**Fort Comme la Mort. English** ,2008 Strong as Death Guy de Maupassant *Works, in an English Translation* Anatole France,1922 **The Works of Anatole France in an English Translation** Anatole France,1922 **A Russian Anthology in English** Carl Eric Bechhofer Roberts,1917 The Life Work of Henri René Guy de Maupassant Guy de Maupassant,1903 *The Good Soldier* Ford Madox Ford,2012-09-06 This is the saddest story I have ever heard Wealthy American John Dowell describes in a disarmingly casual compellingly intimate manner how he and his wife Florence meet an English couple in a German spa resort They become friends over the years and gradually the history of their relationships and the passions that lie behind the orderly Edwardian facade are unveiled Dowell is the archetypal unreliable narrator and his casual revelations are both unexpected and explosive A masterpiece of early Modernism and a virtuoso performance of literary skill Ford's Tale of Passion reflects contemporary interests in psychology sexuality and the New Woman Its portrayal of the destruction of a civilized elite anticipates the cataclysm of the First World War which erupted while Ford was finishing the book This new edition includes Ford's important essay On Impressionism which sheds valuable light on his artistic technique ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *The Good Soldier: A Tale of Passion* Ford Madox Ford,1990-02-08 The only novel of mine that I considered at all to count Ford's study of the complex social and sexual relationship between an Edwardian English and American couple is narrated in such a seemingly haphazard way that it has perplexed and delighted readers since its publication in 1915 Despite its catalogue of death insanity and despair this Tale of Passion has many comic moments and has inspired the work of several distinguished writers including Graham Greene This is the only annotated student edition available The only novel of mine that I considered at all to count Ford's study of the complex social and sexual relationship between an Edwardian English and American couple is narrated in such a seemingly haphazard way that it has perplexed and delighted readers since its publication in 1915 Despite its catalogue of death insanity and despair this Tale of Passion has many comic moments and has inspired the work of several distinguished writers including Graham Greene This is the only annotated student edition available *Gawkers* Bridget Alsdorf,2022-03-22 How the urban spectator became the archetypal modern viewer and a central subject in late nineteenth century French art *Gawkers* explores how artists and writers in late nineteenth century Paris represented the seductions horrors and banalities of street life through the eyes of curious viewers known as badauds In contrast to the singular and aloof bourgeois flâneur badauds were passive collective instinctive and highly impressionable Above all they were visual captivated by the sights of everyday life Beautifully illustrated and drawing on a wealth of new research *Gawkers* excavates badauds as a subject of

deep significance in late nineteenth century French culture as a motif in works of art and as a conflicted model of the modern viewer Bridget Alsdorf examines the work of painters printmakers and filmmakers who made badauds their artistic subject including Félix Vallotton Pierre Bonnard Henri de Toulouse Lautrec Honor Daumier Edgar Degas Jean L. on G. r. me Eug. ne Carri. re Charles Angrand and Auguste and Louise Lumi. re From morally and intellectually empty to sensitive empathetic and humane the gawkers these artists portrayed cut across social categories They invite the viewer's identification even as they appear to threaten social responsibility and the integrity of art Delving into the ubiquity of a figure that has largely eluded attention idling on the margins of culture and current events Gawkers traces the emergence of social and aesthetic problems that are still with us today [Commonwealth of Letters](#) Peter J. Kalliney, 2013-07-26

Commonwealth of Letters examines midcentury literary institutions integral to modernism and postcolonial writing Several organizations central to interwar modernism such as the BBC influential publishers and university English departments became important sites in the emergence of postcolonial literature after the war How did some of modernism's leading figures of the 1930s such as T. S. Eliot Louis MacNeice and Stephen Spender come to admire late colonial and early postcolonial literature in the 1950s Similarly why did late colonial and early postcolonial writers including Chinua Achebe Kamau Brathwaite Claude McKay and Ngugi wa Thiong'o actively seek alliances with metropolitan intellectuals Peter Kalliney's original and extensive archival work on modernist cultural institutions demonstrates that this disparate group of intellectuals had strong professional incentives to treat one another more as fellow literary professionals and less as political or cultural antagonists Surprisingly metropolitan intellectuals and their late colonial counterparts leaned heavily on modernist theories of aesthetic autonomy to facilitate their collaborative ventures For white metropolitan writers T. S. Eliot's notion of impersonality could help recruit new audiences and conspirators from colonized regions of the world For black colonial writers aesthetic autonomy could be used to imagine a literary sphere uniquely resistant to the forms of racial prejudice endemic to the colonial system This strategic collaboration did not last forever but as Commonwealth of Letters shows it left a lasting imprint on the ultimate disposition of modernism and the evolution of postcolonial literature *England, Their England* Denis Donoghue, 1989-01-01

