Fortunes Of Feminism From State Managed Capitalism To Neoliberal Crisis

Alice Kessler-Harris, Maurizio Vaudagna

Fortunes Of Feminism From State Managed Capitalism To Neoliberal Crisis:

Fortunes of Feminism Nancy Fraser, 2013-04-09 Nancy Fraser's major new book traces the feminist movement's evolution since the 1970s and anticipates a new radical and egalitarian phase of feminist thought and action During the ferment of the New Left Second Wave feminism emerged as a struggle for women s liberation and took its place alongside other radical movements that were questioning core features of capitalist society But feminism's subsequent immersion in identity politics coincided with a decline in its utopian energies and the rise of neoliberalism Now foreseeing a revival in the movement Fraser argues for a reinvigorated feminist radicalism able to address the global economic crisis Feminism can be a force working in concert with other egalitarian movements in the struggle to bring the economy under democratic control while building on the visionary potential of the earlier waves of women's liberation. This powerful new account is set to become a landmark of feminist thought Critique in a Neoliberal Age Pauline Johnson, 2019-12-06 Critique in a Neoliberal Age brings a critique of ideology to main debates within economic sociology populism studies the neoliberal university therapy culture contemporary intimacies and feminism Over the last decades neoliberalism has worked to lift social protections and political regulations from the market and to identify modernity with capitalism itself It has also engaged in an ideological project to screen alternative measurements of progress Liberal and social democracy have been effectively disabled as grounds for weighing the costs of neoliberal predations. This volume examines the strategies through which neoliberalism has reconstituted and de politicized liberal precepts such as universal justice private right and a social democratic project responsive to needs As such it will appeal to scholars and students of sociology and social and critical theory political and social philosophy politics cultural studies and feminist thought Feminists Rethink the Neoliberal State Leela Fernandes, 2018-01-23 Preface Conceptualizing the post liberalization state intervention restructuring and the nature of State power Leela Fernandes What s in a word austerity precarity and neoliberalism Nancy A Naples After rights choice and the structure of citizenship Ujju Aggarwal The production of silence the state NGO nexus in Bangladesh Lamia Karim An improvising state market reforms neoliberal governmentality gender and caste in Gujarat India Dolly Daftary The broken windows of Rosa Ramos neoliberal policing regimes of imminent violability Christina Heatherton After neoliberalism resignifying economy nation and family in Ecuador Amy Lind Toward a feminist analytic of the post liberalization state Leela Fernandes About the contributors Index Notes The Gender of Critical Theory Lois McNay, 2022 A major new contribution to the Frankfurt School of critical theory drawing on feminist work on gender Care, Migration and Human Rights Siobhán Mullally, 2015-02-11 The continuum of exploitation that has historically defined the everyday of domestic work exclusion from employment and social security standards and precarious migration status has frequently been neglected It is primarily the moments of crisis incidents of human trafficking slavery or forced labour that have captured the attention of human rights law Only recently has human rights law has begun to address the structured inequalities and

exclusions that define the domain of domestic work This book addresses the specific position of domestic workers in the context of evolving human rights norms Drawing upon a broad range of case studies this book presents a thorough examination of key issues such as the commodification of care the impact of the jurisprudence of the Court of Justice of the European Union and the European Court of Human Rights on primary care providers as well as the effect that trends in migration law have on migrant domestic workers This volume will be of interest to lawyers academics and policy makers in the fields of human rights migration and gender studies **Companion to Feminist Studies** Nancy A. Naples, 2020-11-24 A comprehensive overview of feminist scholarship edited by an internationally recognized and leading figure in the field Companion to Feminist Studies provides a broad overview of the rich history and the multitude of approaches theories concepts and debates central to this dynamic interdisciplinary field Comprehensive yet accessible this edited volume offers expert insights from contributors of diverse academic national and activist backgrounds discussing contemporary research and themes while offering international postcolonial and intersectional perspectives on social political cultural and economic institutions social media social justice movements everyday discourse and more Organized around three different dimensions of Feminist Studies the Companion begins by exploring ten theoretical frameworks including feminist epistemologies examining Marxist and Socialist Feminism the activism of radical feminists the contributions of Black feminist thought and interrelated approaches to the fluidity of gender and sexuality The second section focuses on methodologies and analytical frameworks developed by feminist scholars including empiricists economists ethnographers cultural analysts and historiographers The volume concludes with detailed discussion of the many ways in which pedagogy political ecology social justice globalization and other areas within Feminist Studies are shaped by feminism in practice A major contribution to scholarship on both the theoretical foundations and contemporary debates in the field this volume Provides an international and interdisciplinary range of the essays of high relevance to scholars students and practitioners alike Examines various historical and modern approaches to the analysis of gender and sexual differences Addresses timely issues such as the difference between radical and cultural feminism the lack of women working as scientists in academia and other research positions and how activism continues to reformulate feminist approaches Draws insight from the positionality of postcolonial comparative and transnational feminists Explores how gender class and race intersect to shape women s experiences and inform their perspectives Companion to Feminist Studies is an essential resource for students and faculty in Women's Gender and Sexuality Studies Feminist Studies programs and related disciplines including anthropology psychology history political science and sociology and for researchers scholars practitioners policymakers activists and advocates working on issues related to gender sexuality and social justice Democracy and the Welfare State Alice Kessler-Harris, Maurizio Vaudagna, 2017-10-31 After World War II states on both sides of the Atlantic enacted comprehensive social benefits to protect working people and constrain capitalism A widely shared consensus specifically linked social welfare to democratic

