Evaluation Ethics For Best Practice Cases And Commentaries:

Evaluation Ethics for Best Practice Michael Morris, 2007-09-22 Focusing on ethical challenges in program evaluation this innovative book features six case study scenarios that end at a point where the evaluator faces a significant decision about how to proceed For each case two distinguished evaluators offer insights on the best course of action to choose and why What If boxes modify the details of the scenarios inviting readers to reflect on whether these changes alter the ethical implications of the case Six additional cases are presented with questions that guide readers to develop their own ethical analyses The book is organized to follow the progress of an evaluation from the entry contracting phase through the utilization of results

Ethics for Evaluation Rob D. van den Berg, Penny Hawkins, Nicoletta Stame, 2021-12-30 In *Ethics for Evaluation* the diverse perspectives on ethical guidance in evaluation are untangled and ordered in a theoretical framework focusing on evaluations doing no harm tackling bad and doing good Divided into four parts a diverse group of subject experts present a practical look at ethics utilizing practical experience to analyze how ethics have been applied in evaluations and how new approaches can shape the future of ethics The chapters collectively create a common understanding of the potential role of ethics to infuse policy decisions and stakeholder initiatives with evaluations that provide better insight and potential solutions for problems going beyond what works to what needs to be done and what would help The methodological scope ranges from working in contexts of fragility conflict and violence to participatory and decolonized approaches including the ethical imperatives posed by global crises such as climate change inequity and exploitative international relations *Ethics for Evaluation* presents evaluators commissioners of evaluation policymakers and practitioners with inspiration for an ethical perspective on how evaluation can contribute towards solving problems It presents a solid foundation for inclusive terminology and ethics guidance that would be the heart of a global exercise in professionalization of ethical evaluation practice