Discusses the English language and writers from Shakespeare Sterne and Defoe to Lawrence Orwell and Graham Greene

*Nelson's Encyclopaedia*, 1907 *The Westminster Review*, 1894 **The World and the Parish** Willa

Cather, 1970-01-01 One of the few really helpful words I ever heard from an older writer Willa Cather declared in 1922 I had from Sarah Orne Jewett when she said to me Of course one day you will write about your own country In the meantime get all you can One must know the world so well before one can know the parish Although Cather's first novel about her own country *O Pioneers* did not appear until 1913 the process of knowing the world and of mastering her craft so far as it can be traced in her published writing already had been going on for some twenty years *The World and the Parish* Willa Cather's Articles and Reviews 1893-1902 is the fourth in a series collecting the work of these years of experiment and discovery More

specifically it offers a representative collection of Cather's nonfiction writing for newspapers and periodicals during her first decade as a professional writer. Selected from 520 articles and columns, the text is divided into three parts corresponding to major developments in Cather's career: the period from 1893 to 1896 when she first began to write regularly for Lincoln newspapers; the years in Pittsburgh when she was working for the *Home Monthly* and the *Leader* and sending her famous "Passing Show" column back to Nebraska; and the period from the spring of 1900 to 1903 when she freelanced in Pittsburgh and Washington, taught in a Pittsburgh high school, and made her first trip abroad. The text has been edited with three main objectives: 1. to enable the reader to trace Cather's development as a writer; 2. to group the material so that the reader interested in a particular subject—the theatre or music or literature, for example—can readily locate pertinent selections; and 3. to provide a context sufficient to relate these pieces to Willa Cather's life and to the times and to suggest some of their connections with the body of her work. Chronologies have been included for each of the three parts, and the Bibliography is the most complete yet available for the nonfiction writing up to 1903. Not the least remarkable feature of this collection is the range and variety of forms and subject matter: reviews of books, plays, operas, concerts, art exhibits, lectures, feature stories, interviews, straight reportage, columns of miscellaneous comment and travel letters. Seemingly with no apparent effort, Willa Cather could adjust her sights to any assignment and any audience. And if it is astonishing that she could write so much about so many matters at so many levels, it is perhaps even more astonishing that so much of it was so good. Undeniably, however, the chief interest to the general reader and the peculiar value to the scholar of these journalistic writings reside in their manifold and crucial connections with Cather's later work and in the unparalleled insights they afford into the process by which a gifted writer becomes a great artist.

### **Literary Impressionism in Jean Rhys, Ford Madox**

**Ford, Joseph Conrad, and Charlotte Brontë** Todd K. Bender, 1997. This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are: women in the play; the play's debt to contemporary theater; its critical and performance histories in Germany and Japan; the metrical variety of the play; and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult-to-accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

**Continuity and Change in Grammar** Anne Breitbarth, Christopher Lucas, Sheila Watts, David Willis, 2010-07-29. One of the principal

challenges of historical linguistics is to explain the causes of language change. Any such explanation however must also address the actuation problem: why is it that changes occurring in a given language at a certain time cannot be reliably predicted to recur in other languages under apparently similar conditions? The sixteen contributions to the present volume each aim to elucidate various aspects of this problem, including: What processes can be identified as the drivers of change? How central are syntax, external phonological, lexical or contact based factors in triggering syntactic change? And how can all of these factors be reconciled with the actuation problem? Exploring data from a wide range of languages from both a formal and a functional perspective, this book promises to be of interest to advanced students and researchers in historical linguistics, syntax and their intersection.