citizenship upholding greater equality as the glue that held nations together Though the two Wests Europe and the United States differ in crucial respects they share a common history of social rights democratic participation and welfare capitalism But in a new age of global inequality welfare state retrenchment and economic austerity can capitalism and democracy still coexist In this book leading historians and social scientists rethink the history of social democracy and the welfare state in the United States and Europe in light of the global transformations of the economic order Separately and together they ask how changes in the distribution of wealth reshape the meaning of citizenship in a post welfare state era They explore how the harsh effects of austerity and inequality influence democratic participation In individual essays as well as interviews with Ira Katznelson and Frances Fox Piven contributors from both sides of the Atlantic explore the fortunes of the welfare state They discuss distinct national and international settings speaking to both local particularities and transnational and transatlantic exchanges Covering a range of topics the lives of migrant workers gender and the family in the design of welfare policies the fate of the European Union and the prospects of social movements Democracy and the Welfare State is essential reading on what remains of twentieth century social democracy amid the onslaught of neoliberalism and right wing populism and where Contemporary Feminist Life-Writing Jennifer Cooke, 2020-04-16 Contemporary Feminist Life this legacy may yet lead us Writing is the first volume to identify and analyse the new audacity of recent feminist writings from life Characterised by boldness in both style and content willingness to explore difficult and disturbing experiences the refusal of victimhood and a lack of respect for traditional genre boundaries new audacity writing takes risks with its author's and others reputations and even on occasion with the law This book offers an examination and critical assessment of new audacity in works by Katherine Angel Alison Bechdel Marie Calloway Virginie Despentes Tracey Emin Sheila Heti Juliet Jacques Chris Krauss Jana Leo Maggie Nelson Vanessa Place Paul Preciado and Kate Zambreno It analyses how they write about women s self authorship trans experiences struggles with mental illness sexual violence and rape and the desire for sexual submission It engages with recent feminist and gender scholarship providing discussions of vulnerability victimhood authenticity trauma and affect

The Routledge Companion to Gender, Sex and Latin American Culture Frederick Luis Aldama, 2018-05-24 The Routledge Companion to Gender Sex and Latin American Culture is the first comprehensive volume to explore the intersections between gender sexuality and the creation consumption and interpretation of popular culture in the Am ricas The chapters seek to enrich our understanding of the role of pop culture in the everyday lives of its creators and consumers primarily in the 20th and 21st centuries They reveal how popular culture expresses the historical social cultural and political commonalities that have shaped the lives of peoples that make up the Am ricas and also highlight how pop culture can conform to and solidify existing social hierarchies whilst on other occasions contest and resist the status quo Front and center in this collection are issues of gender and sexuality making visible the ways in which subjects who inhabit intersectional identities sex gender race class are othered as well as demonstrating how these same subjects can and do use

