Ordinary Missionary W. Jay Moon,Pamela A. Moon,Emily G. Moon,2012-08-01 I am not like Hudson Taylor David Livingstone or William Carey The stories of these people are inspiring but they also make me question Am I really good enough to be a missionary Because I don t consider myself super spiritual like these missionary heroes seem to be Ordinary Missionary introduces world missions through the story of an ordinary family facing ordinary questions about their own insecurities and inadequacies Step into the shoes of three authors who combine their thoughts to put a face a feeling and a person to contemporary missions Join Jay husband and father as he prepares to minister among the Builsa people in Ghana West Africa Observe Pam wife and mother as she addresses the personal concerns of the family Follow Emily oldest daughter in the struggles and joys of being a missionary kid This story is not a triumphant tale of missionary heroes The real heroes show up in unlikely places when they are least expected Our steps are ordinary but the journey is beyond extraordinary These real stories will inspire you to trust your own life in the hands of our extraordinary God

The Philippine Council of Evangelical Churches Raymundo Go,2019-04-30 In this historical account Dr Raymundo Go presents the arrival and growth of evangelicalism in the Philippines from 1898 to 2000 looking in particular at the formation of the Philippine Council of Evangelical Churches PCEC and the motivating factors of the founding members Weaving together a narrative almost forgotten in the Philippines Dr Go also brings unique insights on the impact that North American events and theological debates had on the nascent Philippine church Through detailed explanation of the interaction and influence of the modernist liberal fundamental and evangelical movements in shaping Philippine Christian history this study addresses the historical reason for a lack of unity in the Philippine church Dr Go applies Paul Hiebert s theory of bounded and centred sets to the divisions between key organizations and churches in the Philippines to analyze and understand the behaviours of the influential groups involved in shaping Protestantism in the Philippines today This important work is not only needed to draw attention to the history of the church in the Philippines but it is vital in showing the need to learn from a divided past when considering the potential for future reconciliation and unity in the body of Christ

A Charitable Orthopathy John W. Morehead, Brandon C. Benziger, 2020-04-07 Evangelicals and other conservative Christians of the twenty first century face enormous challenges in the pluralistic public square not least with Muslims and atheists Contrary to biblical injunctions to keep in step with the Spirit Gal 5 25b and to love our neighbors as ourselves e g Matt 22 37 40 Luke 10 25 37 both of which involve not only behavioral but also important affective elements we often harbor deep seated antipathies toward atheists and adherents of other religions While such feelings are at times justified and help us cope with conflict related tragedies they are also often baseless misconstrued and counterproductive priming us to avoid religious others support discriminatory policies against them and even confront them in verbal or physical ways The purpose of this volume is to offer an academically informed yet practically oriented collection of essays that challenges and encourages Christians to engage their religious neighbors in a much more loving compassionate hopeful and courageous indeed orthopathic manner whether in the realm of politics in debate and conference venues on the mission field or in their own homes schools churches and neighborhoods As such a set of reflection and discussion questions is included to facilitate individual and or group study

'For Their Rock is not as Our Rock' Daniel Strange, 2015-05-08 The reality of our post Christendom post colonial post Holocaust post 9 11 multi ethnic and multicultural context has meant that more than ever Christians are acutely aware of the questions posed not simply by the existence of other religions but also by their apparent flourishing If secularization is still alive and well then seemingly so too is society's sacralization Hence the theology of religions is arguably the issue for mission in the twenty first century However there has been little evangelical theology that offers a detailed comprehensive and biblically faithful analysis that deals with not only the question of salvation but also questions of truth the nature and history of human religiosity and a host of practical issues pertaining to apologetics and contextualization In this ambitious interdisciplinary study which synthesizes close exegesis biblical theology systematics and

insights from the social sciences Daniel Strange examines the origins development and idolatry of the religious Other and explores how the gospel of Jesus Christ is its subversive fulfilment He concludes with a missiological postscript and some pastoral perspectives on the purpose of other religions in God s providence
