in lively personal and intellectual conversations Wary of any dogmatism their dialogues explore the Big Bang and the joy of grandchildren value theory and terrorism God and art metaphor and meaning while assessing the thought of Robert S Hartman Alfred North Whitehead Charles Hartshorne H Richard Niebuhr and others

A Quarter Century of Value Inquiry Richard T. Hull, 2021-11-01 This volume contains all of the presidential addresses given before the American Society for Value Inquiry since its first meeting in 1970 Contributions are by Richard Brandt Virgil Aldrich John W Davis the late Robert S Hartman James B Wilbur the late William H Werkmeister Robert E Carter the late William T Blackstone Gene James Eva Huel Cadwallader Richard T Hull Norman Bowie Stephen White Burton Leiser Abraham Edel Sidney Axinn Robert Ginsberg Patricia Werhane Lisa M Newton Thomas Magnell Sander Lee John M Abbarno Ruth Miller Lucier and Tom Regan Autobiographical sketches by all of the living contributors and one recently deceased biographical statements of the remainder together with photographic portraits of all the contributors make this volume a unique record of value inquiry during the past quarter century indicates previously unpublished or unpublished in the present form indicates substantial new material has been added The addresses cover diverse topics from broad general ones to value inquiry into literature bioethics and public policy to philosophy of mind to critical studies of other philosophers work defenses of philosophy and of applied ethics individual role and cultural relativism of values The American Society for Value Inquiry is nearing its 25th anniversary Its leadership is elected annually often with a vice president becoming president elect then president then past president a structure that serves to insure a measure of continuity Its members are drawn to the society not by a particularly credo or ideology or philosophical position but by a common interest in questions of value ranging from abstract meta value inquiry to disciplinary and trans disciplinary value inquiry For those who share this range of passions the volume will preserve collect organize and in a number of cases recover material in danger of being lost to them The Presidential Address is a unique genre resembling in some ways a sermon Indeed preparing a presidential address before a philosophical society is often an exercise in developing an exhortation to members to take up a neglected topic to embrace as important a particular viewpoint it may as well be a cautionary to avoid a particular error It is often a dramatic moment as a last act of the presidency having observed closely the trends and winds blowing through the discipline the speaker is afforded the opportunity to hold forth on a topic at once intensely personal and believed to be of wide interest While some societies publish presidential addresses in newsletters or informal proceedings and occasionally in professional bulletins or journals rarely have a substantial bloc of a society's presidential addresses been collected and published under one cover Too often the presidential address is delivered discussed by those present perhaps summarized in a paragraph in a newsletter to members and filed as a fond memory of a moment of honor in the papers of the author sometimes to be

forgotten lost discarded or otherwise removed from availability to scholars of the history of philosophy This volume inaugurates a series aiming at preserving presidential and other major addresses before philosophical societies It seeks to be a historical record not only of the address but also of the reflections and recollections of the author It seeks to preserve as a part of the historical record a photograph of the author And with the personal character of an autobiographical statement it seeks to humanize and render lively and real the professi The New Science of Axiological Psychology Leon Pomeroy,2005

This book uses scientific validity measures to create empirical value science and a normative new science of axiological psychology by integrating cognitive psychology with Robert S Hartman s formal theory of axiological science It reveals a scientific way to identify and rank human values achieving values appreciation values clarification and values measurement for the twenty first century **Our Ways** Armando Molina,2021-11-15 This book develops a remarkable axiological characterology of healthy personality types distortions and styles of sexual attachment It synthesizes the author s profound understanding of human nature recent psychological interpretations of the ancient Enneagram and insights into connections between values and psychology drawn from Robert S Hartman s formal theory of value It shows how personalities are differentiated by the ways they manifest Hartman s three dimensions of value intrinsic extrinsic and systemic It shows how these correlate with nine personality types identified by Enneagram interpreters Human personalities differ with respect to the ways in which intrinsic extrinsic and systemic values are developed or not developed and ordered as dominant or subordinate within individuals by nature and or nurture The book shows how personality distortions are grounded in perversions of value orientation It shows how a value based approach to character disorders can be linked to moral vices and to many familiar diagnostic and therapeutic psychological categories like obsession hysteria schizophrenia neurosis and various addictions It explains the many ways in which value orientations are expressed in sexual attitudes and relations and how value based character traits that dominate the non sexual areas of our lives are carried over into the sexual areas

Dictionary Of Modern American Philosophers John R. Shook,2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **Formal Axiology and Its**

Critics ,2021-08-16 Formal Axiology and Its Critics consists of two parts both of which present criticisms of the formal theory of values developed by Robert S Hartman replies to these criticisms plus a short introduction to formal axiology Part I consists of articles published or made public during the lifetime of Hartman to which he personally replied It contains previously published replies to Hector Neri Casta eda William Eckhardt and Robert S Brumbaugh and previously unpublished replies to Charles Hartshorne Rem B Edwards Robert E Carter G R Grice Nicholas Rescher Robert W Mueller Gordon Welty Pete Gunter and George K Plochmann in an unfinished but now completed article on which Hartman was working at the time of his death in 1973 Part II consists of articles presented at recent annual meetings of the R S Hartman Institute for Formal and Applied Axiology that continue to criticize and further develop Hartman s formal axiology An article by Rem B Edwards raises serious unanswered questions about formal axiology and ethics Another by Frank G Forrest shows how the formal value calculus based on set theory might answer these questions and an article by Mark A Moore points out weaknesses in the Hartman Forrest value calculus and develops an alternative calculus based upon the mathematics of quantum mechanics While recognizing that unsolved problems remain the book intends to make the theoretical foundations and future promise of formal axiology much more secure Open Access funding for this volume has been provided by the Robert S Hartman Institute

What Caused the Big Bang? Rem B. Edwards,2021-07-26 This book critically explores answers to the big question What produced our universe around fifteen billion years ago in a Big Bang It critiques contemporary atheistic cosmologies including Steady State Oscillationism Big Fizz Big Divide and Big Accident that affirm the eternity and self sufficiency of the universe without God This study defends and revises Process Theology and arguments for God s existence from the universe s life supporting order and contingent existence

Papers and Proceedings of the Annual Meeting American Economic Association,1928 The Essentials of Formal Axiology Rem B. Edwards,2010-09-28 This book explains and advances formal axiology as originally developed by Robert S Hartman Formal axiology identifies the general patterns involved in 1 the meaning of good and other value concepts in 2 what we value value objects and in 3 how we value valuations or evaluations It explains the rational practical and affective aspects of evaluation and shows how to make value

judgments more rationally and effectively It distinguishes between intrinsic extrinsic and systemic values and evaluations and discusses how and why they fall into a rational hierarchy of value It demonstrates the intrinsic worth of unique conscious beings and develops an axiological ethics in the three value dimensions It explores the search for a logical calculus of value and introduces applications of axiology in psychology religion aesthetics and business It is critical of Hartman s shortcomings but builds upon his strengths and extends his theory of values where incomplete □□□□□□□□ Frank K.