pop cultural phenomena in self affirmative and progressively transformative ways Topics covered in this volume include TV film pop and performance art hip hop dance slam poetry gender fluid religious ritual theater stand up comedy graffiti videogames photography graphic arts sports spectacles comic books sci fi and other genre novels loter a card games news web and digital media Postfeminism and Organization Patricia Lewis, Yvonne Benschop, Ruth Simpson, 2017-11-10 This edited book inserts postfeminism PF as a critical concept into understandings of work and organization While the notion of PF has been extensively investigated in cultural and media studies it has yet to emerge within organization studies remaining marginal to understandings of work based experiences and subjectivities Understanding PF as a discursive cultural context not only draws on an established epistemological orientation to organizations as discursively constructed and reproduced but allows us to highlight how PF may underpin and be underpinned by other discursive regimes This book as the first in the field draws on key international authors to explore the contextual backdrop of PF and its links with neo liberalism transnational feminism and other hegemonic discourses the different ways in which this backdrop has infiltrated organizational values and practice through the primacy attached to choice merit and individual agency as well as through the widespread perception that gender disadvantage has been solved and the implications for organizational subjectivity and for how inequality is experienced and perceived This book introduces postfeminism as a critical concept with contemporary importance for the study of organizations arguing for its explanatory potential when Exploring women s and men s experience of managing and organizing Investigating the gendered aspects of organizational life Analysing the contemporary validation of the feminine and the associated feminization of management leadership and organizations Tracing the emergence of new femininities and masculinities within organizational contexts The book is ideal reading for researchers working in the area of Gender and Organization Studies but is also of interest to researchers in the areas of Cultural Studies Media Studies Women's Studies and Sociology Unhappy Beginnings Isabel González-Díaz, Fabián Orán-Llarena, 2023-12-22 This book offers the analysis of a selection of North American texts that dismantle and resist normative frames through the resignification of concepts such as unhappiness precarity failure and vulnerability The chapters bring to the fore how those potentially negative elements can be refigured as ambivalent sites of resistance and social bonding Following Sara Ahmed's rereading of happiness other authors such as Judith Butler Wendy Brown Jack Halberstam Lauren Berlant or Henry Giroux are mobilized to interrogate films memoirs and novels that deal with precarity alienation and inequality The monograph contributes to enlarging the archives of unhappiness by changing the focus from prescribed norms and happy endings to unruly practices and unhappy beginnings As the different contributors show unhappiness precarity vulnerability or failure can be harnessed to illuminate ways of navigating the world and framing society that do not necessarily conform to the script of happiness whatever that Handbook on the Politics of Higher Education Brendan Cantwell, Hamish Coate, Roger King, 2018 Understanding means the politics of Higher Education is becoming more important as the sector is increasingly recognised as a vital source of

innovation skills economic prosperity and personal wellbeing Yet key political differences remain over such issues as who should pay for higher education how should it be accountable and how we measure its quality and productivity Particularly are states or markets the key in helping to address such matters. The Handbook provides framing perspectives and perspectives chapters on funding governance and regulation and pieces on the political economy of higher education and on the increased role of external stakeholders and indicators **Charity and Poverty in Advanced Welfare States** Cameron Parsell. Andrew Clarke. Francisco Perales. 2021-09-20 This book conceptualises the role of charity to people who are poor in wealthy countries and outlines a set of practical and conceptual ideas for how it could be reimagined Despite professionalised welfare states and strong economies in many advanced industrialised nations charity continues to play a major role in the lives of people who are poor Extending what we know about how neoliberalism drives a decayed welfare state that outsources welfare provisioning to charities and community initiatives this book asks how can we understand and conceptualise society s willingness to engage in charitable acts towards the poor and how can charity be reimagined to contribute to justice in an unjust society Through interrogating multiple data sources including government datasets survey datasets media analyses and ethnographic data this book shows that charity is not well suited to addressing the material dimension of poverty It argues the need for a revised model of charity with the capacity to contribute to social solidarity that bridges social divisions and is inclusive of the poor Presenting a model for reimaging charity which enables reciprocity and active contributions from recipients and providers this book shows how power imbalances flowing from the unidirectional provision of charity can be reduced allowing opportunities for reciprocal care that foster both well being and solidarity This book will be of interest to all scholars and students of social policy public policy social welfare sociology and social work

The Routledge Handbook of Service User Involvement in Human Services Research and Education Hugh McLaughlin, Peter Beresford, Colin Cameron, Helen Casey, Joe Duffy, 2020-08-10 Worldwide there has been a growth in service user involvement in education and research in recent years This handbook is the first book which identifies what is happening in different regions of the world to provide different countries and client groups with the opportunity to learn from each other The book is divided into five sections Section One examines service user involvement in context exploring theoretical issues which underpin service user involvement In Section Two we focus on the state of service user involvement in human services education and research across the globe including examples of innovative practice but also identifying examples of where it is not happening and why Section Three offers more detailed examination of such involvement in a wide range of professional education learning settings Section Four focuses on the involvement of service users in research involving a wide range of service user groups and situations Lastly Section Five explores future challenges for education and research to ensure involvement remains meaningful The book includes forty eight chapters including seventeen case studies from all regions of the world this is the first book to both highlight the subject s methodological and theoretical issues and

give practical examples in education and research for those wishing to engage in this field It will be of interest to all service users scholars and students of social work nursing occupational therapy and other human service subjects Sport,

Advertising and Global Promotional Culture Steven J. Jackson, David L. Andrews, 2025-02-07 This book explores the intersection of contemporary sport advertising promotional culture and wider society Arguing that advertising and promotional culture remain key driving forces in relation to social structures and systems that contribute to enduring patterns of economic and other forms of inequality this book examines how sport and related areas of social life continue to be transformed by these forces Presenting in depth international case studies covering topics such as Nike s sign economies the sports gambling media complex sportswashing greenwashing radical politics in sport advertising sport and corporate nationalism and girls empowerment and transgender exclusion in sports this book sheds critical new light on some of the most important themes in the study of global consumer culture in the emerging era of surveillance capitalism Overall this book examines sport advertising through the lens of the circuit of cultural commodification including production representation consumption and regulation in order to provide insights into the formation complexities and contradictions of social identities commodities and brands This is fascinating reading for anybody with an interest in the sociology culture and politics of sport or cultural studies media studies and the wider politics and social significance of late stage capitalism

