European Contract Law Volume 1 Formation Validity Agency Third Parties And Assignment:

International Secured Transactions Law Orkun Akseli, 2011-03-17 This book focuses on international harmonisation and the law of secured transactions by distilling and analysing the unifying principles of various significant international conventions and instruments such as the UN Convention on the Assignment of Receivables the Unidroit Convention on International Factoring the EBRD Model Law on Secured Transactions the Unidroit Convention on the International Interests in Mobile Equipment and the UNCITRAL Legislative Guide on Secured Transactions International secured transactions conventions and instruments facilitate credit and promote economic activity through the creation of harmonised rules Therefore given the increasing globalisation of markets international reform efforts for the harmonised modernisation of secured transactions law have gained pace over recent years International Secured Transactions Law draws on experiences in both English and US laws in order to identify and illustrate the existing problems that need to be addressed as well as identify potential solutions International Secured Transactions Law will be of interest to scholars students interested in international commercial law corporate law or comparative secured transactions and practitioners involved in international commercial transactions

Dalhuisen on Transnational Comparative, Commercial, Financial and Trade Law Volume 2 Jan H Dalhuisen, 2013-06-27 This is the fifth edition of the leading work on transnational and comparative commercial and financial law covering a wide range of complex topics in the modern law of international commerce finance and trade As a guide for students and practitioners it has proven to be unrivalled Since the fourth edition the work is now divided into three volumes each of which can be used independently or as part of the complete work Volume one covers the roots and foundations of private law the different orientations and structure of civil and common law the concept forces and theoretical basis of the transnationalisation of the law in the professional sphere the autonomous sources of the new law merchant or modern *lex mercatoria* its largely finance driven impulses and its relationship to domestic public policy and public order requirements Volume two deals with transnational contract movable and intangible property law Volume three deals with financial products and financial services with the structure and operation of modern commercial and investment banks and with financial risk stability and regulation including the fall out from the recent financial crisis and regulatory responses in the US and Europe All three volumes may be purchased separately or as a single set From the reviews of previous editions synthesizes and integrates diverse bodies of law into a coherent and accessible account remarkable in its scope and depth It stands alone in its field not only due to its comprehensive coverage but also its original methodology Although it appears to be a weighty tome in fact in light of its scope it is very concise While providing a wealth of intensely practical information its heart is highly conceptual and very ambitious likely to become a classic text in its field American Journal of Comparative Law Dalhuisen's style is relaxed what he writes convinces without the need for an excess of references to sources a highly valuable contribution to the legal literature It adopts a useful modern approach to teaching the young generation of lawyers

how to deal with the increasing internationalisation of law It is also helpful to the practising lawyer and to legislators