Letting Go Donna King, Catherine G. Valentine, 2021-04-30 At a time when women are being exhorted to lean in and work harder to get ahead Letting Go Feminist and Social Justice Insight and Activism encourages both women and men to let go instead The book explores alternatives to the belief that individual achievement accumulation and attention seeking are the road to happiness and satisfaction in life Letting go demands a radical recognition that the values relationships and structures of our neoliberal competitive striving accumulating consuming exploiting oppressive society are harmful both on a personal level and especially important on a social and environmental level There is a huge difference between letting go and chilling out In a lean in society self care is promoted as something women and men should do to learn how to relax and find a comfortable work life balance By contrast a feminist letting go and its attendant self care have the potential to be a radical act of awakening to social and environmental injustice and a call to activism Women at Work in Twenty-First-Century **European Cinema** Barbara Mennel, 2019-01-30 From hairdressers and caregivers to reproductive workers and power suited executives images of women s labor have powered a fascinating new movement within twenty first century European cinema Social realist dramas capture precarious working conditions Comedies exaggerate the habits of the global managerial class Stories from countries battered by the global financial crisis emphasize the patriarchal family debt and unemployment Barbara Mennel delves into the ways these films about female labor capture the tension between feminist advances and their appropriation by capitalism in a time of ongoing transformation Looking at independent and genre films from a cross section of European nations Mennel sees a focus on economics and work adapted to the continent's varied kinds of capitalism and

influenced by concepts in second wave feminism More than ever narratives of work put female characters front and center and female directors behind the camera Yet her analysis shows that each film remains a complex mix of progressive and retrogressive dynamics as it addresses the changing nature of work in Europe **Blue** Rachel Louise Moran, 2024-10-08 A powerful look at the changing cultural understanding of postpartum depression in America New motherhood is often seen as a joyful moment in a woman's life for some women it is also their lowest moment. For much of the twentieth century popular and medical voices blamed women who had emotional and mental distress after childbirth for their own suffering By the end of the century though women with postpartum mental illnesses sought to take charge of this narrative In Blue A History of Postpartum Depression in America Rachel Louise Moran explores the history of the naming and mainstreaming of postpartum depression Coalitions of maverick psychiatrists psychologists and women who themselves had survived substantial postpartum distress fought to legitimize and normalize women s experiences. They argued that postpartum depression is an objective and real illness and fought to avoid it being politicized alongside other fraught medical and political battles over women s health Based on insightful oral histories and in depth archival research Blue reveals a secret history of American motherhood women's political activism and the rise of postpartum depression advocacy amid an often censorious conservative culture By breaking new ground with the first book length history of postpartum mental illness in the twentieth century Moran brings mothers battles with postpartum depression out of the shadows and into the light Equity in Higher Education Penny Jane Burke, Matt Lumb, 2024-09-06 In a global context of growing inequality and socio environmental crises Equity in Higher Education considers the issues and challenges for progressing an equity agenda It advances a unique multidimensional framework based on theoretical and conceptual threads including critical feminist decolonial post structural and sociological discourses It also provides readers with the sophisticated insights and tools urgently needed to challenge long standing entrenched and insidious inequalities at play in and through higher education Written as a form of a pedagogical interaction and addressing nuanced temporal and spatial inequalities this key resource will be of value to policymakers practitioners educators and scholars committed to progressive and groundbreaking approaches that can engage the ongoing challenges of transforming higher education towards more just realities The Ruse of Repair Patricia Stuelke, 2021-08-09 Since the 1990s literary and queer studies scholars have eschewed Marxist and Foucauldian critique and hailed the reparative mode of criticism as a more humane and humble way of approaching literature and culture The reparative turn has traveled far beyond the academy influencing how people imagine justice solidarity and social change In The Ruse of Repair Patricia Stuelke locates the reparative turn s hidden history in the failed struggle against US empire and neoliberal capitalism in the 1970s and 1980s She shows how feminist antiracist and antiimperialist liberation movements visions of connection across difference practices of self care and other reparative modes of artistic and cultural production have unintentionally reinforced forms of neoliberal governance At the same time the US

government and military universities and other institutions have appropriated and depoliticized these same techniques to sidestep addressing structural racism and imperialism in more substantive ways In tracing the reparative turn s complicated and fraught genealogy Stuelke questions reparative criticism s efficacy in ways that will prompt critics to reevaluate their own reading practices
